

THE RATIONAL GOOD

-1921

Rational Good The

Fernando Simón-Yarza

Rational Good The:

The Rational Good Leonard T. Hobhouse, 2015-06-03 First published in 1921 this book explores the function of Reason in practical life It considers whether there is a Rational demonstrable standard of values to which the actions of man and the institutions of society may be referred for judgement and to what authority and power does it possess to influence the actual conduct of men and society

Good Practice in Rational Emotive Behaviour Therapy Windy Dryden, 2024-10-03 Good Practice in Rational Emotive Behaviour Therapy does exactly what it promises It helps the Rational Emotive Behaviour Therapy REBT therapist to pinpoint areas of good practice enabling them to make progress towards becoming competent practitioners Instead of focusing on what not to do in practice this revised second edition instead emphasises what to do Covering 101 areas of good practice this thoroughly updated second edition places emphasis on developing and maintaining the therapeutic alliance how to outline REBT for potential clients so that they can make an informed decision about whether to engage with the service and how to prepare clients to carry out their tasks in the therapy A new focus is also placed on online therapy This highly accessible and practical book is an indispensable guide for anyone embarking on a career in the REBT field

Desire, Practical Reason, and the Good Sergio Tenenbaum, 2010 The Guise of the Good thesis the view that desire intention or action always aims at the good has received renewed attention in the last twenty years The book brings together work on various issues related to this thesis both from contemporary and historical perspectives

Rationality and the Good Mark Timmons, John Greco, Alfred R. Mele, 2007-09-28 For over thirty years Robert Audi has produced important work in ethics epistemology and the theory of action This volume features thirteen new critical essays on Audi by a distinguished group of authors Fred Adams William Alston Laurence Bonjour Roger Crisp Elizabeth Fricker Bernard Gert Thomas Hurka Hugh McCann Al Mele Walter Sinnott Armstrong Raimo Tuomela Candace Vogler and Timothy Williamson Audi s introductory essay provides a thematic overview interconnecting his views in ethics epistemology and philosophy of action The volume concludes with his comprehensive response essay that yields an illuminating dialog with all his critics and often extends his previous work

Altruism and Social Capital Armida Salvati, 2008

and the social environment 33 2 7 Altruism as a by product 37 2 8 Is altruism rational 39 Conclusions 40 CHAPTER III COLLECTIVE ACTION AND THE THEORY OF MOVEMENT Introduction 45 3 1 Mobilization of resources and relative privation 45 3 2 The Identity theory 46 3 3 Identity and loyalty two models compared 47 3 4 Identity and recognition 48 3 5 Private happiness and public happiness 50 3 6 Identity and contract 51 3 7 Conditions of cooperation 53 3 8 Strategy and identity 54 CHAPTER IV SOCIAL CAPITAL AS A RESOURCE FOR COLLECTIVE ACTION 4 1 For a definition of social capital 57 4 2 Form and genesis of social capital 59 CHAPTER V SEARCHING FOR LOST ALTRUISM 5 1 Anti utilitarianism 63 5 2 Altruism and social capital 70 Bibliography 79

Sidgwick's Utility and Whitehead's Virtue Kevin K. J. Durand, 2002 Durand not identified examines the historical philosophical and theoretical development of Alfred North Whitehead's ethics explores his ethical commitments in comparison with the leading views of his day and the contemporary philosophical scene particularly the Utilitarian thought of Henry Sidgwick and how his views allow philosophers to overcome some of the persistent problems of philosophy Annotation copyrighted by Book News Inc Portland OR

Principia Ethica G. E. Moore, 2023-10-30 *Principia Ethica* by G. E. Moore is a philosophical masterpiece that delves into the fundamental principles of ethics and morality Moore's work is a profound exploration of the nature of good and the complexities of ethical decision making This book is essential reading for philosophy enthusiasts and those interested in moral philosophy as it offers a deep and rigorous examination of ethical concepts and the quest for moral truth It continues to influence contemporary ethical discussions and provides a solid foundation for ethical reasoning

Ethics With Aristotle Sarah Broadie, 1993-09-30 This is a close and comprehensive study of the main themes of Aristotle's ethics Sarah Broadie concentrates on what he has to teach about happiness virtue voluntary agency practical reason incontinence pleasure and the place of theoria in the best life Never forgetting that ethics for Aristotle is above all a practical enterprise she sheds new light on ways in which this practical orientation affects both content and method of his inquiry The book culminates in a sustained argument showing how even Aristotle's ideal of theoretic contemplation is integral to his essentially practical vision of human nature *Ethics with Aristotle* is a major contribution toward the further understanding of Aristotle's ethics

The Good, the Bad, and the Just Riël Vermunt, 2016-03-16 Drawing on multidisciplinary findings and ideas this book discusses fair allocation of social resources such as goods services and information in a novel and integrated way The role of the essential features of allocation behavior motivation cognition and emotion as well as morality and reactions to perceived unfairness are examined in the newly developed Justice Model The author offers explanations as to why how and to what extent people in an effort to attain justice allocate social resources between self and others and among others It is held that the allocation event featuring actor recipient and observer as well as the resources to be allocated by an actor can function as a guideline for the essentials of fair behavior The work explores the conditions under which an actor may deviate from a just division of social resources thus instigating a reaction from recipients and observers The study covers various levels of analysis ranging from the intra

personal to the societal The book will be of interest to academics and researchers working in the areas of crime law justice public policy and governance Collected Papers John Rawls,2001-03-02 Before and after writing his great treatises Rawls produced a steady stream of essays They are important in and of themselves because of the deep issues about the nature of justice moral reasoning and liberalism they raise as well as for the light they shed on the evolution of Rawls s views

Between Desire and Reason Fernando Simón-Yarza,2019-11-06 Respect for and promotion of human rights have come to be seen as the basis of legitimacy of modern Western civilization There is nevertheless a striking contrast between our common view on the importance of rights and our profound disagreement on their meaning and content This disagreement has become increasingly sharp in the last decades due to the emergence of controversial new rights This book offers an in depth account of the most important moral debates exploring the ethical and political foundations underlying the different understandings of rights In the first part the author focuses on the role played by the ideas of good and reason in the Thomistic Aristotelian and Kantian traditions and he compares those concepts with the main currents of contemporary liberalism which among other things focus on our emancipation from the limits of nature The book attempts to show the dehumanizing effects of denying the relevance of integral human good in defining the scope of human rights and liberties and offers an alternative way forward for our understanding of human rights in a pluralistic society Acting for the Common Good Michael J. McGrath,2023-08-08 The goods that we pursue in our lives are for us first and foremost goods that are particular and personal and thus goods that are immediate to our attention Not readily apparent to us are goods necessary for the flourishing of our lives but that can be attained by us only in consort with others and thus realized only through collective action Such goods are common goods The wider the good the more extensive must be the human cooperation to realize the good A stable orderly society and a habitable planetary environment are common goods that can be realized only in and through the cooperation of all for the benefit of all That all contribute to the shared good of the whole is a matter of justice social justice Acting for the Common Good undertakes the study of social justice in light of the common good this from the viewpoint of Catholic social teaching which draws upon the tradition of the common good that is articulated classically in the philosophy of Aristotle and the theology of Thomas Aquinas and in the modern day social thought and authoritative teachings of the Catholic Church *Kant's Ethical Thought* Allen W. Wood,1999-08-28 A major new study of Kant s ethics **Behind the Story: Ethical Readings of Qur'ānic Narratives** ,2024-07-29 Behind the Story Ethical Readings of Qur nic Narratives is a pivotal work that presents groundbreaking research on the Qur nic narrative as a literary genre with profound moral significance It underscores the genre s integral role in shaping Islamic moral thought as manifested in areas like Islamic law theology Sufism politics and art The book offers insightful interpretations of various Qur nic narratives delving into their ethical dimensions and challenges It also examines their historical reception and influence across both Muslim and non Muslim scholarship covering diverse disciplines such as mysticism art and applied ethics This

