This is the story not just of the institutions which were respected worldwide but of the personalities too, such as the two hard-drinking Presbyterian ministers who founded the first actuarially based pension fund, Sir Walter Scott who faced financial ruin but wrote his way out of it, the men who financed American railways and eastern rubber plantations with Scottish money, and Fred Goodwin, notorious CEO of RBS who took the bank to be the biggest in the world but crashed and burned in 2008.
