Looking At Religion Jewish:

An Evolutionist Looks at Religion Charles Augustus Collin, 1928 *Masculinity and the Making of American Judaism* Sarah Imhoff, 2017-03-13 An examination of how early twentieth century American Jewish men experienced manhood and presented their masculinity to others How did American Jewish men experience manhood and how did they present their masculinity to others In this distinctive book Sarah Imhoff shows that the project of shaping American Jewish manhood was not just one of assimilation or exclusion Jewish manhood was neither a mirror of normative American manhood nor its negative effeminate opposite Imhoff demonstrates how early twentieth century Jews constructed a gentler less aggressive manhood drawn partly from the American pioneer spirit and immigration experience but also from Hollywood and the YMCA which required intense cultivation of a muscled male physique She contends that these models helped Jews articulate the value of an acculturated American Judaism Tapping into a rich historical literature to reveal how Jews looked at masculinity differently than Protestants or other religious groups Imhoff illuminates the particular experience of American Jewish men There is so much literature and very good scholarship on Judaism and gender but the majority of that literature reflects an interest in women A hearty thank you to Sarah Imhoff for writing the other half of the story and for doing it so elegantly Claire Elise Katz author of *Levinas and the Crisis of Humanism* Invariably lucid and engaging Sarah Imhoff provides a secure foundation for how religion shaped American masculinity and how masculinity shaped American Judaism in the early twentieth century Judith Gerson author of *By Thanksgiving We Were Americans* German Jewish Refugees and Holocaust Memory Jews, Myth and History Alan Silver, 2008 *Jews Myth and History* takes a fresh wide ranging and critical look at the origins beliefs and practices of Judaism **How to Woo a Jew** Tamar Caspi, 2014-01-28 Have you been single longer than the Jews wandered the desert Or are you newly single and hoping to hook up with a hot MOT Member of the Tribe Either way Tamar Caspi is on a mission to help you find your Chosen One and who better to do that than the advice columnist from the massively popular dating site JDate com In *How to Woo a Jew* your very own Jewish Carrie Bradshaw takes you through each facet of the dating world from traditional Jewish matchmaking and mixers to modern online dating portals from honing your Jewdar to kosher sex Whatever mishegas you've made of your love life Caspi has words of wisdom and a few enlightening quizzes charts and illustrations to help you find your Jewish soul mate Judaism and the World's Religions David Bamberger, 1987 Basic facts about the major religions of the world are given with special emphasis on comparisons with Judaism *Religions Around the World* Encyclopaedia Britannica, Inc., 2012-04-01 Updated for 2012 and part of the Britannica Learning Library Series in *Religions Around the World* you will learn about the people traditions and diverse ideas that make up the many religions of the world **A Prophetic Look at Ethiopian Jews from a Nubian Perspective:** Queen of Sheba, 2014-10-03 This book is intriguing and will incite curiosity in the reader to explore the myths and facts as they pertain to this Holy relic Where is the Ark of the Covenant and why has it been such a controversial icon for generations

Who was in possession of the Ark of the Covenant and what impact has it had on nations This Ark for so many represented the presence purpose and power of God Were the possessors of the Ark favored by God If so how do we reconcile this with the sufferings that the Ethiopians have had to endure For they say they have the Ark and continue to nurture and preserve it in the Mary of Zion Sanctuary in Axum These questions have been thoroughly addressed by the author and will hopefully leave the reader with a newfound respect for the Ethiopian Jews Jewish Wisdom, a Modern Look Asher

Elkayam,2018-07-20 This is a fiction book about biblical icons who come back to earth in order to listen to and judge their supporters Jesus comes back and faces Moses and Aaron For Christians Jesus is the symbol of purity and deity For Jews Moses is the prophet who produced the laws for all humanity Moses is considered in the book of Genesis to be the humblest of all men While Moses Jesus Paul and Aaron are having a serious talk a heated debate is taking place here on earth among Bible lovers and objective scholars Community leaders organize conferences in several towns around the country and invite spiritual leaders scientists and anthropologists to discuss the concept of creation versus evolution In the fictive world of our biblical icons more and more historic figures appear and join the circle of discussion and debate about the original biblical laws and how some laws have been changed throughout history It is being exciting Back on earth a friendly but frank dialogue on the Judeo Christian relations takes place Rabbis men of church and scientists vent their opinions about the sour and happy moments which took place during the last 2 000 years between Jews and Christians Efforts are made between both parties to clear several myths which separated the two camps throughout history While the above is taking place Moses Jesus and the others are invisible to the audience The readers of this project are led to realize that after a painful and historic confrontation between our biblical icons a somewhat positive and constructive bridge has been formed Their mutual understanding is based on the biblical commandments which are accepted by both religions Several doubts have been cleared The multiple conferences between humans ended up establishing a long list of findings thus enabling a constructive rapprochement between both religions It was concluded that despite some differences both religions could live comfortably with each other within mutual respect and mutual tolerance **Embracing Judaism** Debra Gonsher-Vinik,Debra Ann

