Suckers Rose Shapiro,2010-09-30 Alternative medicine is now used by one in three of us In the UK we spend an estimated 4 5 billion a year on it and its practitioners are now insinuating themselves into the mainstream There are methods based on ancient or far eastern medicine as well as ones invented in the nineteenth and twentieth centuries Many are promoted as natural treatments What they have in common is that there is no hard evidence that any of them work Treatments like homeopathy acupuncture and chiropractic are widely available and considered reputable by many Ever more bizarre therapies from naturopathy to nutraceuticals ear candling to ergogenics are increasingly favoured Endorsed by celebrities and embraced by the middle classes alternative medicine s appeal is based on the spurious rediscovery of ancient wisdom and the supposedly benign quality of nature Surrounded by an aura of unquestioning respect and promoted through uncritical airtime and column inches alternative medicine has become a lifestyle choice Its global market is predicted to be worth 5 trillion by 2050 Suckers reveals how alternative medicine can jeopardise the health of those it claims to treat leaches resources from treatments of proven efficacy and is largely unaccountable and unregulated In short it is an industry that preys on human vulnerability and makes fools of us all Suckers is a calling to account of a social and intellectual fraud a bracing funny and popular take on a global delusion

The Conscious Planet Neil M. Pine,2013-07 The writing of this book was both a spiritual and intellectual journey It took more than ten years to complete while having to be revised and updated constantly Th is is no holds barred literature where the author says what he means and means what he says He does not mintz his words Th e Conscious Planet thinks outside the box and breaks all the rules of traditional thinking Sometimes this information can be brutally honest or painfully real Th is author is not trying to win any popularity contest He tells it like it really is and doesn t care what anyone thinks Th e Conscious Planet is what the government and big corporations who control it don t want you to know It is the truth about the truth and nothing but the truth so help me In the modern world people only know what multinational corporations want them to know not what they should know and it is this tainted knowledge which is creating a society of pathetic drones who like poor doomed sheep are too busy just trying to survive to see that the wool is being pulled over their eyes while being led to slaughter Because these corporate imperatives are being paid for at the expense of the future of mankind Before you patronize any product be conscious about what it s doing to your health to the earth and how it will aff ect future generations Skeptics have warned the author that this book will receive nominal success that it represents

a small niche market and not everyone would be interested in such literature and in retort to this assertion it should be acknowledged that yes it is sadly true that not everyone would be interested in this book because the information herein may not pertain directly to their life or general well being So in understanding who would be interested in this book let s narrow it down by eliminating the types of individual who would not directly benefit x 1 People who are immortal Yes these people might not care about this book heck if you were immortal you might eat Twinkies and cheese burgers all day long 2 People who have another planet to live on Th is is true why would they care if the world goes to hell in a hand basket See Ya Well lucky them however for the other seven billion people who inhabit the planet earth who are not immortal and who don t have another planet to live on then this book is absolutely the most important book they may ever read Become a part of the Conscious Planet

Snake Oil Science R. Barker Bausell PhD,2009-07-31 Every year millions of people flock to complementary and alternative therapists offering a vast array of treatments ranging from acupuncture to biofeedback to urine injections Millions more purchase over the counter alternative medications such as glucosamine herbs and homeopathic remedies While consumer motivations for turning to complementary and alternative medicine CAM vary there is one common element among them all a belief in their effectiveness This belief appears to be prevalent among all elements of society from scientists and physicians to celebrities such as Prince Charles and Oprah Winfrey to clerical workers and senior citizens Do these therapies actually work And if they work how do they work This book is about the science of complementary and alternative medicine about how that science is conducted how it is evaluated and how it is synthesized to arrive at a bottom line conclusion about whether CAM therapies work It is also about the phenomenon of the placebo effect and the extent to which it is at play in a given CAM therapy s efficacy Are CAM therapies in fact nothing more than creatively packaged placebos In exploring this question Barker Bausell provides an authoritative and engaging look at the nature of scientific evidence and at the logical psychological and physiological impediments that can confound such evidence in the world of CAM research Ultimately the book is not so much opposed to CAM as to the shoddy science upon which CAM claims are based and in fact it closes with a chapter about how one might maximize the placebo effect that Bausell asserts is the main ingredient of most CAM therapies For general readers students and professionals e g clinicians who are routinely asked by their patients for CAM recommendations the book is a learned witty examination not just of the scientific process as it is applied to CAM but also of the wonders of the human mind body system

