## Looking For Mies:

**Looking for Mies** Ricardo Daza, 2008 A short and compelling text Looking for Mies aims to reveal the man behind the architecture The now famous photograph of Mies van der Rohe in a steel and glass building smoking a cigar has fascinated and intrigued the author to such an extent that he has painstakingly researched the events surrounding its taking *Our Times, Our Lives* Eve Otto, Jozef Otto, 2004-11 Eve Otto explains When I began writing this book I had in the back of my mind that those who are young now might someday be interested in what life was like when their grandparents were growing up how life changed drastically with the coming of World War II in Europe and the turbulent years that followed the traumas of our emigration to America with our three young children and the difficult adjustments we had to make My book then is sort of a legacy to them *Sex and Buildings* Richard J. Williams, 2013-07-15 Massive modern skyscrapers obelisks towers all are structures that thanks to their phallic shape are often associated with sex But other buildings are more subtly connected as they provide the frameworks for our sexual lives and act as reminders of our sexual memories This relationship between sex and buildings mattered more than ever in the United States and Europe during the turbulent twentieth century when a culture of unprecedented sexual frankness and tolerance emerged and came to dominate many aspects of public life Part architectural history part cultural history and part travelogue *Sex and Buildings* explores how progressive sexual attitudes manifest themselves in architecture asking what progressive sexuality might look like architecturally and exploring the successes and failures of buildings attempts to reflect it In search of structures that reflect the sexual mores of their inhabitants Richard J Williams visits modernist buildings in Southern California the Westin Bonaventure Hotel the Playboy Mansion in Chicago the Seagram in New York communes from the 1960s and more A fascinating and often funny look at a period of extraordinary social change coupled with aesthetic invention *Sex and Buildings* will change the way we look at the buildings around us **California Modern** Neil Jackson, 2002 In the 1950s a series of dramatic open and elegant homes made him a media star and interest in the work of his atelier has only increased over time **The Third Coast** Thomas L. Dyja, 2014-03-25 Winner of the Chicago Tribune s 2013 Heartland Prize A critically acclaimed history of Chicago at mid century featuring many of the incredible personalities that shaped American culture Before air travel overtook trains nearly every coast to coast journey included a stop in Chicago and this flow of people and commodities made it the crucible for American culture and innovation In luminous prose Chicago native Thomas Dyja re creates the story of the city in its postwar prime and explains its profound impact on modern America from Chess Records to Playboy McDonald s to the University of Chicago Populated with an incredible cast of characters including Mahalia Jackson Muddy Waters Howlin Wolf Chuck Berry Sun Ra Simone de Beauvoir Nelson Algren Gwendolyn Brooks Studs Turkel and Mayor Richard J Daley *The Third Coast* recalls the prominence of the Windy City in all its grandeur **Scandalous** Minerva Spencer, 2019-09-24 Have you no decency Straight laced missionary Sarah Fisher has never met a man like Captain Martin Bouchard He is the most beautiful

person male or female she's ever seen Overwhelmingly masculine elegantly attired despite months at sea he is in complete command of everyone and everything around him everyone that is except Sarah But that's about to change because Sarah has bought Bouchard's mercy with the only thing she has to sell her body None at all In spite of her outrageous offer Martin has no doubt Sarah is a virgin and a most delectable one at that But instead of bedding her he finds himself staring down the muzzle of his own pistol Clearly the longer she stays on his ship the greater the chances that she'll end up its damned captain Most infuriating of all she looks past his perfect exterior to the wounded man inside Can Martin outrun his scandalous past in time to have a future with the first woman to find and capture his heart Praise for The Outcasts series Fans of Amanda Quick's early historicals will find much to savor Booklist Starred Review Wicked repartee savvy wit and energetic libidos Publishers Weekly A remarkably resourceful heroine who can more than hold her own against any character invented by bestselling Bertrice Small deliciously fun retro flavor Booklist Starred Review Sexy and wildly entertaining Bookpage Spencer shines an author to watch Kirkus Reviews

