Hymns and Hymnody: Historical and Theological Introductions, Volume 1 Mark A. Lamport, Benjamin K. Forrest, Vernon M. Whaley, 2019-02-21. Hymns and the music the church sings are tangible means of expressing worship. And while worship is one of if not the central functions of the church along with mission service education justice and compassion and occupies a prime focus of our churches a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship. Hymns and Hymnody Historical and Theological Introductions is a 60 chapter three volume introductory textbook describing

the most influential hymnists liturgists and musical movements of the church This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers that have impacted the church over the course of twenty centuries Volume 1 explores the early church and concludes with the Renaissance era hymnists Volume 2 begins with the Reformation and extends to the eighteenth century hymnists and liturgists Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty first century Each chapter contains these five elements historical background theological perspectives communicated in their hymns compositions contribution to liturgy and worship notable hymns and bibliography The mission of Hymns and Hymnody is 1 to provide biographical data on influential hymn writers for students and interested laypeople and 2 to provide a theological analysis of what these composers have communicated in the theology of their hymns We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology This latter aspect we contend is missing yet important in accessible formats for the current literature

German Protestantism and the Spirit of God. From Luther to Moltmann Thorsten Prill,2010-02-15 Document from the year 2010 in the subject Theology Systematic Theology grade none course Namibia Evangelical Theological Seminary language English abstract In the name of the Father and of the Son and of the Holy Spirit Amen For regular worshippers in German speaking Lutheran and Reformed churches these words spoken by the pastor are very familiar as they mark the beginning of every Sunday service With these words the pastor reminds the congregation in whose name they are gathered

and whom they are called to worship Later on in the service the congregation is asked to stand and confess their faith with the words of the Apostles Creed or on special occasions the Nicene Creed Again the third person of the Trinity is mentioned However in many German speaking Lutheran and Reformed churches God often is not really worshipped as Trinity God is presented and understood as God the Father and God the Son In other words there is an inadequate understanding of the triune God in mainstream German Protestant churches and a lack of emphasis on the work of the Holy Spirit This phenomenon is rooted in German Protestant theology and can be traced back through the ages and the theological schools to Reformation times
