Learning Japanese in the Network Society Kazuko Nakajima,2002 This book addresses current issues of computer assisted language learning CALL shared by language teaching professionals in the new global network society It focuses on the teaching and learning of Japanese as a second language but is highly applicable to any language instruction Collection emerged from previously unpublished presentations by leading Japanese scholars at the International Conference on Computer Technology and Japanese Language Education held at the University of Toronto Japanese Language Teaching in the Nineties Stefan Kaiser,2014-07-16 The world wide growth in demand for Japanese throughout the world has led to rapid developments in Japanese language teaching This volume examines these developments and their implications for the future in a series of case studies **The Breeze** ,1995 Nihongo no kiso: Grammatical notes in English ,1986
International Books in Print ,1997 **Language Support for Immigrants in Japan** Keiko Hattori,Kurie Otachi,Makiko Shinya,2023-07-10 Examining language support practices in both formal and nonformal education ranging from public night school to community based language classes this volume encourages the development of systems in Japan that foster equitable and inclusive language policies Language in Public Spaces in Japan Nanette Gottlieb,2014-06-11 This book throws light on ideologies practices and sociocultural developments currently shaping language use in Japan by departing from the more common investigation of language in private contexts and examining aspects of the language found in a range of significant public spaces from the material an international airport the streets of Tokyo the JSL classroom in Japan and courtrooms to the electronic television dramas local government web pages and cyberspace Through its study of the language encountered in such settings the volume provides a deeper understanding of multifaceted aspects of linguistic diversity both in terms of the use of languages other than Japanese and of issues relating to the Japanese language itself The variety of theoretical approaches brought to bear by contributing authors ensures a substantial intellectual contribution to the literature on language in contemporary Japan This book was published as a special issue of Japanese Studies
Character Recognition Minoru Mori,2010-08-17 Character recognition is one of the pattern recognition technologies that are most widely used in practical applications This book presents recent advances that are relevant to character recognition from technical topics such as image processing feature extraction or classification to new applications including human computer interfaces The goal of this book is to provide a reference source for academic research and for professionals working in the character recognition field **Shin Nihongo No Kiso I (main Text Book).** ,1989 Cultural Compatibility

in Educational Contexts Kumi Kato, 2010-02-23 Cultural Compatibility in Educational Contexts examines the mechanism of control and efficacy underlying specific cultural contexts intercultural value differences and consequential conflicts which invisibly and unintentionally cause communication difficulties and negative performances This specific study centers on Japanese language classrooms in Australia taught by native Japanese speakers Comparative studies were carried out in classrooms in both Japan and Australia and identified specific teaching strategies perceived to be effective in each cultural context The book concludes by asserting that the notion of culture in the educational context goes beyond ethnic and linguistic differences an awareness of cultural compatibility should be recognized as one of the professional responsibilities of all educators This is particularly relevant to multicultural societies such as Australia where both teaching and learning populations are increasingly diverse as well as being applicable to other social contexts **Catálogo de livros sobre assuntos japoneses editados em línguas ocidentais, existentes nas principais bibliotecas de São Paulo** ,1993
