## **Lord Haldane Scapegoat For Liberalism:**

**Lord Haldane, scapegoat for liberalism** Stephen E. Koss, *Liberalism and Liberal Politics in Edwardian England* George L. Bernstein, 2023-08-11 First published in 1986 *Liberalism and Liberal Politics in Edwardian England* makes a lively contribution to the historical debate over whether the Liberal Party was already threatened by decline before the First World War. It challenges the current orthodoxy among historians of the Liberal Party arguing that neither the new liberalism nor the progressive alliance with Labour helped to make it more attractive to working class voters. Dr Bernstein takes a wide view of liberal ideology and policies stressing that the new liberalism cannot be treated in isolation from traditional domestic and external policies. He examines the crucial relationship between party leaders and constituency activists and argues that the party was more effective when the leadership could mobilize the activists in support of traditional domestic and foreign policies such as peace and retrenchment, free trade, education and temperance reform, land reform, the House of Lords and Irish Home Rule. This book will be welcomed by both scholars and students of history and political science. **A Liberal Chronicle in Peace and War** Cameron Hazlehurst, Christine Woodland, 2023-05-19 Jack Pease was at the heart of the British Liberal government from 1908 to 1915, holding the position of Chief Whip through two general elections and a member of the Cabinet confronting domestic tumult, international tensions and war. Pease was an unassuming participant in the deliberations of a unique gathering of political talent. His journals as President of the Board of Education from 1911 to the formation of the coalition ministry in 1915 are a closely observed, unvarnished record of what he saw and heard in Downing St and Westminster: constitutional and Home Rule crises, industrial conflict, electoral reform, women's suffrage controversies, struggles over budgets, naval estimates and foreign policy. Despite his Quaker beliefs, Pease committed to supporting war against Germany, and his troubled conscience is laid bare in letters to his wife and friends. Replete with intimate portraits of his revered chief, H. H. Asquith, and the Prime Minister's social circle, the journals also provide evocative observations of the contest of ideas, arguments and moods of prominent contemporaries, especially David Lloyd George as Chancellor of the Exchequer, Winston Churchill as Home Secretary, then First Lord of the Admiralty, and Lord Kitchener as Secretary of State for War. Pease's candid accounts, augmented by the diaries and letters of others privy to Cabinet policy secrets and personal rivalries, reveal the stories not told in the Prime Minister's reports to the King. Together with the editors' biographical introduction, extensive explanatory commentaries and bibliographical guidance, Pease's text provides a uniquely comprehensive understanding of Asquith's Liberal government in peace and war. *The Liberal Mind 1914-29* Michael Bentley, 2007-07-12 This study is an exercise in the history of political perception and opinion. It broke new ground in considering the decline of Liberalism through the eyes of Liberals themselves. By concentrating on what Liberal politicians said to one another and to their audience, public and private, a picture is built up of the frame of mind in which those responsible for guiding Liberalism faced a worsening world after 1914. The coming of the First World War was a critical

element in forming that frame of mind and the frame of mind was itself critical in deciding the fate of Liberalism in the post war years What emerges from this study is the paradox that the Liberal mind was the greatest single obstacle in the way of a Liberal revival

**T.H. Green and the Development of Ethical Socialism** Matt Carter,2016-11-16 This book uncovers the philosophical foundations of a tradition of ethical socialism best represented in the work of R H Tawney tracing its roots back to the work of T H Green Green and his colleagues developed a philosophy that rejected the atomistic individualism and empiricist assumptions that underpinned classical liberalism and helped to found a new political ideology based around four notions the common good a positive view of freedom equality of opportunity and an expanded role for the state The book shows how Tawney adopted the key features of the idealists philosophical settlement and used them to help shape his own notions of true freedom and equality thereby establishing a tradition of thought which remains relevant in British politics today

**World War I** Spencer C. Tucker,2014-10-28 Offering exhaustive coverage detailed analyses and the latest historical interpretations of events this expansive five volume encyclopedia is the most comprehensive and detailed reference source on the First World War available today One hundred years after the beginning of World War I in 1914 this conflict still stands as perhaps the most important event of the 20th century World War I toppled all of the existing empires at the time transformed the Middle East and vaulted the United States to becoming the world s leading economic power Its effects were profound and lasting and included outcomes that led to World War II This multivolume encyclopedia provides a wide ranging examination of World War I that covers all of the important battles key individuals both civilian and military weapons and technologies and diplomatic social political cultural military and economic developments Suitable as a reference tool for high school and undergraduate students as well as faculty members and graduate level researchers World War I The Definitive Encyclopedia and Document Collection offers accessible in depth information and up to date analyses in a format that lends itself to quick and easy use The set comprises alphabetically arranged cross referenced entries accompanied by further reading selections as well as a comprehensive bibliography A fifth volume provides chronologically arranged documents and an A Z index

