Longing Ring:

The Longing Ring Chris Kubasik, 1993 **On Longing** Susan Stewart, 1993 An analysis of the ways in which everyday objects are narrated to animate or realize certain versions of the world Longing for More Blake S. Hart, 2025-06-25 Why do people long for more Why in an age of progress and endless possibilities do so many feel restless fragmented and unfulfilled Longing for More Man's Quest for Meaning and the Hope of Christ explores humanity's enduring search for purpose in a world increasingly marked by disillusionment Blake S Hart masterfully weaves intellectual history philosophy and theology to trace the unraveling of meaning in modernity from the optimism of scientific progress to the existential despair of postmodernism and New Atheism Through the insights of profound thinkers like Dostoevsky Eliot and Frankl readers will grapple with life's deepest questions Voices of restoration such as Chesterton Lewis and Tolkien illuminate the way forward revealing how beauty imagination and faith rekindle meaning in an age of doubt This book is a call to reclaim purpose through faith community and the Christian narrative With practical wisdom and inspiring clarity Longing for More invites readers to rediscover the joy and hope found in Christ equipping them to live as restorers in a world longing for meaning It is an invitation to the greatest journey of all **The Five Longings** David Richo, 2017-04-18 How identifying what you want can reveal deep truths about yourself and how working with those longings can lead to a happier more satisfying life If you've ever had a vague sense that something's missing from your life congratulations that longing for something better is a sign of being fully human fully alive But what's even more wonderful according to Dave Richo is that when you identify and carefully examine the things you long for like love meaning freedom happiness and growth you not only discover deep truths about yourself but you also find that the things you long for were never really missing at all Richo provides enlightening advice and practices for accessing just this kind of profound self discovery illustrated by a wealth of examples from depth psychology religion and literature Our longings in fact point to the presence of something transcendent in us he shows In seeking something better we are seeking that which we already are David Richo does a brilliant job unpacking the unhealthy versions of ego that confine us Through psychological and Buddhist wisdom teachings and a range of powerful practices and meditations we are guided beyond the identity of separate self to the loving awareness that is our deepest essence Tara Brach PhD author of Radical Acceptance and True Refuge *Diccionario tecnológico inglés-español y español-inglés de los términos y frases usados en las ciencias aplicadas* Néstor Ponce de León, 1904 *The Longing for Myth in Germany* George S. Williamson, 2004-07 Since the dawn of Romanticism artists and intellectuals in Germany have maintained an abiding interest in the gods and myths of antiquity while calling for a new mythology suitable to the modern age In this study George S Williamson examines the factors that gave rise to this distinct and profound longing for myth In doing so he demonstrates the entanglement of aesthetic and philosophical ambitions in Germany with some of the major religious conflicts of the nineteenth century Through readings of key intellectuals ranging from Herder and Schelling to

Wagner and Nietzsche Williamson highlights three crucial factors in the emergence of the German engagement with myth the tradition of Philhellenist neohumanism a critique of contemporary aesthetic and public life as dominated by private interests and a rejection of the Bible by many Protestant scholars as the product of a foreign Oriental culture According to Williamson the discourse on myth in Germany remained bound up with problems of Protestant theology and confessional conflict through the nineteenth century and beyond A compelling adventure in intellectual history this study uncovers the foundations of Germany's fascination with myth and its enduring cultural legacy **A Guide to Middle Earth** Colin Duriez, 2004-12-09 This absorbing insight into the mind behind Middle earth will introduce or remind readers of the abundance that exists in Tolkien's thought and imagination Interweaving sections explore The Lord of the Rings and its history the key themes concepts and images in Tolkien's work the people and places in his life and his other writings At the heart of the book is an indispensable A Z of middle earth with detailed entries on Beings Places Things and Events The Works of Virgil Publio Virgilio Marón, John Dryden, 18?? *The Works of Virgil* Vergilius Maro, 1840 **The Works of Virgil** Virgil, 1831 **Wagner's Tristan and Isolde** Burton D. Fisher, 2002-06-01 *Take a selfie of your Self to boost your mental health*. Ronny Verlet, 2018-03-30 On the brink of a burn out Take a selfie with this book One in five people are on antidepressants or have professional mental supervision Not even half feel any improvement Take your life back

