Management Laureates Arthur G. Bedeian, 2018-04-17 First published in 1993 This volume compiles the autobiographies of the management discipline's most distinguished laureates Prior to this publication the available management literature provided little insight into the personal and intellectual lives the frustrations as well as the triumphs of the individuals in the management discipline Although such understanding could be conveyed in many forms perhaps the most intimate and fascinating of these for gaining behind the scenes insights is the autobiography Thus the autobiographies in this volume as in the five companion volumes offer the reader not only a glimpse of the subjective determinants and personal experiences of the management discipline's most distinguished laureates but also a deeper understanding of what management is and what it is becoming The various accounts reflect a diversity of approaches interests and experiences

Readability (1/2) - Annandreas, 2021-09-21 Readability Birth of the Cluster text Introduction to the Art of Learning is the definitive guide to reading and learning After having read this book you should have become a better reader and learner and you should know what typographic style is better to read Readability In a wide sense readability is about language legibility comprehension and how they affect reading This book is mainly about legibility and comprehension language is mostly seen as a medium Birth of the Cluster text This book introduces the cluster text style to a wide audience Reading speed can be measured in

different ways words per minute wpm day span two day span and week span This two part book should be extensive enough so that average readers 200 wpm could test their week span and advanced readers 500 wpm their two day span i e this reading experience should bring clarity to which typographic style is better to read Hence this book could be seen as a scientific experiment Cluster texts could be as much as twenty percent better than ordinary texts If this test will show that we should change how we write texts In other words this could be a revolutionary reading experience you could falsify your earlier thoughts on texts and reading Introduction to the Art of Learning This book introduces an art of reading in an art of learning To be able to learn how to read better content is needed In this book you will learn about philosophy science and pedagogy It is about what philosophy science and how pedagogy we learn Hence this book can also be seen as a general introduction to those areas Note that this book is part one of a two part book Note also that the cluster text style is not reflowable and that you need a screen where you can read a line length of 95 characters i e narrow screens are inappropriate
