Niki de Saint Phalle & Jean Tinguely Heidi E. Violand-Hobi, 2004 A scintillating story about the love and work of two artists who together epitomized the avant garde of the late twentieth century One of modern art's most productive relationships the story of Niki de Saint Phalle and Jean Tinguely is a tale of passion and creativity that started literally with a bang when the two artists met while working on their respective seminal exhibitions Tinguely was taking the art world by storm with his self destructing piece *Homage to New York* De Saint Phalle was staging her controversial shooting paintings Together these iconoclastic geniuses would challenge convention and each other with their visions collaborating on such major projects as the Tarot Garden in Tuscany the *Paradis Fantastique* for the 1967 Expo in Montreal and the Golem playground in Jerusalem These and other works are beautifully reproduced in this artistic duography that covers the life and work of each of these artists from 1955 when they met through to Tinguely's death in 1991 *Niki de Saint Phalle and Jean Tinguely* Yvonne Robinson, 1988

interdisciplinary strategies in the study of the traditional arts dance literature music painting sculpture theatre etc as well as of the modern media film TV video computer generated arts etc The essays collected engage in a broad perspective of topics approached from varying theoretical methodological or ideological viewpoints No single thread runs through the diversely conceived essays yet it is evident that what all contributors appear to envision is the importance today of investigations into the problems of what might be called the interart or intermedia discourse Aimed at university teachers scholars students and even artists this book will meet the demands from those interested in modern modes of interart and intermedia analysis
