Loose Among Devils:

Space in the Tropics Peter Redfield, 2000-12-19 Rockets roar into space bearing roughly half the world's commercial satellites from the same South American coastal rainforest where convicts once did time on infamous Devil's Island. What makes *Space in the Tropics* enthralling is anthropologist Peter Redfield's ability to draw from these two disparate European projects in French Guiana a gleaming web of ideas about the intersections of nature and culture. In comparing the Franco-European Ariane rocket program with the earlier penal experiment, Redfield connects the myth of Robinson Crusoe, nineteenth-century prison reform, the Dreyfus Affair, tropical medicine, postwar exploration of outer space, satellite technology, development and ecotourism with a focus on place and the incorporation of this particular place into greater extended systems. Examining the wider context of the Ariane program, he argues that technology and nature must be understood within a greater ecology of displacement and makes a case for the importance of margins in understanding the trajectories of modern life.

Leviticus R. J. Rushdoony, 2009-11-23 The book of Leviticus has not been a popular subject of study in the modern church. Much like the book of Proverbs, any emphasis upon the practical applications of God's law is readily shunned in pursuit of more spiritual studies. Books like Leviticus are considered dull, overbearing, and irrelevant. To be spiritual in the modern sense of the term means to live on a higher level where today's Christian is governed more by the impressions of the heart than a carnal commandment. But man was created in God's image and is duty-bound to develop the implications of that image by obedience to God's law. In this volume, the author writes, "Man cannot develop his personhood except in terms of God and His law-word." Even as God separated man from the dust of the earth to make him a living soul (Gen 2:7), so God summons covenant man in Leviticus to separate himself to the Covenant Lord and to become holy, even as God Himself is holy. The law or justice of God is the way of holiness. The book of Leviticus contains over ninety references to the word holy. The purpose, therefore, of this third book of the Pentateuch is to demonstrate the legal foundation of holiness in the totality of our lives. In the book of Zechariah, the prophet proclaims a day when there shall be upon the bells of the horses: HOLINESS TO THE LORD (Zech 14:20). This same inscription is borne upon the garments of the high priest and pictures for us a day in which every area of life shall be made holy to the Lord. This present study is dedicated to equipping His church for that redemptive mission.

Stewart Headlam Frederick George Bettany, 1926

The History of the Devil Daniel Defoe, 1726

Hoedowns, Reels, and Frolics Phil Jamison, 2015-07-15 In *Hoedowns, Reels, and Frolics*, old-time musician and flatfoot dancer Philip Jamison journeys into the past and surveys the present to tell the story behind the square dances, step dances, reels, and other forms of dance practiced in southern Appalachia. These distinctive folk dances, Jamison argues, are not the unaltered jigs and reels brought by early British settlers but hybrids that developed over time by adopting and incorporating elements from other popular forms. He traces the forms from their European, African American, and Native American roots to the modern day. On the way, he explores the powerful influence of black culture, showing how practices such as calling dances

as well as specific kinds of steps combined with white European forms to create distinctly American dances From cakewalks to clogging and from the Shoo fly Swing to the Virginia Reel Hoedowns Reels and Frolics reinterprets an essential aspect of Appalachian culture

The History of the Devil Daniel Defoe,2016-01-01 Chap I Being an Introduction to the whole Work I doubt not but the title of this book will amuse some of my reading friends a little at first they will make a pause perhaps as they do at a witch s prayer and be some time resolving whether they had best look into it or no lest they should really raise the Devil by reading his story Children and old women have told themselves so many frightful things of the Devil and have form d ideas of him in their minds in so many horrible and monstrous shapes that really it were enough to fright the Devil himself to meet himself in the dark dress d up in the several figures which imagination has form d for him in the minds of men and as for themselves I cannot think by any means that the Devil would terrify them half so much if they were to converse face to face with him It must certainly therefore be a most useful undertaking to give the true history of this Tyrant of the air this God of the world this terror and aversion of mankind which we call Devil to shew what he is and what he is not where he is and where he is not when he is in us and when he is not for I cannot doubt but that the Devil is really and bona fide in a great many of our honest weak headed friends when they themselves know nothing of the matter Nor is the work so difficult as some may imagine The Devil s history is not so hard to come at as it seems to be His original and the first rise of his family is upon record and as for his conduct he has acted indeed in the dark as to method in many things but in general as cunning as he is he has been fool enough to expose himself in some of the most considerable transactions of his Life and has not shewn himself a politician at all Our old friend Matchiavel outdid him in many things and I may in the process of this work give an account of several of the sons of Adam and some societies of em too who have out witted the Devil nay who have out sin dthe Devil and that I think may be call d out shooting him in his own bow

The Political History of the Devil Daniel Defoe,2016-02-17 Irreverent and ironic this 1726 satire by the author of Robinson Crusoe examines the evolution of evil and the rise of the historical force known as the devil Daniel Defoe s passionate and perceptive survey starts with Satan s origins chronicling the devil s presence in the Bible and his growing sway over humanity An overview of satanic influences on eighteenth century life follows focusing on monarchs and tyrants as well as common folk Defoe supports his arguments not only with extensive quotes from scripture but also with citations from other sources including Milton s Paradise Lost Written at the dawn of the Enlightenment this treatise recaptures a moment in time when widespread certainty of the devil s existence was dwindling Defoe a firm believer posits that the devil reacted to the changing times by shifting his influence from the supernatural realm of witches and wizards to the ordinary world of beaus beauties wits and fools This intriguing view of politics and society during the 1700s offers a vivid contemporary portrait of a culture torn between theology and reason