Gonsher,1999 To find more information on Rowman Littlefield titles please visit us at www.rowmanlittlefield.com **Soul Searching : The Religious and Spiritual Lives of American Teenagers** Christian Smith Dr William R Kenan Jr Professor of Sociology University of Notre Dame,Candidate University of North Carolina Melina Lundquist Denton Ph.D, Chapel Hill USA,2005-01-25 In innumerable discussions and activities dedicated to better understanding and helping teenagers one aspect of teenage life is curiously overlooked Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents But many teenagers are very involved in religion Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly 60% say that religious faith is important in their lives 40% report that they pray daily 25% say that they have been born again Teenagers feel good about the congregations

they belong to Some say that faith provides them with guidance and resources for knowing how to live well What is going on in the religious and spiritual lives of American teenagers What do they actually believe What religious practices do they engage in Do they expect to remain loyal to the faith of their parents Or are they abandoning traditional religious institutions in search of a new more authentic spirituality This book attempts to answer these and related questions as definitively as possible It reports the findings of The National Study of Youth and Religion the largest and most detailed such study ever undertaken The NYSR conducted a nationwide telephone survey of teens and significant caregivers as well as nearly 300 in depth face to face interviews with a sample of the population that was surveyed The results show that religion and spirituality are indeed very significant in the lives of many American teenagers Among many other discoveries they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought They refute the conventional wisdom that teens are spiritual but not religious And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes This eagerly awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but because teenagers serve as bellwethers for possible future trends it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole

Funny, You Don't Look Funny Jennifer Caplan, 2023-03-01

The Place of Judaism in the Religions of the World Claude Goldsmid Montefiore, 1916

Contemporary American Judaism Dana Evan Kaplan, 2011 No longer controlled by a handful of institutional leaders based in remote headquarters and rabbinical seminaries American Judaism is

being transformed by the spiritual decisions of tens of thousands of Jews living all over the United States A pulpit rabbi and himself an American Jew Dana Evan Kaplan follows this religious individualism from its postwar suburban roots to the hippie revolution of the 1960s and the multiple postmodern identities of today From Hebrew tattooing to Jewish Buddhist meditation Kaplan describes the remaking of historical tradition in ways that channel multiple ethnic and national identities While pessimists worry about the vanishing American Jew Kaplan focuses on creative responses to contemporary spiritual trends that have made a Jewish religious renaissance possible He believes that the reorientation of American Judaism has been a bottom up process resisted by elites who have reluctantly responded to the demands of the spiritual marketplace The American Jewish denominational structure is therefore weakening at the same time that religious experimentation is rising leading to the innovative approaches supplanting existing institutions The result is an exciting transformation of what it means to be a religious American Jew in the twenty first century

Judaism and Other Religions Alan Brill, 2010-04-14 With insight and scholarship Alan Brill crisply outlines the traditional Jewish approaches to other religions for an age of globalization He provides a fresh perspective on Biblical and Rabbinic texts offering new ways of thinking about other faiths In the majority of volume he develops the categories of theology of religions for Jewish text and arranges the texts according classification widely used in interfaith work inclusivist exclusivist universalist and pluralist Judaism and Other Religions is essential for a Jewish theological understanding of the various issues in encounters with other religions With passion and clarity Brill argues that in today s world of strong religious passions and intolerance it is necessary to go beyond secular tolerance toward moderate and mediating religious positions

Youth in Europe: An international empirical study about the impact of religion on life orientation Hans-Georg Ziebertz, William K. Kay, 2005 This book draws upon empirical data collected from 10 000 adolescent young people in 10 European countries The first volume of this project was about young people s life perspectives and the second about their religious attitudes and practices The current and final volume of this cross cultural study connects both research dimensions The analyses make clear that the influence of religion on values life orientation and politics differs strongly between different groups within Christianity and between Christians Jews and Muslims Many findings contain obvious surprises because they refute mainstream opinion on many topics The book gives detailed and new insights in the public relevance of the religiosity of young people across Europe All three volumes together are indispensable for scholars who work in public religious and educational contexts

A History of Muslims, Christians, and Jews in the Middle East Heather J. Sharkey, 2017-04-03 Across centuries the Islamic Middle East hosted large populations of Christians and Jews in addition to Muslims Today this diversity is mostly absent In this book Heather J Sharkey examines the history that Muslims Christians and Jews once shared against the shifting backdrop of state policies Focusing on the Ottoman Middle East before World War I Sharkey offers a vivid and lively analysis of everyday social contacts dress music food bathing and more as they brought people together or pushed them apart Historically Islamic traditions of

statecraft and law which the Ottoman Empire maintained and adapted treated Christians and Jews as protected subordinates to Muslims while prescribing limits to social mixing Sharkey shows how amid the pivotal changes of the modern era efforts to simultaneously preserve and dismantle these hierarchies heightened tensions along religious lines and set the stage for the twentieth century Middle East **Looking on Jesus** Madame Cecilia,1912 **Major World Religions** Lloyd Ridgeon,2003-12-08 This book focuses upon those religions that continue to demand the attention of the Western world **Looking At Gay & Lesbian Life** Diane Raymond,1993-06-30 Discusses gender roles human sexuality prejudice discrimination lesbian and gay politics AIDS gay culture and the homosexual in literature