*The Fall of the House of Speyer* George W. Liebmann,2015-08-06 The dramatic story of the last fifty years of the Speyer banking dynasty a Jewish family of German descent is surprisingly little known today yet at the turn of the 20th century Speyer was the third largest investment banking firm in the United States behind only Morgan and Kuhn Loeb It had branches in London Frankfurt and New York and the projects it financed included the Southern Pacific Railroad the London Underground and the infrastructure of the new Cuban republic Later it was the first major banking firm to finance Germany s Weimar Republic as well as providing League of Nations loans to Hungary Greece and Bulgaria Yet the firm was doomed by the nationalist passions aroused by World War I Its English partner was denaturalised and exiled its American partner enjoyed reduced standing because of his connection to Germany and the Frankfurt branch closed with the coming of the Third Reich its German partner fleeing into exile The firm was dissolved in 1939 a surprisingly anticlimactic end to one of the

great international banking companies of modern times George W Liebmann here tells the story of the firm and the family shedding new light on the protagonists of a remarkable dynasty who came undone in the dramatic years of the early 20th century     The Scottish Idealists David Boucher,2012-10-15 The extent to which British Idealism was heavily influenced by Scots has been little noticed yet not only were they at the forefront of introducing Hegel into Britain in the work of Ferrier Carlyle Hutcheson Stirling and Edward Caird but they were also distinctive in locating themselves in relation to the Scottish philosophical tradition they sought to extend The Scottish Idealists among them Edward Caird David George Ritchie Andrew Seth Pringle Pattison William Mitchell John Watson and the Welshman Henry Jones who found his spiritual home in Glasgow comprised a formidable force and dominated the philosophical professoriate in Britain Australia and Canada from the late nineteenth century to the years leading up to the First World War Its main centres were St Andrews Glasgow and Edinburgh in Scotland Cardiff in Wales and Oxford in England This collection of readings the first of its kind has been chosen with a view to displaying the variety richness and strength of the Scottish Idealist tradition beginning with an essay from the famous *Essays in Philosophical Criticism* 1883 a book that set out the future direction of enquiry for this group of thinkers who shared a common purpose or tendency Scottish Idealism was immensely spiritual in character and recognized no hard and fast distinctions between philosophy religion poetry and science It was a formidable force in social and educational reform

*Statesman of Europe* T. G. Otte,2020-11-26 The lamps are going out all over Europe We shall not see them lit again in our life time The words of Sir Edward Grey looking out from the windows of the Foreign Office at the end of August 1914 are amongst the most famous in European history and encapsulate the impending end of the nineteenth century world The man who spoke them was Britain s longest ever serving Foreign Secretary in a single span of office and one of the great figures of late Victorian and Edwardian Britain *Statesman of Europe* describes the three decades before the First World War through the prism of his biography which is based almost entirely on archival sources and presents a detailed account of the main domestic and international events and of the main personalities of the era In particular it presents a fresh understanding of the approach to war in the years and months before its outbreak and Grey s role in the unfolding of events Yet Grey s life was not all public affairs momentous as those were He disliked being in London much preferring country life at Fallodon his family estate in Northumberland and displayed none of the ambition of his contemporaries or successors He attended assiduously to his duties as director of the Great North Eastern Railway one of the transformative enterprises in industry and communications of the period and wanted to spend as much time as he could fishing Apart from his memoirs the only book he wrote was called *The Charm of Birds* This hinterland gave quality to his judgements and made his character attractive to his contemporaries This important book is the definitive biography of one of the pivotal figures in European diplomacy and a magnificent portrait of an age     **Routledge Library Editions: Historical Security** Various,2021-08-26 This 12 volume set contains titles originally published between 1957 and 1992 International in scope the set looks at security and military

history covering several battles particularly the first and second world wars Highlighting the difference between theory and practice it also explores the people involved in the policy making and strategy of war and the leaders tasked with carrying those decisions out

**The Scaremongers (RLE The First World War)** A. Morris, 2014-04-24 This revealing book illustrates how the passion for war was fostered and promoted The author provides detailed evidence of how and why an image of Germany as a nation determined upon world hegemony was deliberately promoted by a group of British newspaper editors proprietors and journalists This book examines the role of these scaremongers Were they as influential as their critics claimed Did they influence the minds of their readers and shape events Were they guilty of creating a climate of opinion that ensured that their prophecies of inevitable Anglo German war became fact in 1914

