Loose Women Lecherous Men:

Loose Women, Lecherous Men Linda LeMoncheck, 1997-10-09 Linda LeMoncheck introduces a new way of thinking and talking about women's sexual pleasures preferences and desires Using the tools of contemporary analytic philosophy she discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women's sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women's sexuality across a broad political spectrum She argues that in order to capture the diversity and complexity of women's sexual experience women's sexuality must be examined from two equally compelling perspectives that of women's sexual oppression under conditions of individual and institutional male dominance and that of women's sexual liberation both in terms of each woman's pursuit of sexual agency and self definition and in terms of women's sexual liberation as a class *Loose Women Lecherous Men* sheds crucial new light on such much debated topics as promiscuity adultery sexual deviance prostitution pornography sexual harassment and sexual violence against women Her book supports a dialogue that encourages both women and men to take up a feminist perspective in exploring the meaning and value of sexuality in their lives *Loose Women, Lecherous Men* Linda LeMoncheck, 1997

The Sex Goddess in American Film, 1930-1965 Jessica Hope Jordan, 2009 In the first critical study of the sex goddess in film Jessica Hope Jordan illustrates how Jean Harlow uses her sexualized body to affect and seduce viewers away from any primary identification with those characters and their plotlines that are supposed to lead the film to identifying instead with the kind of sexual empowerment and self possession her characters consistently display Linking the idea of sexual empowerment to the filmic and public celebration of hyper feminine sexuality the book additionally covers previous feminist discussions of Mae West's performances as feminist camp to argue that West sought to both celebrate and embody for women viewers what she viewed as cultural ideals of femininity and women's sexuality With Lana Turner and the cinematic code the book considers the many problems inherent in both the filmic and public celebration of hyper feminine sexuality in relation to censorship and considers the effects of the Hays Code on hyper feminine sexuality as depicted in film noir The book also importantly presents the first critical discussion of the

actress Jayne Mansfield suggesting that her 1950s open acceptance celebration and public promotion of her feminine sexuality both onscreen and off makes her not only a precursor of the more sexually liberated 60s but also like the other actresses discussed here a kind of prescient performance artist even theorist of feminine sexuality in particular and cultural ideas about sexuality more generally Beyond recouping her image as feminist the book demonstrates how the kind of desire aroused by the sex goddess a desire which remains endlessly suspended works as a supreme example of the aesthetic apparatus of cinema itself Book Jacket East Asian Sexualities Stevi Jackson, Jieyu Liu, Juhyun Woo, 2013-07-18 This book paints a vivid picture of women's active involvement in reshaping intimate and public sexual life in East Asia In bringing together exciting new feminist research on sexuality from East Asia and making it available to a wider audience *East Asian Sexualities* unsettles stereotypes rectifies lack of awareness and demonstrates that East Asia matters The chapters address the diversity and variety of everyday sexual lives and sexual politics in China Hong Kong Taiwan Korea and Japan They range from workplace sexual cultures trans national sexual relations the conditions of sex work and the emergence of new sexual desires cultures and movements The contributors highlight the gendered and sexual consequences of globalization and rapid social change In doing so they engage with western debates on late modernity while also exploring the contested understandings of modernization and westernization in the East This is a collection which illuminates the local situations in which women's sexual lives are lived and offers fresh perspectives on global issues **Prostitution Policy** Lenore Kuo, 2005-09 Through the lens of feminist theory Kuo examines the milieu of prostitutes and the role of prostitution in contemporary society and how the interplay of those two works itself out in practice *Writing through the Visual and Virtual* Renée Larrier, Ousseina Alidou, 2015-11-12 *Writing Through the Visual and Virtual* Inscripting Language Literature and Culture in Francophone Africa and the Caribbean interrogates conventional notions of writing The contributors whose disciplines include anthropology art history education film history linguistics literature performance studies philosophy sociology translation and visual arts examine the complex interplay between language literature arts and the visual and virtual domains of expressive culture The twenty five essays explore various patterns of writing practices arising from contemporary and historical forces that have impacted the literatures and cultures of Benin Cameroon Cote d'Ivoire Egypt Guadeloupe Haiti Martinique Morocco Niger Reunion Island and Senegal Special attention is paid to how scripts though appearing to be merely decorative in function are often used by artists and performers in the production of material and non material culture to tell stories of great significance co mingling words and images in a way that leads to a creative synthesis that links the local and the global the classical and the popular in new ways *Sexual Harassment* Linda LeMoncheck, Mane Hajdin, 2000-01-01 The question of what constitutes sexual harassment from suggestive remarks to outright threats from off color jokes to lewd posters on office walls is contentious as is the question of how to address sexual harassment Do all instances of sexual harassment constitute sex discrimination Are some instances merely sexual attraction gone wrong Do

social policies aimed at eliminating sexual harassment in the workplace violate freedom of expression or do they make working relationships possible between women and men In this uncompromising yet respectful debate two philosophers of widely divergent views present clear arguments and then respond directly to each other's reasoning LeMonchek argues for a feminist perspective on sexual harassment that is sensitive to the politics of gender Hajdin contends that this perspective is both morally confusing and legally problematic and that sexual harassment can be better addressed by traditional moral and legal categories

Ferrer, 2021-06-24 In *Love and Freedom* Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized a step forward in the evolution of modern relationships In the same way that the transgender movement surmounted the gender binary Ferrer defines how a parallel step can and should be taken with the

relational style binary This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological psychological and sociocultural conditionings To achieve these goals Ferrer first discusses a number of critical categories specifically monopride polyphobia and polypride monophobia that mediate the contemporary mono poly wars that is the predicament of mutual competition among monogamists and polyamorists The ideological nature of these mono poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities
