## **Rauf Denktash At The United Nations Speeches On Cyprus:**

Rauf Denktash at the United Nations Rauf R. Denktas, Michael Moran, 1997 In 1964 the UN Security Council made the fateful decision in setting up a UN force in Cyprus to keep the peace to treat the then purely Greek Cypriot government in office as the Government of Cyprus Rauf Denktash at the United Nations Rauf R. Denktas, 1997 EU Accession and UN Peacemaking in Cyprus J. Ker-Lindsay, 2005-08-10 This work traces the attempts by the United Nations to bring about the reunification of Cyprus prior to the island's accession to the European Union on 1 May 2004 In addition to charting the course of previous efforts to solve the Cyprus issue the book recounts the direct discussions between the two sides from January 2002 through to April 2004 and analyses the reasons why the UN plan was rejected in a referendum

Peacemaking Strategies in Cyprus Eleftherios A. Michael, 2015-09-04 This book takes a systematic and holistic approach to examining all 41 peacemaking initiatives used to settle the Cyprus question from 1955 onward under the auspices of the United Nations and or other actors in the international system including the United States Canada the UK Greece and Turkey The analysis of peacemaking strategies dynamics and obstacles fleshes out numerous relationships between i peacemaking processes dynamics and outcomes from signaling to negotiations and to post accord completion and implementation ii concessions constraints and leverage during peacemaking negotiations and third party mediation and iii obstacles to finding an endgame solution and satisfying conditions for lasting peace expectations that all parties can agree on and implement successfully After documenting 62 interviews with top political leaders in Cyprus including top tier elected elites and third party mediators and about 70 more interviews with key informants including academics researchers members of negotiating teams technical committees and working groups this book concludes with a plethora of descriptive as well as prescriptive propositions on how peacemaking processes could lead to more sustainable and implementable peacemaking initiatives in Cyprus and in similar protracted and seemingly intractable cases The History and Politics of the Cyprus Conflict Clement Dodd, 2010-04-21 The Cyprus conflict was for long an inactive volcano but it erupted violently in 1955 1963 and 1974 Now more of a smouldering fire its persistence is a serious obstacle on Turkey's route to EU accession Uniquely utilizing Turkish sources this book looks at how the conflict has developed since 1978 **Cyprus** Rauf R. Denktas, 2009 **Blue Helmet Bureaucrats** Margot Tudor, 2023-04-27 A history of colonial legacies in United Nations peacekeeping operations in the aftermath of the Second World War Cyprus: A European Anomaly Michael Moran (Expert on Cyprus), 2010 I have published most of the items in this booklet before Denktas's speech before the United Nations UN Security Council in 1964 was included in my edition of Rauf Denktash at the United Nations Speeches on Cyprus The Eothen Press Huntingdon 1997 and except for a few small changes my opening essay here differs little from the first chapter of my book Sovereignty Divided Essays on the International Dimensions of the Cyprus Problem CYREP Nicosia 1998 third enlarged imprint 1999 These earlier works are now out of print and will probably remain so But given the current stage of the seemingly interminable

negotiations for a settlement in Cyprus I thought it might be useful to make certain items available once more for the benefit of those diplomats government officials European Union EU parliamentarians academics journalists and other persons interested in Cyprus many of whom may have only recently become concerned with the extraordinary intractable problems of the divided island More especially this booklet should help those who are tempted to accept a largely Greek account of what is at stake in Cyprus to realise that such a one sided conception will never lead to the just equitable and permanent reconciliation between the two Cypriot communities that the international community has been seeking for so long

**Cyprus** Vassilis K. Fouskas,Alex O. Tackie,2009-03-20 This book provides a non partisan approach to Cyprus that goes beyond the perceptions of ruling elites on the island and their NATO masters which are historically responsible for the division of Cyprus today Fouskas and Tackie argue that the rise to power of two left wing parties on both sides of the Green Line means it is time to launch a serious political dialogue to initiate a post imperial constitutional process This is a feasible undertaking not least because Cyprus is a member of the EU but not a member of NATO Short and accessible this book aims to revive a debate in the spirit of Dervis Ali Kavatzoglou and Constantine Misiaoulis popular symbols of a united democratic and independent Cyprus

**Conflict Resolution and Ontological Security** Bahar Rumelili,2014-12-17 This volume highlights the ways in which the prospect of peace can generate anxieties and consequently set in motion social and political processes that reproduce and reactivate conflicts In analysing this issue the volume builds on the notion of ontological security and its recent applications to international relations theory Although conflicts threaten the physical security of the parties involved they also help settle existential questions about basic parameters of life being and identity and thus over time become sources of ontological security The prospect of peace through the resolution or transformation of conflict threatens to unsettle the stability and consistency of self narratives and their associated routines and habits at the individual group and state levels The contributors argue two key points 1 that ontological insecurity may set in motion political and social processes that reproduce and reactivate conflicts 2 that coping with peace anxieties necessitates the formulation of alternative self narratives at the individual societal and state levels that re situate the Self in relation to Other and to the world at large Consequently the book analyses the ways in which and the conditions under which conflict resolution induces ontological insecurity and the different ways in which ontological insecurity has prevented the successful culmination of peace processes in different conflict contexts including Cyprus Israel Palestine and Northern Ireland This book will be of much interest to students of critical security studies conflict resolution peace and conflict studies social theory and IR in general
