Reading from this Place: Social location and biblical interpretation in global perspective Fernando F.

Segovia, Mary Ann Tolbert, Biblical studies are proving to be a test case of the large interpretive issues of how one s location social cultural ethnic and gender affects one s reading of the text and its import Segovia and Tolbert gather 19 leading biblical interpreters from around the globe to address the complex hermeneutical and religious questions attendant to this paradigm shift **Reading the Modern British and Irish Novel 1890 - 1930** Daniel R. Schwarz, 2008-04-15 Daniel R.

Schwarz has studied and taught the modern British novel for decades and now brings his impressive erudition and critical acuity to this insightful study of the major authors and novels of the first half of the twentieth century An insightful study of British fiction in the first half of the twentieth century Draws on the author s decades of experience researching and teaching the modern British novel Sets the modern British novel in its intellectual cultural and literary contexts Features close readings of Hardy s Jude the Obscure Conrad s Heart of Darkness and Lord Jim Lawrence s Sons and Lovers and The Rainbow Joyce s Dubliners and Ulysses Woolf s Mrs Dalloway and To the Lighthouse and Forster s A Passage to India Shows how these novels are essential components in a modernist cultural tradition which includes the visual arts Takes account of recent developments in theory and cultural studies Written in an engaging style avoiding jargon Reading Cultures Molly

Abel Travis, 1998 Molly Abel Travis unites reader theory with an analysis of historical conditions and various cultural contexts in this discussion of the reading and reception of twentieth century literature in the United States Travis moves beyond such provisional conclusions as the text produces the reader or the reader produces the text and considers the ways twentieth century readers and texts attempt to constitute and appropriate each other at particular cultural moments and according to specific psychosocial exigencies She uses the overarching concept of the reader in and out of the text both to differentiate the reader implied by the text from the actual reader and to discuss such in and out movements that occur in the process of

reading as the alternation between immersion and interactivity and between role playing and unmasking Unlike most reader theorists Travis is concerned with the agency of the reader Her conception of agency in reading is informed by performance psychoanalytic and feminist theories This agency involves compulsive reiterative performance in which readers attempt to find themselves by going outside the self engaging in literary role playing in the hope of finally and fully identifying the self through self differentiation Furthermore readers never escape a social context they are both constructed and actively constructing in that they read as part of interpretive communities and are involved in collaborative creativity or what Kendall Walton calls collective imagining

Reading from This Place, Volume 1 Fernando F. Segovia, Mary Ann Tolbert, How does one's life situation shape one's reading of the Bible In this landmark volume Segovia Tolbert and their 15 other contributors measure the impact of social location on the theory and practice of biblical interpretation *Reading From This Place* helps readers come to terms with the interpretive revolution sweeping through biblical studies

The Cultural Sociology of Reading María Angélica Thumala Olave, 2022-12-12 This book showcases recent work about reading and books in sociology and the humanities across the globe From different standpoints and within the broad perspectives within the cultural sociology of reading the eighteen chapters examine a range of reading practices genres types of texts and reading spaces They cover the Anglophone area of the United States the United Kingdom and Australia the transnational multilingual space constituted by the readership of the Colombian novel *One Hundred Years of Solitude* nineteenth century Chile twentieth century Czech Republic twentieth century Swahili readings in East Africa contemporary Iran and China during the cultural revolution and the post Mao period The chapters contribute to current debates about the valuation of literature and the role of cultural intermediaries the iconic properties of textual objects and of the practice of reading itself how reading supports personal social and political reflection bookstores as spaces for sociability and the interplay of high and commercial cultures the political uses of reading for nation building and propaganda and the dangers and gratifications of reading under repression In line with the cultural sociology of reading's focus on meaning materiality and emotion this book explores the existential ethical and political consequences of reading in specific locations and historical moments

Literary Intention, Literary Interpretations, and Readers John Maynard, 2009-04-17 This accessible personal and provocative study returns to the major subject in literary discussion before and during the relatively recent flourishing of literary theory that of literary intention Does the author's personal intention or historical site determine a correct interpretation of a literary work Probing the entire range of issues connected with this many faceted and knotty concept this book engages with interpretation on both theoretical and practical levels It argues that the hard questions about interpretation connected to issues of intention cannot be sidestepped or ignored It does not argue for conservative concepts of literature itself nor against the major historical engagements of critics in our time But in addressing those who continue to read or teach literature it does insist on a level of sophistication in issues of literary interpretation that cannot be assured by historical research and knowledge of the social

and cultural connections to literary works The overall aim of the work is to recall readers to the great complexity pleasure and interest of literary interpretation