Technologisches Wörterbuch der deutschen, französischen und englischen Sprache J. A. Beil, 1855 *The Christian Mind of C. S. Lewis* Andrew J. Spencer, 2019-12-05 C S Lewis embodied the Christian mind because he saw the world as a coherent unity His writing consistently pursued the good the true and the beautiful He used nonfiction to point out the reasonableness of Christianity and used his fiction to create compelling illustrations that make faith in Christ an obvious and attractive conclusion This book explores the Christian mind of C S Lewis across the spectrum of the genres he worked in With contributors from diverse disciplines and interests the volume illuminates the many facets of Lewis's work The Christian Mind of C S Lewis assists readers to read Lewis better and also to read other works better The overarching goal is just as Lewis would have desired to help people see Christ more clearly in the world and to be more like Christ **Philosophy, Music and Emotion** Geoffrey Madell, 2019-08-05 Philosophy Music and Emotion explores two issues which have been intensively debated in contemporary philosophy the nature of music's power to express emotion and the nature of emotion itself It shows how closely the two topics are related and provides a radically new account of what it means to say that music expresses emotion Geoffrey Madell maintains that most current accounts of musical expressiveness are fundamentally misguided He attributes this fact to the influence of a famous argument of the nineteenth century critic Hanslick and also to the dominant cognitivist approach to the nature of emotion which sees the essence of emotion to be the entertaining of evaluative judgements and beliefs of a certain sort an account very much in accord with Hanslick's position Such an approach results either in the unpersuasive view that musical expressiveness is somehow akin to human expressive gesture

or in the view that music arouses feelings which have no specific object and unavoidably no necessary connection with the music The book argues that the cognitivist account of the nature of emotion is quite false and that it needs to be replaced with a conception of emotions as states of feeling towards states of intentional feeling whose objects are often evaluatively characterised states of affairs however in the context of the emotions that are aroused by music these objects are always musical events or states Central to this bold analysis of emotion is a new account of two closely connected mental states those of desire and of pleasure and of what role these states have in human motivation and value Do You Think I'm Beautiful? Angela Thomas,2005-04-03 This book is for women who know perhaps only deep in their heart that they need an answer to the question Do you think I m beautiful Readers will come to understand that the question is uniquely feminine placed there by the Creator to woo them to Himself Along the way women will learn about the distractions that can keep them from the One who calls them beautiful what it takes to return to His embrace and what delights await them there Angela s skillful moving writing style is peppered with warm and funny stories from her own life that readers will immediately identify with And the practical Bible teaching Angela offers will help readers bridge the gulf between the life a woman longs for and the life she actually has The Longing for a Form Peter J. Schakel,2008-06-02 C S Lewis s extremely popular works of fiction have been widely discussed in terms of the ideas and religious themes they express and defend but less often in terms of their purely literary qualities Ironically Lewis himself a noted literary critic would have objected to any such one sided analysis of his works To concentrate exclusively or even primarily on the content of a work without a consideration of its form and style was in his view a seriously unbalanced method of criticism The Longing for a Form corrects this critical imbalance by supplying a theoretical background and detailed close readings for a better understanding and appreciation of Lewis s fiction as works of art Following three general studies a section of the book is devoted to each to Lewis s major efforts in fiction the Ransom trilogy the Chronicles of Narnia and Till We Have Faces considering the distinctive literary features of each group and individual books within the group Running through the book is an emphasis on form as literary kind and as structure and a recurrent attention to three themes of particular importance in Lewis as a writer of fiction objectivism longing and the literary artist as creator Individually the essays supply fresh insights into the style and meaning of specific works by Lewis as a group they illustrate a depth technical skill and unity of thought and theme which have not previously been accorded Lewis as an artist in fiction *Dictionary of the French and English Languages* Ferdinand E. A. Gasc,1876 **Encyclopedia of Practical Quotations** Jehiel Keeler Hoyt,1909 **The Cyclopedia of Practical Quotations** Jehiel Keeler Hoyt,1896
