

# Evidence and Explanation in Comprehension Questions

## Prove It With Reasoned Justifications

- It's all very well answering a reading comprehension question correctly, but how do we prove that the answer is actually correct?

## Example of Prove It in Action

*A misty haze hung above it. Whistling, the wind seemed to circle it. The solitary house appeared to tower over the countryside surrounding it. Wispy cobwebs hung in its windows. It looked like they had accumulated over some time. The wooden door hung on its rusty hinges.*

**Question:** Do you think the house is deserted?

## Explain it

- The example that we have just seen provides evidence to support the answer. However, there is something missing: an explanation.
- Think of that annoying person you imagined saying, "Prove it!". Now imagine them also saying, "Explain it!".
- Here is an example of how we can add, "Explain it" to the previous answer.

**Question:** Do you think the house is deserted? Support your answer using evidence from the text.

**Answer:** I think the house is deserted [PROVE IT!]. I know this because in the text it says "wispy cobwebs hung in its windows. It looked like they had accumulated over some time. The wooden door hung on its rusty hinges". [EXPLAIN IT!] This tells me that the house had not had anyone living in it for quite some time because cobwebs tend to be cleaned up if someone lives there. Also, if someone was living there, they would have replaced the rusty hinges on the door.
