Two Worlds Berlinda Ivin, 2010-03-18 There aren't too many humans who go through their daily lives aware that there are two worlds here the human existence and the Demons Demons are everywhere some even live amongst humans There are only two species that are made Vampire and Lamiahaem the others Jorgenhan Changelings Sirens Casanovas Witches and Warlocks are born or hatched and they have normal life cycles Magic plays a big part in our world there are many humans who find that they can make things happen without being able to explain these happenings the ones that are strong are generally found and recruited into our world by the Guard We had visited with many of these Witches and Warlocks One family in particular always stood out the Howard family Their magic was powerful nothing had ever measured up to them in all of my years The matriarch of the family decided not to join us she stayed in the human world Her granddaughters though we would watch from a distance The Guard are soldiers for the Elders There are seven Elders in each sector and there are three sectors that keep the world covered The reason there are seven is to ensure that all main Demons are represented It is very rare that they ever get together it has only happened once in my lifetime and that was in the very beginning when they first came to be The Elders are our law they are the ones who stop all unnecessary murders slaughter being done to humans by our kind They keep harmony There is only one punishment imprisonment followed by death In our sector the lead Elder is my maker my father Elder Thomas Carter he is a Lamiahaem Lamiahaem are very passionate Demons if we were not part of the Guard we would be living peacefully in our large family groups Our species are not naturally aggressive we have had to learn to adapt to a violent world We are made and we make our partners

these are always humans that have magical gifts When we meet that partner it is for life this is natural for us It is hard to explain the magnetic pull that you have when you first meet your mate this love is also experienced by the human There is only one mate for you if that is denied you will recover and eventually meet another but it can take some time I have been Lamiahaem since 1554 my name is Simon My father Thomas Carter lost his mate in a fight with vampire before he made me He still cannot explain why he felt the need to change me only to say that he noticed my gift of being able to feel illness and injuries and to know how to heal Father believed that I would be useful to his world We were in Newcastle in 1635 I was with the Guard There were Renegade Vampire feeding off humans that had the plague it appeared their affected blood was something like a drug to them Even though these humans were going to die we were still there to stop them from being slaughtered That was when I seen the woman who would later become my wife Julie she had shoulder length light brown hair and sad brown eyes the feelings I had were instant Her eyes haunted me every second from the moment I seen her It wasnt just sexual desire it was a desire to look after her to be there for her to never leave her There were obstacles that I had to overcome but in 1637 I made her my wife After she was changed we discovered that Julie could sense feelings My life now had purpose she was everything and she felt the same for me Together we worked at healing both Demons and Humans Normally that is where it would stop we change our mate but Julie and I were different In 1665 the plague had hit London The Vampire returned and so did the Guard Julie had noticed a young man who was angry lonely and deeply upset with himself His family became ill with the plague Julie and I nursed them until their eventual deaths The young man Jonathon became more emotional and was on a path of self destruction he had an ability that he

I can sail it when we get to the dock Now avast there and belay messmates cried Bunker Blue with a laugh using some more of the kind of talk he heard among the sailors that came to Mr Brown s dock with boats of fish Wait a minute I didn t say I had come to give you a ride in the ark I just came to get it But you will let us ride won t you Bunker asked Bunny smiling at the tall boy Cause we ll sit just as still as anything added Sue And I won t touch the steering wheel not once promised Bunny I guess you d better not not after you once got almost run away with in the big ark said Bunker I should say not Oh please let us come with you begged Sue We want awful much to ride in the ark Bunker While the two children were talking to the tall boy another little girl had crawled under the fence from the street and was now standing near Bunny and his sister She was Sadie West one of Sue s chums and when she heard Bunny s sister begging for a ride in the ark Sadie said Oh Sue is he going to take your Noah s ark away I wouldn t let him if I were you It isn t Noah s ark at all Sue explained We call the big automobile that we had such a long ride in the ark It looks a little like a Noah s ark but it s bigger and we can all get in it she added Oh exclaimed Sadie I thought Bunker meant he was going to take your little ark and all the wooden animals away she added Not this time said Bunker Blue Your father sent me up Bunny to get the big auto the ark as you call it It s got to be fixed and I m to drive it to the shop over at East Milford That s why I came up Where s your mother I want to tell her I m taking away the ark so she won t think some tramps or some gypsies have run off with it I ll call her Sue said while Bunny kept on brushing the tiny whittlings from his jacket and short trousers And there was a queer look on the face of Bunny

What We Have Lost Robert Lee, When the hen lays her eggs the shells are soft and pliable forming their durable armour as they experience the outside world Each of us enters the world with similarly flawed and weak shells Our shells are not broken and cracked by life but are formed of the fragments that we encounter piece by piece growing more complete with each experience What We Have Lost is a series of disconnected but closely related anecdotes in the lives of a family shaped by

extreme poverty These individual narratives chronicle the slow sculpting of the characters as they fuse with their world enveloped in mental illness Molded by their mother s paranoia social isolation and obsessive drive to instill the hunger for learning and sense of duty to others the four siblings evolve in unique and often pathological ways Not knowing or understanding the bonds of familial love Garry Judy Rob and Roger need to discover their own path to personal peace None may make it What We Have Lost exposes the cruelty of poverty It opens up the heart of that world in surprising and convoluted ways The pathos is clear the hidden pleasures need unearthing What We Have Lost is a collection of anecdotes but as you read you will find that they are far from disconnected after all

Just a Bit Touched Roy Holland,2000-12 The title for this volume was suggested by a remark of the narrator in the opening paragraph of the first story The Arcadian They re just a bit touched bonkers like While the characters might appear a bit touched each tale is touched by its own perspective since each reflects the point of view of its unique narrator So often the England of the Thirties or Forties is seen through the eyes of a child so that Dickens like the foibles and characteristics of the adult world appear larger than life These early stories are interesting too for the historical perspective they give us of an Andy Capp industrial society long since gone There are other stories written from the perspective of the Fifties the two stories dealing with motor cars The Efelant and Egging on add a more amusing perspective of a time when petrol was dear and neighbours more than a bit touched by curiosity The stories written in Africa with its latent social change Victims for instance add a more violent perspective though hilarity is introduced by the expatriot in It Was A Very Sad Case who seems more than a bit touched by his paranoia The author has written a quartette of stories the other three titles of the quartette being News from Parched Mountain Tales from the Karoo in the new South Africa Flakes of Dark and Light Tales From Southern Africa and Elsewhere and Pivot of Violence Tales from the new South Africa All make a very vivid and lasting impression
