Walford's Guide to Reference Material: Generalia, language and literature, the arts Albert John Walford, Marilyn Mullay, Priscilla Schlicke, Library Association, 1996 From its first edition, the purpose of *Walford's* has been to identify and evaluate the widest possible range of reference materials. No rigid definition of reference is applied. In addition to the expected bibliographies, indexes, dictionaries, encyclopaedias, and directories, a number of important textbooks and manuals of general practice are included. While the majority of the items are books, *Walford's* is a guide to reference material. Thus, periodical articles, microforms, online, and CD-ROM sources are all represented. In this volume, a particular effort has been made to improve coverage of the latter two categories.
