

The background is a deep red with abstract, glowing orange and white geometric shapes. These include several five-pointed stars of varying sizes, some squares, and a bright, out-of-focus light source in the lower-left corner that creates a lens flare effect. Thin, curved lines in orange and white sweep across the upper portion of the image.

Simmonds-Moore, 2014-01-10 The study of the effect of exceptional experiences and beliefs on health including anomalous placebo or hypnotic healing and mystical religious transpersonal and creative experiences is attracting increasing academic and public interest This collection of essays explores the nature of mind its impact on the body and the relationship between exceptional experiences and physical health mental health and the potential for other types of perception Examining the influence of spiritual practices mental imagery and alternative healing methods such as Reiki and Johrei the essays encourage the expansion of mental health practice to include the full range of exceptional experiences By normalizing experiences that are often pathologized this book recognizes that exceptional human experiences can and do have value for physical and mental health **Parapsychology** Etzel Cardeña, John Palmer, David Marcusson-Clavertz, 2015-08-14 Many

people have experienced such unusual phenomena as dreams that later seem to correspond with unforeseeable events thinking of a long lost friend just before he or she unexpectedly calls or the ability to feel the presence of deceased loved ones What many do not realize is that these types of experiences have been researched for more than a century by eminent scientists including Nobel laureates Most of these researchers have concluded that some of these phenomena do occur although we are far from explaining them to everyone's satisfaction This book is the first in almost 40 years to provide a comprehensive scientific overview of research in the field of parapsychology explaining what we know and don't know about so called psi phenomena such as telepathy precognition or psychokinesis Contributors evaluate the evidence for these phenomena accounting for factors such as selective memory wish fulfillment and incorrect methods or analyses in some cases offering psychological physical and biological theories Instructors considering this book for use in a course may request an examination copy here **The Cinema of Converging Lives** Lucy Fischer, Distinguished Professor Emerita Film

and Media Studies Lucy Fischer,2025-09-17 What happens when strangers meet in film In this book Lucy Fischer analyzes films by a diverse and international group of directors which portray the seemingly random intersection of separate lives Exploring this important category of the complex film genre she dissects the different narrative forces which bring the characters together and considers the relationship between this genre and rising loneliness and isolation worldwide

Transpersonal Research Methods for the Social Sciences William Braud,Rosemarie Anderson,1998-04-29 The authors explain and discuss a series of transpersonal research methods designed to help researchers develop new ways of investigating extraordinary human experiences of a subjective nature

Getting at Jesus Peter S. Williams,2019-01-29 Portraying themselves as challenging blind religious dogma with evidence led skepticism the neo atheist movement claims that the New Testament contains unreliable tales about a mythical figure who far from being the resurrected Lord of life may not even have lived This comprehensive critique documents the falsehood of these neo atheist claims correcting their historical and philosophical mistakes to show how we can get at the truth about the historical Jesus

Retrieving Apologetics Glenn B. Siniscalchi,2016-01-07 Given the popes recent statements of their desires to implement the New Evangelization it is imperative that Catholic theologians and other intellectually engaged laypersons retrieve the vital discipline of apologetics For the New Evangelization places particular emphasis on reproposing the Gospel to those who have experienced a crisis of faith due to secularization One salient method of Catholic apologetics used to be characterized by three demonstrations each of which assumes the conclusions established in the previous step s Some might think that this classical method of apologetics has been abandoned in the postconciliar Church but Siniscalchi s book updates it Unlike the classical apologetics of the preconciliar era Siniscalchi engages contemporary scholarship in a variety of academic disciplines such as philosophy history biblical studies sociology and theology to develop the steps that are necessary for showing the reasonableness of faith
