Law's Relations Jennifer Nedelsky, 2011-10-11 Jennifer Nedelsky claims that we must rethink our notion of autonomy rejecting the usual vocabulary of control boundaries and individual rights If we understand that we are fundamentally in relation to others she argues we will recognize that we become autonomous with others House: The Wounded Healer on Television Luke Hockley, Leslie Gardner, 2010-11-10 House MD is a globally successful and long running medical drama House The Wounded Healer on Television employs a Jungian perspective to examine the psychological construction of the series and its namesake Dr Gregory House The book also investigates the extent to which the continued popularity of House MD has to do with its representation of deeply embedded cultural concerns It is divided into three parts Diagnosing House Consulting House and Dissecting House and topics of discussion include specific details themes motifs and tropes throughout the series narrative character and visual structure the combination of performative effects text and images of the doctor and his team the activities of the hero the wounded healer and the puer aeternus Offering an entirely fresh perspective on House MD with contributions from medical professionals academics and therapists this book is essential reading for students and scholars of Jungian psychology The inclusion of a glossary of Jungian terms means that this book can also be enjoyed by fans of House MD who have been seeking a more in depth analysis of the series **Ambiguity and Gender in the New Novel of Brazil and Spanish America** Judith A. Payne, Earl E. Fitz, 1993-05 In this first book length study to compare the new novels of both Spanish America and Brazil the authors deftly examine the differing perceptions of ambiguity as they apply to questions of gender and the participation of females and males in the establishment of Latin American narrative models Their daring thesis the Brazilian new novel developed a more radical form than its better known Spanish speaking cousin because it had a significantly different approach to the crucial issues of ambiguity and gender and because so many of its major practitioners were women As a wise strategy for assessing the canonical new novels from Latin America the coupling of ambiguity and gender enables Payne and Fitz to discuss how borders literary generic and cultural are maintained challenged

or crossed Their conclusions illuminate the contributions of the new novel in terms of experimental structures and narrative techniques as well as the significant roles of voice theme and language Using Jungian theory and a poststructural optic the authors also demonstrate how the Latin American new novel faces such universal subjects as myth time truth and reality Perhaps the most original aspect of their study lies in its analysis of Brazil s strong female tradition Here issues such as alternative visions contrasexuality self consciousness and ontological speculation gain new meaning for the future of the novel in Latin America With its comparative approach and its many bilingual quotations *Ambiguity and Gender in the New Novel of Brazil and Spanish America* offers an engaging picture of the marked differences between the literary traditions of Portuguese speaking and Spanish speaking America and thus new insights into the distinctive mindsets of these linguistic cultures

course may request an examination copy here *Love Matters For Psychic Transformation* Maja Reinau, 2016-02-16 *Love Matters for Psychic Transformation* is woven by a profound respect and love for the soul and the transformative powers of the Body Psyche. It is an exploration of the embodied psychic transformation in the specific context of the BodySoul Rhythms work BSR developed by Ann Skinner Mary Hamilton and Marion Woodman. In describing the BSR work interviewing six women about their experiences and linking the BSR approach with the new neuroscience developmental psychology change in therapy attachment theory and relational trauma Dr Reinau brings to light all that the BSR approach has to offer. It is with relief and pleasure that I write this endorsement. Relief comes because someone with clarity accuracy and care has outlined the consonants of the work of BSR. Pleasure because the vowels of the work have been explored in an authentic voice from an open heart with a keen intelligence and from several well studied points of view. Once again Maja Reinau has put on her diving costume gone down and this time surfaced with the pearl *Love Matters in Psychic Transformation*. Thank you Maja Ann Skinner co creator of Body Soul Rhythms. *Love Matters For Psychic Transformation* is a gift to the many women who have benefited from the BSR work. Dr Reinau is able to delve deeply into the methodology of BodySoul work without destroying the mystery. It is a treasure of information for those who seek this way of transformation in their lives. The interviews deepen the mystery as well as the understanding of the work. Dr Reinau's ability to link BodySoul experience to early developmental theories and to neuroscience provides the path to her conclusion that it is all about love. A conclusion with which I am sure Marion Woodman would agree. Everyone who seriously considers understanding BodySoul work should read *Love Matters for Psychic Transformation*. The Borders of Nightmare Michael Hurley, 1992-12-15 John Richardson was Canada's first native born poet novelist and The Father of Canadian Literature. Michael Hurley offers the first detailed account of Richardson's fiction rather than of his life or sociological importance. Hurley makes a convincing case for Richardson as an important early cartographer of the Canadian imagination and the originator of Southern Ontario Gothic. He explores Richardson's influence on James Reaney Alice Munro Robertson Davies Christopher Dewdney Frank Davey and Marian Engel. Arguing that Wacousta and The Canadian Brothers hold central places in our literature Hurley shows how these two works established a set of boundaries that our national literary discourse has largely kept hidden. Focusing on the protean concept of the border in the fiction of this man from the periphery *The Borders of Nightmare* underlines the importance of boundaries margins shifting edges and the coincidence of equally matched opposites in necessary balance to both Richardson and subsequent writers. In an age of postmodernism these novels riddled as they are with discontinuities paradoxes ambiguity and unresolved dualities that problematize the whole notion of a stable coherent national or personal identity anticipate and define a number of concerns that preoccupy us today. *The Trans and Non-Binary Hero's Journey* Valerie Estelle Frankel, Dean Leetal, 2024-07-10 A