Is Your Doctor Killing You Slowly? Dr. Mai Ha,2012-10-03 This book is dedicated to those who seek the truth about total wellbeing and believe they are being slowly killed by their primary care physicians who continue to prescribe copious amounts of drugs for each and every malady We are having a medical crisis Do not wait until the morgue can not process the bodies fast enough to have doubt in the medical system My goal is to inform the general public about the dangers of our fake health care system Most people do not know that the medications their trusted doctor is prescribing them are killing them slowly Our health care model is designed to

confuse patients and minimize physician responsibility This book will help you understand how your body works and how YOU can manage your own complete health care not just specific medical conditions such as hypertension high cholesterol diabetes cancer heartburn depression insomnia allergies etc Instead of empowering patients to know more about their illnesses doctors have instilled fear in them and prescribed unnecessary drugs tests and surgeries to justify large medical bills and make the drug companies obscenely wealthy Doctors get paid well at our expense body and wallet Most of my patients have benefited greatly from my extensive education deep rooted culture diverse background and utmost honesty in teaching them about medicine the way it should be taught basic and true and it was through their inspiration that I wrote this book In truth I feel I had no choice No doctor would dare expose the awful truth regarding our broken medical system for fear their financial status will be compromised My ultimate intention is to help every person maintain an independent mind and body until they breathe their last breath with dignity **The Fight for Conscious Human Life** Carl T.

Johnson,2012-12-13 We have been Ruled in an upside down paradigm that favors those Rulers at the expense of the Ruled I have identified the origin of this paradigm how it has effected every part of our lives how it has disempowered us and how we can right it We are truly in a vicious fight between the haves and the have not s Those that have a conscience and those that have not Those that create value and those that cannot We have been ruled by the dumbest among us by Barbarians that lack the necessary mechanisms for self rule for 8000 years or more We have been their slaves from the days of Babylon But it is We that are The Chosen and it is they that are the Great Unwashed You are truly amazing Take this journey with me and discover who you really are and Stop doing business with the Ruling Parasites and join me in The Fight for Conscious Human Life **An End to All Disease** Lt. Lawrence F. Frego,2006-07-19 We are at the crossroads of world health On the one hand we face the possibility of a world wide pandemic the likes of which has never been seen before We are likewise on the threshold of discovering natural cures for nearly every disease As choosing wisely may mean the difference between life and death this book is designed to help the reader choose alternative options that are seldom if ever in the news Jared Diamond in his groundbreaking work Collapse How Societies Choose to Fail or Succeed addresses the fact that only civilizations that recognize the threats against their existence and deal with the threat effectively survive Civilizations with their heads in the sand become extinct or are conquered by more vigorous nations The robber barons of the last century were able to create a monopoly for oil and the automobile by ruthlessly and systematically destroying all competition They tore up cable car lines and public transportation so the public would have no other alternative except their oil Today the drug monopolies owned by the descendants of these same robber barons are nearly complete in their plot to eradicate all natural low cost remedies for disease prevention and treatment In the state of Florida naturopathic physicians were de licensed unless they also had a conventional medical license The powers that be want to create a drug induced society at an enormous financial and emotional cost to the public at large They are even trying to outlaw vitamins via European health treaties and side step the

American constitution and the public The ever escalating cost of medical care created by lack of natural alternative options can only lead to the eventual total collapse of the entire medical system It is exceedingly difficult finding the truth about alternative medicine as the system has a vested interest in making profits and keeping the truth from you A few thousand deaths is an acceptable loss if a few billion dollars can be made And it will be a cold day in hell before a drug company puts itself out of business by telling you about a low cost natural cure that their product can manage The guardians of public health know which side their toast is buttered on also The career politicians and beltway bandits at the FDA know where the money is and they dont get it from you or providers of natural cures The drug monopolies pay the big bucks There have been no checks and balances Corruption has become so pronounced that the US House of Representatives is seeking to pass the Consumers Access to Health Information Act H R 2352 to ensure that accurate health claims ARE NOT SUPPRESSED Consumers would be given TRUTHFUL AND COMPLETE information about the curative mitigation treatment and prevention effects of foods and dietary supplements on disease or health related conditions The time to exercise your God given right to the health care of your choice is now www.lef.org America has the finest emergency health care in the world Bar none However that is not the nature of the coming threat American baby boomers will soon be retiring in the tens of millions Their health care needs will be staggering and costly However 92% of American health care providers are trained in emergency medicine and only 8% in long term preventative medicine As it takes a minimum of 6 7 years to obtain a medical degree America is unprepared for a crisis that is inevitable
