THE COMPLETE ROUGON-MACQUART SERIES (All 20 Books in One Edition) Émile Zola, 2017-10-06 Les Rougon Macquart is the collective title given to a cycle of twenty novels by French writer Émile Zola. Subtitled *Natural and social history of a family under the Second Empire*, it follows the life of one family during the Second French Empire, 1852-1870. The Greatest Blunders of World War II Horace Edward Henderson, 2001-08. Adolph Hitler lost WWII because of his blunders, and the U.S. and its allies won WWII in spite of their blunders. Nearly a lifetime of research and study by a veteran of World War II reveals the major political and military errors and mistakes which caused the greatest catastrophe in world history: almost lost the struggle with the greatest evil the world has ever known, failed to end the conflict in a decisive victory for the survival of freedom and democracy, subjected the world to almost half a century of fear and turmoil in the Cold War, and wasted vast world resources on armaments while hundreds of millions of people suffered from hunger, illness, and death. This analysis of the major issues and campaigns of World War II concentrates on what went wrong with the conduct of the war, which needlessly prolonged its brutal end and reveals how narrow was the margin between victory and defeat.

Arnhem 1944 Chris Brown,2016-04-23 The Battle of Arnhem is one of the most iconic Western front battles of the Second World War When we think of Arnhem we think of a bridge too far and a sky full of parachutes dropping the Allies into the Netherlands It was one of the most complex and strategically important operations of the war Operation Market Garden was devised to give the Allies the opportunity to bypass the German Siegfried Line and attack the Ruhr Paratroopers were dropped into the Netherlands to secure all the bridgeheads and major routes along the proposed Allied axis advance Simultaneously the 1st Airborne Division supported by the Glider Pilot Regiment and Polish 1st Independent Parachute Brigade landed at Arnhem The British expected to sweep through and connect with the Arnhem force within a matter of days However things on the ground proved very different The troops met resistance from pockets of SS soldiers and soon were overwhelmed The Arnhem contingent was cut off from reinforcement and eventually forced to withdraw The 1st Airborne Division lost three quarters of its strength in the operation and did not see battle again Through quotes and maps the text explores the unfolding action of the battle and puts the reader on the frontline If you truly want to understand what happened and why read the Battle Story **Warrior Chiefs** Bernd Horn,Stephen John Harris,2001-01-01 The first book in a two part series that examines the unique Canadian experience and outlook in regard to generalship and the art of the admiral **Battle Story: Iwo Jima 1945** Andrew Rawson,2011-11-30 On 19 February 1945 Operation Detachment began with US marine forces storming Iwo Jima aiming to capture the island and its airfields This was the first campaign on

Japanese soil and would result in some of the fiercest fighting in the Pacific A brutal example of war at all costs the defending garrison fought to almost the last man it was a fight they couldn't hope to win against the superior US numbers but they exacted horrific casualties on the invading forces before their ultimate defeat In this concise account Andrew Rawson uses timelines diary extracts and detailed profiles to explain the lead up to the campaign the battle itself and its legacy while maps and rarely published photographs place you in the centre of the unfolding action With painful lessons learned this vital battle of the Pacific theatre would inform US strategies and actions through the rest of the war and here Rawson shows exactly how and why

Anders' Army Evan McGilvray, 2018-02-28 Along with thousands of his compatriots Wladyslaw Anders was imprisoned by the Soviets when they attacked Poland with their German allies in 1939 They endured terrible treatment until the German invasion of the Soviet Union in 1941 suddenly put Stalin in the Allied camp after which they were evacuated to Iran and formed into the Polish Second Corps under Anders command Once equipped and trained the corps was eventually committed to the Italian campaign notably at Monte Cassino The author assesses Anders performance as a military commander finding him merely adequate but his political role was more significant and caused friction in the Allied camp From the start he often opposed Sikorski the Polish Prime Minister in exile and Commander in Chief of Polish armed forces in the West Indeed Anders was suspected of collusion in Sikorski's death in July 1943 and of later sending Polish death squads into Poland to eliminate opponents charges that Evan McGilvray investigates Furthermore Anders voiced his deep mistrust of Stalin and urged a war against the Soviets after the defeat of Hitler

Iwo Jima 1945 Andrew Rawson, 2016-01-23 One of the bloodiest battles of the war in the Pacific Operation Detachment the invasion of Iwo Jima on February 19 1945 was the first campaign on Japanese soil and it resulted in some of the fiercest fighting of the Pacific campaign United States Marines supported by the US Navy and Air Force fought the Japanese both over and underground on the island of volcanic ash in a battle which was immortalized by the raising of the Stars and Stripes above Mount Suribachi It was a battle that the Japanese could not win but they were determined to die trying of the 18 000 strong garrison only 200 were taken prisoner The Americans lost more in the 35 day battle but at the end they had possession of three airfields in range of the Japanese mainland This book gives a clear concise account of those dramatic days in 1945 supported by a timeline of events and orders of battle Over fifty photographs illustrate the events during this momentous battle