*Douglas Haig, 1861-1928* Gerard J. De Groot, 2021-03-30 For seventy years Douglas Haig had been portrayed on the one hand as the Butcher of the Somme inept insensitive and archaic and on the other as the Saviour of Britain noble unselfish and heroic This polarised strident and ultimately inconclusive argument had resulted in Haig becoming detached from his own persona he had become a shallow symbol of a past age to be pilloried or praised The middle ground in the Haig debate had been as barren as No Man s Land There should be no mystery about Haig Certain from a very early age of his own greatness he preserved every record of his achievements diaries letters official reports etc The opinions of his contemporaries are likewise readily available But until this book the material had not been used to construct a complete and accurate picture Critics and supporters have raided the historical records for evidence of the demi god or demon and have ignored that which conflicts with their preconceptions They have likewise raced through his early life in order to get to the war in the process ignoring the complex process of his development as a soldier Analyses of Haig s command have consequently been as shallow as the prevailing images of the man After eight years of painstaking and detailed research into previously neglected sources Gerard De Groot gave us a more complete and balanced picture This book originally published in 1988 which will appeal both to the general and the specialised reader is not simply a critique of Haig s command in the war but an exploration into his personality Close attention to his early life and career reveals him as a creature of his society a man who mirrored both the virtues and the faults of Edwardian Britain What emerges is an intense dedicated but ultimately flawed servant of his country whose ironic fate it was to grow up in one age and to command in another

*Defending the Empire* Rhodri Williams, 1991-01-01 Deference issues were of central importance in British politics in the years before the first World War as naval and military policy absorbed the attention of politicians of both parties The growing menace to Briatin of the German Navy focused public attention on questions of naval strength and home defense However the heavy cost of overhauling the British Empire s stretched defenses clashed with the domestic political priorities of successive governments This book is the first scholarly work to examine the vigorous political debates over defense policy in this era from the perspective of the Conservative party who were in office from 1899 to 1905 and in opposition from 1905 to 1914 It focuses in particular on the ideas and actions of

Arthur James Balfour leader of the Conservative party from 1902 to 1911 Rhodri Williams assesses how effective the Conservative leadership was in realizing its policy objectives By explaining the Conservatives approach to contemporary controversies over conscription and the construction of Dreadnoughts he highlights the complexity of the problems facing British policymakers in the period after the Boer War when against a bleak financial background they sought to rationalize and strengthen the Empire's defenses The book is important for many reasons It significantly advances our understanding of the nature of Conservative politics in the early twentieth century It sheds fresh light on one of the major areas of party political contention in the Edwardian era It gives us interesting information on Balfour and on a key period of his distinguished political career And it offers a new perspective on the process by which British defense policy ceased to revolve around the Great Game with Russia in Central Asia and came increasingly to turn on Anglo German naval rivalry in the North Sea

Liberal Magazine, 1916

**Radical Journalist** Alfred F. Havighurst, 1974-09-05 The first study of the career of H W Massingham an outstanding journalist early in the twentieth century when editors were often ranked equal in significance with ministers of state Massingham featured most significantly in the history of the press as editor of the Star the Daily Chronicle and finally the Nation Professor Havighurst demonstrates Massingham's central position by arguing that he played a more important role in the formation of progressivism in the period 1888-92 than even the Fabian Society Massingham's clash with the Fabians is examined along with his gradual disillusionment with Rosebery his influence upon important questions of public opinion his connection and his subsequent contact with Ramsay MacDonald The influence of journalists is frequently alleged but is often unproved this biography provides a detailed assessment of the impact of a major journalist and is a complete and fascinating account of an extremely important political figure It will appeal to specialists in political and social history and the history of journalism

*International Library of the Philosophy of Education* Charles Bailey, 2021-07-09 International Library of the Philosophy of Education reprints twenty four distinguished texts published in this field over the last half century and includes works by authors such as Reginald D Archambault Charles Bailey Robin Barrow Norman J Bull D E Cooper R F Dearden Kieran Egan D W Hamlyn Paul H Hirst Glenn Langford D J O Connor T W Moore D A Nyberg R W K Paterson R S Peters Kenneth A Strike I A Snook John and Patricia White and John Wilson Themes discussed include Liberal education moral education the aims of education the education of teachers adult continuing education and the philosophical analysis of education

