Stark's writing is not specifically sited in visual art but is rooted in the condition of contemporary life encountering along the way the literary tradition, music and philosophy. These provide the backbone to much of her thinking as do the problems faced by being both an artist and writer today. These themes are presented through a pseudo autobiographical style which frequently presents itself as poetic musings that create meandering, off-centred texts that are often humorous and at the same time highly readable. This book also includes facsimiles of *The Unspeakable Compromise of the Portable Work of Art* as well as specially designed pages by Stark making this anthology a fascinating insight into the artist's practice. The book includes a forward by Matthew Higgs. *Books In Print 2004-2005* Ed Bowker, Staff, Staff, Bowker, Ed, 2004. **KünstlerInnen**, 1997. *We're Not Here to Entertain* Kevin Mattson, 2020-05-14. Many remember the 1980s as the era of Ronald Reagan, a conservative decade populated by preppies and yuppies dancing to a soundtrack of electronic synth pop music. In some ways it was the MTV generation. However, the decade also produced some of the most creative works of punk culture from the music of bands like the Minutemen and the Dead Kennedys to avant garde visual arts, literature, poetry and film. In *We're Not Here to Entertain* Kevin Mattson documents what Kurt Cobain once called a punk rock world, the all-encompassing hardcore indie culture that incubated his own talent. Mattson shows just how widespread the movement became, ranging across the nation from D.C. through Ohio and Minnesota to LA and how democratic it was due to its commitment to Do It Yourself (DIY) tactics. Throughout Mattson puts the movement into a wider context, locating it in a culture war that pitted a blossoming punk scene against the new president Reagan's talk about end days and nuclear warfare, generated panic, his tax cuts for the rich and simultaneous slashing of school lunch program funding, made punks who saw themselves as underdogs seethe at his meanness. The anger went deep since punks saw Reagan as the country's entertainer in chief, his career from radio to Hollywood and television synched to the very world punks rejected. Through deep archival research Mattson reignites the heated debates that punk's opposition generated in

that era about everything from straight edge ethics to anarchism to the art of dissent By reconstructing the world of punk Mattson demonstrates that it was more than just a style of purple hair and torn jeans In so doing he reminds readers of punk's importance and its challenge to simplistic assumptions about the 1980s as a one dimensional conservative epoch *The Beat and the Buzz* Richard Hertz,2009 Current Biography Yearbook ,2005 The aim of Current Biography Yearbook is to provide reference librarians students and researchers with objective accurate and well documented biographical articles about living leaders in all fields of human accomplishment Whenever feasible obituary notices appear for persons whose biographies have been published in Current Biography Publisher Pay for Your Pleasures Cary Levine,2013-06-11 Mike Kelley Paul McCarthy and Raymond Pettibon these Southern California artists formed a bad boy trifecta Early purveyors of abject art the trio produced work ranging from sculptures of feces to copulating stuffed animals and gained notoriety from being perverse Showing how their work rethinks transgressive art practices in the wake of the 1960s Pay for Your Pleasures argues that their collaborations as well as their individual enterprises make them among the most compelling artists in the Los Angeles area in recent years Cary Levine focuses on Kelley's McCarthy's and Pettibon's work from the 1970s through the 1990s plotting the circuitous routes they took in their artistic development Drawing on extensive interviews with each artist he identifies the diverse forces that had a crucial bearing on their development such as McCarthy's experiences at the University of Utah Kelley's interest in the Detroit based White Panther movement Pettibon's study of economics and how all three participated in burgeoning subcultural music scenes Levine discovers a common political strategy underlying their art that critiques both nostalgia for the 1960s counterculture and Reagan era conservatism He shows how this strategy led each artist to create strange and unseemly images that test the limits of not only art but also gender roles sex acceptable behavior poor taste and even the gag reflex that separates pleasure from disgust As a result their work places viewers in uncomfortable situations that challenge them to reassess their own values The first substantial analysis of Kelley McCarthy and Pettibon Pay for Your Pleasures shines new light on three artists whose work continues to resonate in the world of art and politics **We Were Going to Change the World** Stacy Russo,2017-09-12 The punk rock scene of the 1970s and 80s in Southern California is widely acknowledged as one of the most vibrant creative periods in all of rock and roll history And while many books have covered the artists who contributed to the music of that era none have exclusively focused on the vitality and influence of the women who played such a crucial role in this incredibly dynamic and instrumental movement We Were Going to Change the World captures the stories of women who were active in the SoCal punk rock scene during this historic time adding an important voice to its cultural and musical record Through exclusive interviews with musicians journalists photographers and fans Stacy Russo has captured the essence of why these women were drawn to punk rock what they witnessed and how their involvement in this empowering scene ended up influencing the rest of their lives From such hugely influential musicians and performers as Exene Cervenka Alice Bag Kira Phranc Johanna Went Teresa Covarrubias and
