Rebecca Segovia, 2009-02-24 The writer never having an interest in reading or writing poetry suddenly after the loss of a nine month old grandchild Sarita to a tragic accident began hearing a beautiful subtle voice that would not stop until the voice was written The writings were poems that delivered a message of love and compassion to humanity The first messages heard were those of people who had died and the words were in first person as narrated by the heard voice I began to wonder if my own death was imminent and I was to leave these messages to my children when the fear subsided Babies From Heaven started to be heard these are babies coming from heaven and telling their parents of their arrival then All of us in Between for mothers fathers sons daughters and all of humanity Each poem was voiced in its entirety with the urgency for the writer to put on paper Every word is exactly as it was heard the message is of love and compassion touching the hearts of all who read them The name Messages From Heaven is what they truly are voiced by angels to ease the pain and grief of the writer The poems since 1994 have been used to give to our hospice clients family which they treasure Recently a person asked me if I believed in God and when I answered yes he asked me if I did not think that God had given me these poems to share with humanity immediately I decided to have them published **Eigen in Seoul** Michael Eigen, 2018-05-08 This book contains an

Mesopotamian Cosmic Geography Wayne Horowitz,1998-01-01 **Pride and His Prisoners** A. L. O. E.,2023-11-18 In **Pride and His Prisoners** A L O E weaves a poignant narrative that delves into the consequences of hubris through a series of allegorical tales The prose is marked by its rich descriptiveness and moral undertones reflecting the Victorian penchant for didactic storytelling A L O E employs a blend of fantastical elements and stark realism to portray the various forms of pride that lead characters into metaphorical imprisonment driving home the importance of humility and self awareness in an increasingly complex society The literary context situates this work within a broader discourse of moral education prevalent in the 19th century echoing contemporaneous themes found in the works of George Eliot and Charles Dickens A L O E a prolific author and social reformer drew upon her own experiences of traversing the societal expectations placed upon women during the Victorian era Her writings often reflect a deep empathy for the marginalized and a critique of societal norms shaped perhaps by her upbringing and engagement with contemporary social issues This unique perspective undoubtedly influenced her exploration of pride s pernicious grip on the human soul in this text This book is highly recommended for readers who appreciate literature rich in moral complexity and introspective character analysis Ideal for

scholars of Victorian literature and those interested in the intricate interplay between personal flaws and societal expectations *Pride and His Prisoners* offers timeless insights that remain relevant in today's discourse on character and dignity

Genesis Stephen K. Ray, 2023-08-10 Everything in the Bible and in the Catholic Church starts with the Book of Genesis The Greek word genesis means beginning and this inspired text reveals to us not only our origins but our purpose our meaning and God's plan for mankind Yet Genesis can be daunting especially given the scientific discoveries of the last few centuries Stephen K Ray author of *Crossing the Tiber* breaks down this sacred and profoundly influential book wrestling with the complex intersection of history and theology Thoroughly Catholic in his approach Ray is unafraid to draw from sources of all kinds from Jewish and Protestant commentaries from archaeology from geography and even from modern literature *Genesis A Bible Study Guide and Commentary* uncovers the excitement and drama of this ancient narrative so often ignored or misunderstood In Ray's reading the Book of Genesis is a shout of joy We can know where we came from We can know who we are We can know our destiny And we are not alone in the universe