Louis Kahn John Lobell, 2020-06-30 For everyone interested in the enduring appeal of Louis Kahn, this book demonstrates that a close look at how Kahn put his buildings together will reveal a deeply felt philosophy. Louis I. Kahn is one of the most influential and poetic architects of the twentieth century, a figure whose appeal extends beyond the realm of specialists. In this book, noted Kahn expert John Lobell explores how Kahn's focus on structure, respect for materials, clarity of program, and reverence for details come together to manifest an overall philosophy. Kahn's work clearly conveys a kind of transcendent rootedness, a rootedness in the fundamentals of architecture that also asks soaring questions about our experience of light and space and even how we fit into the world. In *Louis Kahn Architecture as Philosophy*, John Lobell seeks to reveal how Kahn's buildings speak to grand humanistic concerns. Through examinations of five of Kahn's great buildings—the Richards Medical Research Building in Philadelphia, the Salk Institute for Biological Studies in La Jolla, the Phillips Exeter Academy Library in New Hampshire, the Kimbell Art Museum in Fort Worth, and the Yale Center for British Art in New Haven—Lobell presents a clear but detailed look at how the way these buildings are put together presents Kahn's philosophy, including how Kahn wishes us to experience them. An architecture book that touches on topics that addresses the universal human interests of consciousness and creativity, *Louis Kahn Architecture as Philosophy* helps us understand our place and the nature of well-being in the built environment. *The Look of Architecture* Witold Rybczynski, 2001 A bestselling author offers a highly entertaining and insightful look at the meaning and importance of style to architecture. This is a book brimming with sharp observations as it shows the connection between architecture, interior decoration, and fashion. 10 line illustrations.

*The Bauhaus Group* Nicholas Fox Weber, 2009-10-27 Nicholas Fox Weber for thirty-three years head of the Albers Foundation, spent many years with Anni and Josef Albers, the only husband and wife artistic pair at the Bauhaus. She was a textile artist; he a professor and an artist in glass, metal, wood, and photography. The Alberses told him their own stories and described life at the Bauhaus with their fellow artists and teachers: Walter Gropius, Paul Klee, Wassily Kandinsky, Ludwig Mies van der Rohe, as well as these figures' lesser-known wives and girlfriends. In this extraordinary group biography, Weber brilliantly brings to life the Bauhaus geniuses and the community of the pioneering art school in Germany's Weimar and Dessau in the 1920s and early 1930s. Here are Walter Gropius, founder of the Bauhaus, the architect who streamlined design early in his career and who saw the school as a place for designers to collaborate in an ideal setting; a dashing hussar, the ardent young lover of the renowned femme fatale Alma Mahler, beginning when she was the wife of composer Gustav Mahler; Paul Klee, the onlooker smoking his pipe, observing Bauhaus dances as well as his colleagues' lectures from the back of the room; the cook who invented recipes and threw together his limited ingredients with

the same spontaneity sense of proportion and fascination that underscored his paintings Wassily Kandinsky the Russian born pioneer of abstract painting guarding a secret tragedy one could never have guessed from his lively paintings in which he used bold colors not just for their visual vibrancy but for their sound effects Josef Albers who entered the Bauhaus as a student in 1920 and was one of the seven remaining faculty members when the school was closed by the Gestapo in 1933 Annelise Else Frieda Fleischmann a Berlin heiress an intrepid young woman who later as Anni Albers made art the focal point of her existence Ludwig Mies van der Rohe imperious decisive often harsh an architect who became director the last of the Bauhaus and the person who guided the school's final days after SS storm troopers raided the premises Weber captures the life spirit and flair with which these geniuses lived as well as their consuming goal of making art and architecture A portrait infused with their fulsome embrace of life their gift for laughter and the powerful force of their individual artistic personalities
