Performing Arts and Therapeutic Implications Tanvi Bajaj, Swasti Shrimali Vohra, 2015-08-12 Presenting an alternative perspective this book proposes that performing arts forge an emotional bond between the performer and the audience making the act of performance a therapeutic and restorative experience and not merely recreational Studying the life experiences of six artists and their unique engagement with three art forms music drama and dance the book highlights the physical emotional mental and spiritual effects of performing arts both on the performers and the audience More importantly it takes the current understanding of the therapeutic role of arts beyond a deficit model of health that focuses on their use in curing illnesses disabilities and imbalances towards a more positive growth centric model that relates them to promoting holistic mental health well being and happiness It thus bridges the gap between the theoretical understanding of creative arts therapy and the practical experience of performing arts in non therapeutic settings Further it assumes increasing relevance with respect to fast changing lifestyles to which stress and ill health are often attributed The book will appeal to artists educators and researchers of performing arts applied psychology counselling and therapy and cultural studies as well as interested general readers

Communities of Imagination Catherine Diamond, 2016-11-30 Asian theatre is usually studied from the perspective of the major traditions of China Japan India and Indonesia Now in this wide ranging look at the contemporary theatre scene in Southeast Asia Catherine Diamond shows that performance in some of the lesser known theatre traditions offers a vivid and fascinating picture of the rapidly changing societies in the region Diamond examines how traditional modern and contemporary dramatic works with their interconnected styles stories and ideas are being presented for local audiences She not only places performances in their historical and cultural contexts but also connects them to the social political linguistic and religious movements of the last two decades Each chapter addresses theatre in a different country and highlights performances exhibiting the unique conditions and concerns of a particular place and time Most performances revolve in some manner around contemporary modernity questioning what it means for good or ill to be a part of the globalized world Chapters are grouped by three general and overlapping themes The first which includes Thailand Vietnam and Bali is characterized by the increased participation of women in the performing arts not only as performers but also as playwrights and directors Cambodia Singapore and Myanmar are linked by a shared concern with the effects of censorship on theatre production A third group the Philippines Laos and Malaysia is distinguished by a focus on nationalism theatres are either contributing to official versions of historical and political events or creating alternative narratives that challenge those

interpretations Communities of Imagination shows the many influences of the past and how the past continues to affect cultural perceptions It addresses major trends suggesting why they have developed and why they are popular with the public It also underscores how theatre continues to attract new practitioners and reflect the changing aspirations and anxieties of societies in immediate and provocative ways even as it is being marginalized by television film and the internet The book will be of interest to students and scholars of theatre and performance Asian literature Southeast Asian studies cultural studies and gender studies Travelers wishing to attend local performances as part of their experience abroad will find it an essential reference to theatres of the region
