P. C. Kemeny

Re Enchantment Of Political Science Christian Scholars Engage Their Discipline:

The Re-enchantment of Political Science Thomas W. Heilke, Ashley Woodiwiss, 2001-01-01 Religion and politics appear together in newspaper headlines more today than ever before Questions about the relationship between religion and politics on theoretical historical and behavioral levels are likewise heavily debated behind the front pages by scholars in political science who demonstrate the new Christian thinking The Re Enchantment of Political Science engages these scholars in an interdisciplinary conversation concerning the identity and ends of Christian political science It considers whether and to what extent the community of Christian scholarship within its own narrative religious traditions can add a distinctive and significant dimension to the discipline of political science Contributors also explore how the new Christian thinking informs political theory and its subfields including liberalism communitarianism and critical theory Finally the book describes how policy studies are possible within a Christian framework using standard scholarly tools of analysis The Re Enchantment of Political Science in revealing the growing theoretical and methodological sophistication of faith informed political science charts the terrain of political science today

The Oxford Handbook of Religion and American Politics Corwin E. Smidt, Lyman A. Kellstedt, James L. Guth, 2017 Over the past three decades the study of religion and politics has gone from being ignored by the scholarly community to being a major focus of research Yet because this important research is not easily accessible to nonspecialists much of the analysis of religion's role in the political arena that we read in the media is greatly oversimplified This Handbook seeks to bridge that gap by examining the considerable research that has been conducted to this point and assessing what has been learned what remains unsettled due to conflicting research findings and what important questions remain largely unaddressed by current research endeavors The Handbook is unique to the field of religion and American politics and should be of wide interest to scholars students journalists and others interested in the American political scene

Introduction to Political Science Fred Van Geest, 2017-07-04 Christians are called to be informed about political science as they seek to be ambassadors for Christ in a diverse society In this introductory textbook Fred Van Geest presents a balanced Christian perspective on political science providing a nonpartisan guide to the key concepts institutions and policies that shape politics today

Just Politics Ronald J. Sider, 2012-09-01 Evangelicals today probably have more political influence in the United States than at any time in the last century but they might not be certain what to do with it It has been difficult to develop a unified voice on pressing issues such as social justice and moral renewal Bestselling author and theologian Ron Sider offers a biblically grounded factually rooted Christian approach to politics that cuts across ideological divides Shaped by a careful study of society this book will guide readers into more thoughtful and effective political activity It addresses perennially tough questions that often divide the church and includes a case study of the federal deficit debate Practical balanced and nonpartisan this book will be a welcome resource during the 2012 presidential race This is a revised version of what was previously published as The

Scandal of Evangelical Politics **The Oxford Handbook of Western Music and Philosophy** Tomás McAuley, Nanette Nielsen, Jerrold Levinson, Ariana Phillips-Hutton, 2021 The Oxford Handbook of Western Music and Philosophy celebrates the ways in which musicians have historically called upon philosophy as a source of inspiration and encouragement and scholars of music through the ages have turned to philosophy for insight into music and into the worlds that sustain it *Theology and Public Philosophy* Kenneth L. Grasso, Cecilia Rodriguez Castillo, 2012-05-18 This volume brings together eminent theologians philosophers and political theorists to discuss the relevance of theology and theologically grounded moral reflection to contemporary America's public life and argument Avoiding the focus on hot button issues shrill polemics and sloganeering that so often dominate discussions of religion and public life the contributors address such subjects as how religious understandings have shaped the moral landscape of contemporary culture the possible contributions of theologically informed argument to contemporary public life religious and moral discourse in a pluralistic society and the proper relationship between religion and culture Indeed in the conviction that serious conversation about the type of questions being explored in this volume is in short supply today this volume is organized in a manner designed to foster authentic dialogue Each of the book's four sections consists of an original essay by an eminent scholar focusing on a specific aspect of the problem that is the volume's focus followed by three responses that directly engage its argument or explore the broader problematic it addresses The volume thus takes the form of a dialogue in which the analyses of four eminent scholars are each engaged by three interlocutors *American Catholics and Civic Engagement* Margaret O'Brien Steinfels, 2004 Sheed Ward proudly presents the first of two volumes in a groundbreaking series called American Catholics in the Public Square The result of a three year study sponsored by Pew aimed at understanding the contributions to U.S. civic life of the Catholic Jewish mainline and evangelical Protestant African American Latino and Muslim communities in the United States the two volumes in this series gather selected essays from the Commonweal Colloquia and the joint meetings organized by the Commonweal Foundation and The Faith and Reason Institute a conservative think tank in Washington Theology, Political Theory, and Pluralism Kristen Deede Johnson, 2007-01-25 How can we live together in the midst of our differences This is one of the most pressing questions of our time Tolerance has been the bedrock of political liberalism while proponents of agonistic political thought and radical democracy have sought an answer that allows a deeper celebration of difference Kristen Deede Johnson describes the move from tolerance to difference and the accompanying move from epistemology to ontology within political theory Building on this ontological turn in search of a theological answer to the question she puts Augustine into conversation with recent political theorists and theologians This theological option enables the Church to envision a way to engage with contemporary political society without losing its own embodied story and practices It contributes to our broader political imagination by offering a picture of rich engagement between the many different particularities that constitute a pluralist society **Handbook of Bioethics and Religion** David E. Guinn, 2006-08-10 What

role should religion play in a religiously pluralistic liberal society Public bioethics unavoidably raises this question in a particularly insistent fashion As the 20 papers in this collection demonstrate the issues are complex and multifaceted The authors address specific and highly contested issues as assisted suicide stem cell research cloning reproductive health and alternative medicine as well as more general questions such as who legitimately speaks for religion in public bioethics what religion can add to our understanding of justice and the value of faith based contributions to healthcare Christian Catholic and Protestant Jewish Islamic and Buddhist viewpoints are represented The first book to focus on the interface of religion and bioethics this collection fills a significant void in the literature

