The Bravest of the Brave: With Peterborough in Spain George Alfred Henty,2020-09-28 He is an idle vagabond the mayor of the good town of Southampton said in high wrath a ne'er-do-well and an insolent puppy and as to you Mistress Alice if I catch you exchanging words with him again ay or nodding to him or looking as if in any way you were conscious of his presence I will put you on bread and water and will send you away for six months to the care of my sister Deborah who will I warrant me bring you to your senses The Mayor of Southampton must have been very angry indeed when he spoke in this way to his daughter Alice who in most matters had her own way Especially did it show that he was angry since he so spoke in the presence of Mistress Anthony his wife who was accustomed to have a by no means unimportant share in any decision arrived at respecting family matters She was too wise a woman however to attempt to arrest the torrent in full flood especially as it was a matter on which her husband had already shown a very unusual determination to have his own way She therefore continued to work in silence and paid no attention to the appealing glance which her daughter a girl of fourteen cast toward her But although she said nothing her husband understood in her silence an unuttered protest It is no use your taking that scamp s part Mary in this matter I am determined to have my own way and the townspeople know well that when Richard Anthony makes up his mind nothing will move him I have had no opportunity to take his part Richard his wife said quietly you have been storming without interruption since you came in five minutes ago and I have not uttered a single word But you agree with me Mary you cannot but agree with me that it is nothing short of a scandal for the daughter of the Mayor of Southampton to be talking to a penniless young rogue like that at the garden gate Alice should not have met him there Mistress Anthony said but seeing that she is only fourteen years old and the boy only sixteen and he her second cousin I do not see that the matter is so very shocking In four more years Mistress Anthony the mayor said profoundly he will be twenty and she will be eighteen So I suppose Richard I am no great head at a figure but even I can reckon that But as at present they are only fourteen and sixteen I repeat that I do not see that it matters at least not so very much Alice do you go to your room and remain there till I send for you The girl without a word rose and retired In the reign of King William the Third implicit obedience was expected of children I think Richard Mrs Anthony went on when

the door closed behind her daughter you are not acting quite with your usual wisdom in treating this matter in so serious a light and in putting ideas into the girl's head which would probably never have entered there otherwise Of course Alice is fond of Jack It is only natural that she should be seeing that he is her second cousin and that for two years they have lived together under this roof I was a fool Mistress Anthony the mayor said angrily ever to yield to your persuasions in that matter It was unfortunate of course that the boy's father the husband of your Cousin Margaret should have been turned out of his living by the Sectarians as befell thousands of other clergymen besides him It was still more unfortunate that when King Charles returned he did not get reinstated but after all that was Margaret's business and not mine and if she was fool enough to marry a pauper and he well nigh old enough to be her father well as I say it was no business of mine He was not a pauper Richard and you know it and he made enough by teaching to keep him and Margaret comfortably till he broke down and died three years ago and poor Margaret followed him to the grave a year later He was a good man in every way a good man Tut tut I am not saying he wasn't a good man I am only saying that good or bad it was no business of mine and then nothing will do but I must send for the boy and put him in my business And a nice mess he made of it an idler more careless apprentice no cloth merchant especially one who stood well with his fellow citizens and who was on the highway to becoming mayor of his native city was ever crossed with I think he was hardly as bad as that Richard I don't think you were ever quite fair to the boy Not fair Mary I am surprised at you In what way was I not quite fair I don't think you meant to be unfair Richard but you see you were a little just a little prejudiced against him from the first because instead of jumping at your offer to apprentice him to your trade he said he should like to be a sailor Quite enough to prejudice me too madam Why there are scores of sons of respectable burgesses of this town who would jump at such an offer and here this penniless boy turns up his nose at it It was foolish no doubt Richard but you see the boy had been reading the lives of admirals and navigators he was full of life and spirit and I believe his father had consented to his going to sea Full of life and spirit madam the mayor repeated more angrily than before let me tell you it is these fellows who are full of life and adventure who come to the gallows Naturally I was offended but as I had given you my word I kept to it Every man in Southampton knows that the word of Richard Anthony is as good as his bond I bound him apprentice and what comes of it My foreman Andrew Carson is knocked flat on his back in the middle of the shop

The EU Citizenship Directive: A Commentary Elspeth Guild, Steve Peers, Jonathan Tomkin, 2019-10-16

The EU Citizenship Directive defines the right of free movement for citizens of the European Economic Area It applies to EU citizens and their family members who move to another Member State This might at first seem like a straightforward definition but immediately questions arise Who determines if a person is an EU citizen at all What about dual citizens of two Member States or of one Member State and a non Member State a third State What is the position of EU citizens who move to one Member State and then return to their home Member State This book provides a comprehensive commentary of the EU's Citizens Directive tracing the evolution of the Directive's provisions placing each article in its

historical and legislative context Special emphasis is placed on highlighting the connections and interactions between the Directive s constituent provisions so as to permit a global appreciation of the system of free movement rights to which the Directive gives effect Each provision is annotated containing a detailed analysis of the case law of the Court of Justice as well as of related measures impacting upon the Directive s interpretation including European Commission reports and guidelines on the Directive s implementation This fully updated new edition includes dscussion of relevant case law since the first edition and has been expanded to include detailed discussion of rights of EU and UK citizens after Brexit in the withdrawal agreement

Sun and Shadow in Spain Maud Howe Elliott,1908 **The Circulation of Penicillin in Spain** María Jesús Santesmases,2017-12-18 This book reconstructs the early circulation of penicillin in Spain a country exhausted by civil war 1936 1939 and oppressed by Franco s dictatorship Embedded in the post war recovery penicillin s voyages through time and across geographies professional political and social were both material and symbolic This powerful antimicrobial captivated the imagination of the general public medical practice science and industry creating high expectations among patients who at times experienced little or no effect Penicillin s lack of efficacy against some microbes fueled the search for new wonder drugs and sustained a decades long research agenda built on the post war concept of development through scientific and technological achievements This historical reconstruction of the social life of penicillin between the 1940s and 1980s through the dictatorship to democratic transition explores political public medical experimental and gender issues and the rise of antibiotic resistance

Bradshaw's illustrated hand-book to Spain and Portugal Richard Stephen Charnock,1897 **Expedition of Sir John Norris and Sir Francis Drake to Spain and Portugal, 1589** R.B. Wernham,2020-11-25 Actions against the Spanish Armada and campaigns in the Netherlands left the Queen s coffers empty For this reason proposals to capture the Spanish treasure fleet were given royal support The treasure fleet homeward bound from the Americas would be intercepted in the Azores A diversion at Santander to damage the Spanish fleet would prevent protection of the treasure fleet and more

importantly prevent further actions against England or Ireland However the project was diverted further with backers wanting to re instate Don Antonio as King of Portugal with ideas of gaining lucrative Portuguese trade rights At sea a further diversion was taken with news of shipping at Corunna and the prospect of capturing merchantmen Profit was already challenging strategy This diversion gave their enemies more time to prepare The failure at Lisbon was partly from a lack of co ordination between the navy and army but also from the lack of promised support from Don Antonio s supporters The decision to sail for the Azores to intercept the Spanish treasure fleet was at last made only for Drake to be driven back to England by a storm Short of supplies and with sick crews the ships were in no condition to continue with the Queen s demands so there was no great treasure and the Spanish fleet was still in being The sale of prizes and their contents failed to cover the cost of the expedition and so the expedition was considered a financial and strategic failure
