**Œuvres de George Sand** George Sand, 1838      Henry Handel Richardson Vol 1 Probyn, Clive, Steele, Bruce, 2013-07-17

This three volume set marks the first time any Australian literary writer has had his/her correspondence published in its entirety. The letters of Henry Handel Richardson were opened in March 1996 to unrestricted access but none of the letters may be published until this edition of the complete correspondence has been released. At present there are approximately 1800 unpublished manuscript letters to and from HHR which form a correspondence between Australia, England, Germany, Italy and the USA for the period 1874 to 1946. The letters shed much new light on HHR's biography, her artistic methods, her personal life, her friendships and antagonisms, her response to Australian readers and to expatriation and her efforts to maintain a literary life apart from her personal life. They include HHR's earliest letter and trace her student days in Leipzig, the publication of *Maurice Guest*, *The Getting of Wisdom*, *The Fortunes of Richard Mahoney*, *The End of a Childhood* and *The Young Cosima* and her experience of life in wartime England. Some of the most vivid letters describe her schooldays, the biographical context for *The Getting of Wisdom*, her memories of the Australian bush, her relationship with Vance and Nettie Palmer, her meetings with Miles Franklin and her views on contemporary writing. The letters to Mary Kernot provide constant linkages between life in England and Australia during the most formative period for modern Australian literature, including the negotiations for HHR's Nobel Prize nomination.

**Naming and Unnaming** Jordan Stump, 1998-01-01 Naming and Unnaming is a dazzling study that centers on the work of Raymond Queneau, one of the most influential French novelists of the twentieth century. Jordan Stump takes as his subject the many implications, epistemological, political, literary, sometimes even physical, of naming in Queneau's remarkable novels. From the idea that the names of characters offer a more immediate and perhaps even a more intimate understanding of their souls than we might glean from their words and deeds, he has grown the broad field of inquiry known as literary onomastics. Stump argues that there is another approach to the literary proper name, one that concentrates not on the meaning of names but on the meaning of the use of those names, the ways in which the characters and narrator of a novel address or refer to others. Naming and Unnaming considers the literary and philosophical implications of names and naming. Stump examines four issues in Queneau's novels: the nature of writing and of creation in general, the possibility or impossibility of knowledge, the relationship between the individual and the group, and the uses of power and control in relation to which naming emerges as a force both powerful and utterly impotent. By exploring these forces and their evocation, Stump reveals the complexity of both the act of naming and the novels of Queneau.

**After Brexit** Graham Pryor, 2018-12-03 In 2016 Britain's political class brought schism and rancour to the nation: the referendum on membership of the European Union, EU-dividing countries, workplaces and families in a manner unseen since the seventeenth century. The government's incompetence displayed in the subsequent withdrawal negotiations did nothing to heal the rift in society, and following the United Kingdom's eventual exit from the EU, the opposing sides, Leaver and Remainer, continued their hostilities. As economic and social conditions worsened

civil war erupted onto the streets In this unhappy shape the nation was prey to all manner of self styled saviours One a visitor from a Britain of the future becomes the medium through which to escape the miserable conditions that the politicians had na vely delivered But is it possible truly to escape the past