volume stands as an invaluable resource for scholars and students seeking a deeper understanding of the Qur'anic narrative and its multifarious interpretations in the context of Islamic Studies and beyond Contributors Taira Amin Halla Attallah Bilal Badat Fatih Ermi Mohammad Fadel Hannelies Koloska Samer Rashwani Emmanuelle Stefanidis and Devin Stewart **What Is Good and Why** Richard Kraut, 2007-04-30 What is good how do we know and how important is it In this book one of our most respected analytical philosophers reorients these questions around the notion of what causes human beings to flourish Observing that we can sensibly address what is good for plants and animals no less than what is good for people Kraut applies a general principle to the entire living world what is good for complex organisms consists in the exercise of their natural powers *Santayana-Arg Philosophers* Timothy L. S. Sprigge, 2013-07-04 First published in 1999 The purpose of this series is to provide a contemporary assessment and history of the entire course of philosophical thought Each book constitutes a detailed critical introduction to the work of a philosopher of major influence and significance The arguments of the philosophers take on many differing forms Those of George Santayana bear little similarity to what we find today in the Journal of Philosophy indeed some have been misled by his imagery and splendid prose style to believe that no arguments are being made at all in Santayana's many books Timothy Sprigge's gift is an ability to draw clear ties between these writings and important contemporary issues and to show that Santayana makes a contribution to today's arguments **Rationality and the Ideology of Disconnection** Michael Taylor, 2006-07-24 A powerful and provocative critique of the foundations of Rational Choice theory and the economic way of thinking about the world written by a former leading practitioner The target is a dehumanizing ideology that cannot properly recognize that normal people have attachments and commitments to other people and to practices projects principles and places which provide them with desire independent reasons for action and that they are reflective creatures who think about what they are and what they should be with ideals that can shape and structure the way they see their choices The author's views are brought to bear on the economic way of thinking about the natural environment and on how and when the norm of fair reciprocity motivates us to do our part in cooperative endeavors Throughout the argument is adorned by thought provoking examples that keep what is at stake clearly before the reader's mind The Rediscovery of the Highest Good Stuart C. Hackett, 2009-03-01 Stuart Hackett's The Rediscovery of the Highest Good originally handwritten in spiral notebooks is a masterwork of philosophical ethics that guides readers through 2300 years of discourse on the issue of morality from Plato through Kierkegaard and Nietzsche It is the destiny of every human person to decide Hackett opens Whether our choices are genuinely free or inevitably determined invariably trivial or occasionally momentous carelessly settled or reflectively reasoned at least in one sense all this makes no difference for the one thing about which persons have no choice is that we unavoidably and necessarily must choose and cannot therefore escape our responsibility to do so From this matter of fact beginning Hackett builds a coherent case for a modified teleological position while providing fleeting personal glimpses into his lifelong romance with philosophical contemplation

From the opening page all the arguments are set down in a steady line of development aimed unerringly toward a preconceived goal At various points Hackett s summations produce a cerebral satisfaction that could almost be described as aesthetic a kind of sheer intellectual pleasure akin to beauty Recovery of the Highest Good is the culmination of forty years of reflection from a theistic perspective and is likely to be an invaluable handbook for inquirers in future generations

Beyond the Instrumentalised Economy Garrett Thomson, 2025-01-27 The concept of an economy requires us to characterise what human life and society are fundamentally about or what is valuable and why This includes our social relations with each other and to the ecosystems we live in as well as our happiness well being and flourishing Beyond the Instrumentalised Economy defines what work consumption and the use of natural resources would look like if they were not instrumentalised This enables the reader to see how a company would work in a non instrumentalised economy and what would constitute a non instrumentalised market Based on this the book provides insight concerning how investment would work in such an economy and the main features of a non instrumentalised financial system **Ethics and Practical**

Reason Garrett Cullity, Berys Gaut, 1997-11-20 These thirteen new specially written essays by a distinguished international line up of contributors including some leading contemporary moral philosophers give a rich and varied view of current work on ethics and practical reason The three main perspectives on the topic Kantian Humean and Aristotelian are all well represented The editors introduction provides a valuable introductory survey of the topic putting the individual essays in context Ethics and Practical Reason will be essential reading for scholars postgraduates and upper level undergraduates working in this area These thirteen new specially written essays by a distinguished international line up of contributors including some leading contemporary moral philosophers give a rich and varied view of current work on ethics and practical reason The three main perspectives on the topic Kantian Humean and Aristotelian are all well represented Issues covered include the connection between reason and motivation the source of moral reasons and their relation to reasons of self interest the relation of practical reason to value to freedom to responsibility and to feelings The editors introduction provides a valuable introductory survey of the topic putting the individual essays in context Ethics and Practical Reason will be essential reading for scholars postgraduates and upper level undergraduates working in this area
