Broken Pieces: Handle with Care Shirley Ann Williams, 2013-06-10 Putting fear of rejection aside Nellie lay pen to paper scripting an offer of forgiveness In her heart she knew there was no other way but to reveal the truth from decades past Her selfless act of love no longer held the clarity it once did the weight of the burden now consumed the very depths of her soul her heart weeping with anguish So many years had passed so many opportunities wasted She asked God to forgive her but would Darcy do the same Could Nellie ever forgive herself for committing such an unforgivable act It was from love the secrets were kept now it was because of love the truths revelation had to be Meanwhile in the silence of the moment one solitary figure willed the tears to cease but failed in the effort Words hastily written before the thoughts vanished forever from his mind resounded back to his heart in heightened confusion Laying the notebook aside he shut his eyes and entered into a fitful restlessness Gods plans were in the making unknown to the author of the script With words placed in his heart to pen the mission was yet to be Gods hand was on both their journeys under way

agreements between governments and non human entities voices appearing in the minds of ordinary people delivering universal messages and even children describing encounters with glowing beings who guide and protect them None of it feels isolated On the contrary it all points to an ancient secret and organized structure an invisible federation operating in the shadows of our reality But this isn't a work of fiction It's a book built on investigations documented testimonies discarded or suppressed evidence and personal experiences that place the author face to face with something many try to deny the presence of a higher active intelligence among us The discoveries made along this journey are deeply unsettling yet impossible to dismiss And as the files mount it becomes increasingly clear that someone or something is trying to erase the trail The Galactic Federation Accounts from the Invisible Federation doesn't offer easy answers Instead it challenges the reader to think feel and decide for themselves With every page the sense grows that we're being guided toward something greater perhaps even inevitable Initial skepticism gives way to doubt and that doubt becomes a gnawing unease After all what if it's all true More than just a book this is a provocative experience designed for those with the courage to question the status quo and search for answers where few dare to look Get ready to dismantle certainties confront buried secrets and face a parallel universe that might be much closer and more real than we ever imagined Are you ready to face the unknown The truth is waiting but are you ready for it The Lost Sermons of C.
