**Lycra, Lattes and the Long Way Round** Mark Krieger, 2011-11-11 As I drew closer to the town of Pont de Vaux I found myself thinking of some of the places I'd passed through There were so many tiny hamlets villages and larger towns some vibrant and fine looking others lifeless run down and in dire need of repair Then there were of course the countless

numbers of French people who had helped me piece together the jigsaw of roads along my way The places I was riding through weren't quite the same but there was that unmistakable pungent smell of agriculture in the air and the sight of fat cows chomping lazily on mouthfuls of grass It was vastly different from the Hautes Alps and the bustling stretch of Mediterranean coast but full of its own charm and character nonetheless Beginning with the idea of tackling some of Europe's most formidable mountains on his road bike Mark Krieger along with his wife Roz started his journey around France from the medieval town of Langres and instantly fell in love with the country Known for its history culture fine cuisine and above all its cycling it became the perfect setting for a Tour of a lifetime

*Yonggom Wambon, a Dumut language of West Papua* Wilco van den Heuvel, 2025-02-27 In this book the author Wilco van den Heuvel intends to make Drabbe's 1959 description of Yonggom Wambon available to a wider scientific public. As such the book is in line with an earlier reanalysis by the same author of Drabbe's description of Aghu 1957 which was published in 2016. In only 45 pages Drabbe managed to present an incredible amount of Yonggom Wambon language data. The current work takes over 400 pages for their re-representation and reanalysis and includes a 500 item wordlist that Drabbe had written a few years earlier. This book attempts both to increase our understanding of the peculiarities of this individual language and to contribute to our understanding of the past and present of this still very under documented part of our globe. An area where as Drabbe foresaw minority languages are disappearing giving way to a common national language. The author expresses his gratefulness to Drabbe for having unravelled some of the complexities of the languages in this area which in Drabbe's words form an eldorado for the practitioners of general linguistics a labyrinth without escape for missionaries and in the author's words offer a unique and highly valuable perspective on specific communities in a specific space and time
