The Beloved Vision Stephen Walsh, 2022-10-04 A rich and luminous biography of nineteenth century music A New Yorker Best Book of the Year When one thinks of great classical music music with the most emotional resonance and timelessness we harken back to the nineteenth century and the Romantic tradition We recall the sweet melody of a Schubert song the heroine dying for love

in an Italian opera the swooning orchestration of a Tchaikovsky symphony The emotional resonance of nineteenth century has moved generations musicians and resonated with countless listeners It has inspired artists and writers But no writer until now has adopted such a vividly insightful narrative approach as Stephen Walsh and he shows how there is more to Romantic music that meets the eye and the ear With authority insight and passion *The Beloved Vision* links the music history of this singular epoch to the ideas that lay behind Romanticism in all its manifestations In this complete entertaining and singularly readable account we come to understand the entire phase in music history that has become the mainstay of the twentieth and twenty first century concert and operatic repertoire We also come to understand Beethoven Mahler Schubert Chopin and Wagner anew The narrative begins in the eighteenth century with C P E Bach Haydn and the literary movement known as Sturm und Drang seen as a reaction of the individual artist to the confident certainties of the Enlightenment The windows are flung open and everything to do with style form even technique is exposed to the emotional and intellectual weather the impulses and preferences of the individual composer Risk taking the braving of the unknown was certainly an important part of what the composers wanted to do as true of Chopin and Verdi as it is of Berlioz and Wagner It is an exciting colorful story told with passion but also with the precision and clarity of detail for which Stephen Walsh is so widely admired *The Beloved Vision* is a cultural tour de force by turns bold challenging and immensely stimulating [1,000 Recordings to Hear Before You Die](#) Tom Moon,2008-08-28 A guide to music provides recommendations on one thousand recordings that represent the best in such genres as classical jazz rock pop blues country folk musicals hip hop and opera with listening notes commentary and anecdotes about performers
