Back-Alley Banking Kellee S. Tsai,2018-05-31 Chinese entrepreneurs have founded more than thirty million private businesses since Beijing instituted economic reforms in the late 1970s Most of these private ventures however have been denied access to official sources of credit State banks continue to serve state owned enterprises yet most private financing remains illegal How have Chinese entrepreneurs managed to fund their operations In defiance of the national banking laws small business owners have created a dizzying variety of informal financing mechanisms including rotating credit associations and private banks disguised as other types of organizations Back Alley Banking includes lively biographical sketches of individual entrepreneurs telling quotations from official documents policy statements and newspaper accounts and interviews with a wide variety of women and men who give vivid narratives of their daily struggles accomplishments and hopes for future prosperity Kellee S Tsai s book draws upon her unparalleled fieldwork in China s world of shadow finance to challenge conventional ideas about the political economy of development Business owners in China she shows have mobilized local social and political resources in innovative ways despite the absence of state directed credit or a well defined system of private property rights Entrepreneurs and local officials have been able to draw on the uncertainty of formal political and economic institutions to enhance local prosperity Doing Literary Criticism Tim

Gillespie,2024-11-01 One of the greatest challenges for English language arts teachers today is the call to engage students in more complex texts Tim Gillespie who has taught in public schools for almost four decades has found the lenses of literary criticism a powerful tool for helping students tackle challenging literary texts Tim breaks down the dense language of critical theory into clear lively and thorough explanations of many schools of critical thought reader response biographical historical psychological archetypal genre based moral philosophical feminist political formalist and postmodern *Doing Literary*

Criticism gives each theory its own chapter with a brief teacher friendly overview and a history of the approach along with an in depth discussion of its benefits and limitations Each chapter also includes ideas for classroom practices and activities Using stories from his own English classes from alternative programs to advance placement and everything in between Tim provides a wealth of specific classroom tested suggestions for discussion essay and research paper topics recommended texts exam questions and more The accompanying CD offers abbreviated overviews of each theory designed to be used as classroom handouts examples of student work collections of quotes to stimulate discussion and writing an extended history of women writers and much more Ultimately Doing Literary Criticism offers teachers a rich set of materials and tools to help their students become more confident and able readers writers and critical thinkers