July Crisis T. G. Otte, 2015-05-07 This is a magisterial new account of Europe's tragic descent into a largely inadvertent war in the summer of 1914 Thomas Otte reveals why a century old system of Great Power politics collapsed so disastrously in the weeks from the shot heard around the world on June 28th to Germany's declaration of war on Russia on August 1st He shows definitively that the key to understanding how and why Europe descended into world war is to be found in the near collective failure of statecraft by the rulers of Europe and not in abstract concepts such as the balance of power or the alliance system In this unprecedented panorama of Europe on the

brink from the ministerial palaces of Berlin and Vienna to Belgrade London Paris and St Petersburg Thomas Otte reveals the hawks and doves whose decision making led to a war that would define a century and which still reverberates today

Churchill and Fisher Barry Gough, 2017-10-06 A vivid study of the politics and stress of high command this book describes the decisive roles of young Winston Churchill as political head of the Admiralty during the First World War Churchill was locked together in a perilous destiny with the ageing British Admiral Jacky Fisher the professional master of the British Navy and the creator of the enormous battleships known as Dreadnoughts Upon these Titans at the Admiralty rested British command of the sea at the moment of its supreme test the challenge presented by the Kaiser's navy under the dangerous Admiral Alfred von Tirpitz Churchill and Fisher had vision genius and energy but the war unfolded in unexpected ways There were no Trafalgars no Nelsons Press and Parliament became battlegrounds for a public expecting decisive victory at sea An ill fated Dardanelles adventure by ships alone as Churchill determined on top of the Zeppelin raids on Britain brought about Fisher's departure from the Admiralty in turn bringing down Churchill They spent the balance of the war in the virtual wilderness This dual biography based on fresh and thorough appraisal of the Churchill and Fisher papers is a story for any military history buff It is about Churchill's and Fisher's war how each fought it how they waged it together and how they fought against each other face to face or behind the scenes It reveals a strange and unique pairing of sea lords who found themselves facing Armageddon and seeking to maintain the primacy of the Royal Navy the guardian of trade the succour of the British peoples and the shield of Empire

*A New England?* G. R. Searle, 2005-07-29 G R Searle's absorbing narrative history breaks conventional chronological barriers to carry the reader from England in 1886 the apogee of the Victorian era with the nation poised to celebrate the empress queen's golden jubilee to 1918 as the war to end all wars drew to a close leaving England to come to term with its price above all in terms of human life but also in the general sense that things would never be the same again This was an age of extremes a period of imperial pomp and circumstance with a political elite preoccupied with display and ceremony alongside the growing cult of the simple life the zenith of imperialism with its idealization of war on the one hand the start of the Labour Party a socialist renaissance and welfare politics on the other and a radical challenging of traditional gender stereotypes in the face of the prevailing cult of masculinity Under Professor Searle's historical microscope all the details of daily life spring into sharp relief Half forgotten figures such as Edward Carpenter Vesta Tilley and Sir Henry Campbell Bannerman take their place on stage beside Oscar Wilde the Pankhursts and Lloyd George Motoring and aviation to become such an intrinsic part of life within the next decades had their beginnings in this period as pastimes for the rich From the wretched slums of England's great cities to their bustling docks and factories from the grand portals of Westminster to the violent political challenges of the Ulster Unionists and the militant suffrage movement from Blackpool's tower and beach packed with holidaymakers to the trenches of the Western Front the energy creativity and often destructive turmoil of the years 1886-1918 are brought into focus in this magisterial history THE

NEW OXFORD HISTORY OF ENGLAND The aim of the New Oxford History of England is to give an account of the development of the country over time It is hard to treat that development as just the history which unfolds within the precise boundaries of England and a mistake to suggest that this implies a neglect of the histories of the Scots Irish and Welsh Yet the institutional core of the story which runs from Anglo Saxon times to our own is the story of a state structure built round the English monarchy and its effective successor the Crown in Parliament While the emphasis of individual volumes in the series will vary the ultimate outcome is intended to be a set of standard and authoritative histories embodying the scholarship of a generation

**A New England?** G. R. Searle, 2005 G R Searle s narrative history breaks conventional chronological barriers to carry the reader from England in 1886 the apogee of the Victorian era with the nation poised to celebrate the empress queen s golden jubilee to 1918 as the war to end all wars drew to a close

Yeah, reviewing a ebook **Lord Haldane Scapegoat For Liberalism** could mount up your near friends listings. This is just one of the solutions for you to be successful. As understood, ability does not recommend that you have fantastic points.

Comprehending as well as treaty even more than additional will give each success. bordering to, the proclamation as without difficulty as perspicacity of this Lord Haldane Scapegoat For Liberalism can be taken as without difficulty as picked to act.
