God and creation are both concepts the creativity of a structure in the position of infinity is that it imprisons itself in a concept greater than god force it is he who creates the god By conceptualizing himself as a god limiting himself as a system to being creator infinity is limited by making himself god creator in order to manifest his time his time to form the movement Since everything that has been created is not in the position to create something it is marked by finitude the infinity god will end creation that is at that moment when the energy field ceases to be god the whole universe will already begin at a point the neutrino flow called the soul in everything stop the electron motion stops and everything collapses into it nothing remains because but White movement creates understanding and reality in its own way QUESTION A person who identifies something with his own archetype the archetype of the thing itself what state does it make ANSWER Makes it a belief QUESTION What is the value that equates the inequality state When you observe an uneven distribution in a field you make a judgment that the distribution is uneven the question is why did you observe this area ANSWER Trust Since nobody observes inequality in a trustful environment inequality disappears if there is no observation there is no event Those who do not trust always observe and always see inequality and the state of inequality persists and a person who trusts justice has confidence in sharing does not control sharing and the perception of inequality disappears *Dare to Be a Winner* Ian Newbegin,2011-10-27 If you can youre right if you cant youre right This book is designed to inspire you to achieve your best and when you do to do even better Quotes and stories are the mechanism used because they make the reader think Many of the quotes are an age old and therefore draw on the wisdom of our ancestors Gather stories and quotes for yourself Use them to inspire work Remember one thing you are worth the effort Go for it The author would like to thank all the people who wrote the quotes and short stories presented in this book Where known the author was cited else unknown May their work continue to inspire others *Spirto Gentil* Luigi Giussani,2025-02-18 When he was a young seminarian the teacher in Luigi Giussani s singing class played a recording of an aria from a Donizetti opera Spirto gentil Gentle spirit you once shone in my dreams but after I lost you forever At that moment Giussani understood for the first time that God existed and thus that nothing could exist without a meaning that the heart could not exist unless the heart s goal existed happiness Many years later after founding Communion and Liberation a lay movement within the Catholic Church Father Giussani started and directed a series of compact discs named Spirto Gentil that included many of the great composers of the eighteenth and nineteenth centuries some of the masterpieces of church music and collections of folk songs from various national traditions The English translations of his introductions to the booklets that accompanied the compact discs have finally been gathered together revised and published in book form Giussani heard in music a privileged way of perceiving beauty as the splendor of truth capable of arousing and keeping alive the desire for infinite beauty recognizing it as one way through which the Mystery speaks to the heart of man Spirto Gentil thus introduces us not only to the elements of musical form but above all it accompanies us in a search for the ultimate meaning of existence Cases Decided in the Supreme Court of Michigan ...