In the Days of Caesar Amos Yong, 2010-09-14 In the Days of Caesar is a constructive political theology formulated in sustained dialogue with the Pentecostal and charismatic renewal one of the most vibrant religious movements at the beginning of the twenty first century Amos Yong here argues that the many tongues practices and gifts of renewal Christianity offer up new resources for thinking about how Christian community can engage and transform the social political and economic structures of the world Yong has three goals here First he seeks to correct stereotypes of Pentecostalism both political and theological Secondly he aims to provoke Pentecostals to reflect theologically from out of the depths of their own Pentecostalism rather than merely to adopt some framework for theological or political self understanding Finally Yong shows that a distinctively Pentecostal form of theological reflection is not a parochial activity but has constructive potential to illuminate Christian belief and practice This book's engagement with political theology from a Pentecostal perspective is the first of its kind

The Kuyper Center Review, Volume 4 Gordon Graham, John Bowlin, 2014-04-20 This volume of essays is a new step by the Abraham Kuyper Center for Public Theology at Princeton Theological Seminary to stimulate new work in the broad area of Reformed theology and public life The contributions here deal largely with political themes some contemporary some historical

Humanity Before God William Schweiker, Michael A. Johnson, Kevin Jung, Much of the rampant violence in the world today seems rooted in religion and daily we see its vast potential for both creation and destruction In the face of religious extremism religious pluralism and globalization it has become profoundly important to reassess what the three often conflicting Abrahamic traditions affirm about being human before God

The Journal of Politics, 2004 Includes section Book reviews

Christian Scholar's Review, 2007

Scandal of Evangelical Politics, The Ronald J. Sider, 2008-02 The Scandal of Evangelical Politics provides evangelical Christians with a systematic political philosophy that is balanced and nonpartisan to guide and sustain political activism

Religion, Scholarship, and Higher Education Andrea Sterk, 2001 Religion Scholarship and Higher Education explores foundational issues surrounding the interaction of religion and the academy in the twenty first century Featuring the work of eighteen scholars from diverse institutional disciplinary and religious backgrounds this outstanding collection of essays issues from a three year Lilly Seminar on Religion and Higher Education Reflecting the diversity of the seminar participants this insightful volume presents a wide variety of viewpoints on the role of religion in

higher education and different approaches to religiously informed scholarship and teaching Religion Scholarship and Higher Education is distinct in its orientation toward the personal and the practical Contributors use personal examples to demonstrate how individual religious beliefs and backgrounds shape the way an educator approaches research and teaching The first part of the book addresses foundational issues offering a range of perspectives on the current state of affairs and future prospects for the interrelation of religion and academic endeavor Part II treats specific academic disciplines as they relate to religion and research and provides several models of scholarship grounded in or informed by religious traditions The final section of the volume presents five different approaches to teaching Contributors reflect on how religious perspectives or commitments influence the way in which they understand their role as university or college teachers and carry out their responsibilities in the classroom Sure to capture the interest of scholars teachers and administrators alike this volume features essays from Nicholas Wolterstorff James Turner Alan Wolfe David A Hollinger Mark R Schwehn John McGreevy Nancy T Ammerman Roger Lundin Brian E Daley S J Clarke E Cochran Serene Jones Richard J Bernstein Mark A Noll Denis Donoghue Robert Wuthnow Jean Bethke Elshtain Susan Handelman and Francis Oakley

Church, State and Public Justice P. C. Kemeny, 2007-05-11 Abortion Physician assisted suicide Same sex marriages Embryonic stem cell research Poverty Crime What is a faithful Christian response The God of the Bible is unquestionably a God of justice Yet Christians have had their differences as to how human government and the church should bring about a just social order Although Christians share many deep and significant theological convictions differences that threaten to divide them have often surrounded the matter of how the church collectively and Christians individually ought to engage the public square What is the mission of the church What is the purpose of human government How ought they to be related to each other How should social injustice be redressed The five noted contributors to this Spectrum volume answer these questions from within their distinctive Christian theological traditions as well as responding to the other four positions Through the presentations and ensuing dialogue we come to see more clearly what the differences are where their positions overlap and why they diverge The contributors and the positions taken include Clarke E Cochran A Catholic Perspective Derek H Davis A Classical Separation Perspective Ronald J Sider An Anabaptist Perspective Corwin F Smidt A Principled Pluralist Perspective J Philip Wogaman A Social Justice Perspective This book will be instructive for anyone seeking to grasp the major Christian alternatives and desiring to pursue a faithful corporate and individual response to the social issues that face us Spectrum Multiview Books offer a range of viewpoints on contested topics within Christianity giving contributors the opportunity to present their position and also respond to others in this dynamic publishing format
