Secularists, Religion and Government in Nineteenth-Century America Timothy Verhoeven, 2018-12-19 This book shows how through a series of fierce battles over Sabbath laws legislative chaplains Bible

reading in public schools and other flashpoints nineteenth century secularists mounted a powerful case for a separation of religion and government Among their diverse ranks were religious skeptics liberal Protestants members of minority faiths labor reformers and defenders of slavery Drawing on popular petitions to Congress a neglected historical source the book explores how this secularist mobilization gathered energy at the grassroots level The nineteenth century is usually seen as the golden age of an informal Protestant establishment Timothy Verhoeven demonstrates that far from being crushed by an evangelical juggernaut secularists harnessed a range of cultural forces the legacy of the Revolutionary founders hostility to Catholicism a belief in national exceptionalism and more to argue that the United States was not a Christian nation branding their opponents as fanatics who threatened both democratic liberties as well as true religion *Village Atheists* Leigh Eric Schmidt, 2016-09-26 A compelling history of atheism in American public life A much maligned minority throughout American history atheists have been cast as a threat to the nation's moral fabric barred from holding public office and branded as irreligious misfits in a nation chosen by God Yet village atheists as these godless freethinkers came to be known by the close of the nineteenth century were also hailed for their gutsy dissent from stultifying pieties and for posing a necessary secularist challenge to majoritarian entanglements of church and state *Village Atheists* explores the complex cultural terrain that unbelievers have long had to navigate in their fight to secure equal rights and liberties in American public life Leigh Eric Schmidt rebuilds the history of American secularism from the ground up giving flesh and blood to these outspoken infidels including itinerant lecturer Samuel Porter Putnam rough edged cartoonist Watson Heston convicted blasphemer Charles B Reynolds and atheist sex reformer Elmina D Slenker He describes their everyday confrontations with devout neighbors and evangelical ministers their strained efforts at civility alongside their urge to ridicule and offend their Christian compatriots Schmidt examines the multilayered world of social exclusion legal jeopardy yet also civic acceptance in which American atheists and secularists lived He shows how it was only in the middle decades of the twentieth century that nonbelievers attained a measure of legal vindication yet even then they often found themselves marginalized on the edges of a God trusting Bible believing nation *Village Atheists* reveals how the secularist vision for the United States proved to be anything but triumphant and age defining for a country where faith and citizenship were and still are routinely interwoven **Black Freethinkers** Christopher Cameron, 2019-09-15 *Black Freethinkers* argues that contrary to historical and popular depictions of African Americans as naturally religious freethought has been central to black political and intellectual life from the nineteenth century to the present Freethought encompasses many different schools of thought including atheism agnosticism and nontraditional orientations such as deism and paganism Christopher Cameron suggests an alternative origin of nonbelief and religious skepticism in America namely the brutality of the institution of slavery He also traces the growth of atheism and agnosticism among African Americans in two major political and intellectual movements of the 1920s the New Negro Renaissance and the growth of black socialism and communism In a final chapter he explores the critical importance of

freethought among participants in the civil rights and Black Power movements of the 1960s and 1970s Examining a wealth of sources including slave narratives travel accounts novels poetry memoirs newspapers and archival sources such as church records sermons and letters the study follows the lives and contributions of well known figures including Frederick Douglass Zora Neale Hurston James Baldwin and Alice Walker as well as lesser known thinkers such as Louise Thompson Patterson Sarah Webster Fabio and David Cincore

Political Imagination Ira Katznelson, Gareth Stedman Jones, 2010-10-07 The theory of secularisation became a virtually unchallenged truth of twentieth century social science First sketched out by Enlightenment philosophers then transformed into an irreversible global process by nineteenth century thinkers the theory was given substance by the precipitate drop in religious practice across Western Europe in the 1960s However the re emergence of acute conflicts at the interface between religion and politics has confounded such assumptions It is clear that these ideas must be rethought Yet as this distinguished international team of scholars reveal not everything contained in the idea of secularisation was false Analyses of developments since 1500 reveal a wide spectrum of historical processes partial secularisation in some spheres has been accompanied by sacralisation in others Utilising new approaches derived from history philosophy politics and anthropology the essays collected in *Religion and the Political Imagination* offer new ways of thinking about the urgency of religious issues in the contemporary world

Scheidt, 2021-06-16 The number of people claiming no religious affiliation has skyrocketed in recent years and that growth shows no signs of slowing down But while the religiously unaffiliated demonstrate a variety of attitudes toward religious belief including in many cases a complete lack of interest a prominent subset of nonbelievers has claimed the mantle of atheism For them atheism has become a marker of identity and a source of community However atheists themselves often disagree about core ideas values affinities and attitudes Contemporary atheist culture is marked by debates over deconversion the relationship between