Periodicals, Readers and the Making of a Modern Literary Culture: Bengal at the Turn of the Twentieth Century Samarpita Mitra, 2020-06-15 In *Periodicals Readers and the Making of a Modern Literary Culture Bengal at the Turn of the Twentieth Century* Samarpita Mitra studies literary periodicals as a particular print form and reveals how their production and circulation were critical to the formation of a Bengali public sphere during the turn of the twentieth century Given its polyphonic nature capacity for sustaining debates and adaptability by readers with diverse reading competencies periodicals became the preferred means for dispensing modern education and entertainment through the vernacular The book interrogates some of the defining debates that shaped readers perspectives on critical social issues and explains how literary culture was envisioned as an indicator of the emergent nation Finally it looks at the Bengali Muslim and women s periodicals and their readerships and argues that the presence of multiple literary voices make it impossible to speak of Bengali literary culture in any singular terms

Crossroads in Literature and Culture Jacek Fabiszak, Ewa Urbaniak-Rybicka, Bartosz Wolski, 2012-11-05 The book contains a selection of papers focusing on the idea of crossing boundaries in literary and cultural texts composed in English The authors come from different methodological schools and analyse texts coming from different periods and cultures trying to find common ground the theme of the volume between the apparently generically and temporarily varied works and phenomena In this way a plethora of perspectives is offered perspectives which represent a high standard both in terms of theoretical reflection and in depth analysis of selected texts Consequently the volume is addressed to a wide scope of both scholars and students working in the field of English and American literary and cultural studies furthermore it will be of interest also to students interested in theoretical issues linked with investigations into literature and culture

Reading Football Michael Oriard, 2000-11-09 Is football an athletic contest or a social event Is it a game of skill a test of manhood or merely an organized brawl Michael Oriard a former professional player asks these and other intriguing questions in *Reading Football* the first contemporary book about football s formative years American football began in the 1870s as a game to be played not watched Within a brief ten years it had become a great public spectacle with an immense following a phenomenon caused primarily by the voluminous commentary about the game conducted in popular newspapers and magazines Oriard shows how this constant narrative in football s early years developed many different stories about what the game meant football as pastime as the sport of gentlemen as a science as a game of rules and their infringements He shows how football became a series of cultural stories about power luck strategy and deception These different interpretations have been magnified by football s current omnipresence on television According to Oriard televised football now plays a cultural role of enormous importance for men yet within the field of cultural studies the influence of football has been ignored until now From the book A receiver sprints down the sideline fast and graceful then breaks toward the middle of the field where a safety waits for him From forty yards upfield the quarterback

releases the ball it spirals in an elegant arc toward the goalposts as the receiver now for the first time looks back to pick up its flight The pass is a little high the receiver leaps stretches grasps the ball barely fingers clutching at the very moment that the safety drives a helmet into his unprotected ribs The force of the collision flings the receiver backward slamming him to the turf This familiar tableau this exemplary moment in a football game epitomizes the appeal of the sport the dramatic confrontation of artistry with violence both equally necessary

Wom(b)an: A Cultural-Narrative Reading of the Hebrew Bible Barrenness Narratives Janice P. De-Whyte, 2018-06-12 In *Wom b an A Cultural Narrative Reading of the Hebrew Bible Barrenness Narratives* Janice Pearl Ewurama De Whyte offers a reading of the Hebrew Bible barrenness narratives The original word wom b an visually underscores the centrality of a productive womb to female identity in the ANE and Hebrew contexts Conversely barrenness was the ultimate tragedy and shame of a woman Utilizing Akan cultural custom as a lens through which to read the Hebrew barrenness tradition De Whyte uncovers another kind of barrenness within these narratives Her term social barrenness depicts the various situations of childlessness that are generally unrecognized in western cultures due to the western biomedical definitions of infertility Whether biological or social barrenness was perceived to be the greatest threat to a woman s identity and security as well as the continuity of the lineage Wom b an examines these narratives in light of the cultural meanings of barrenness within traditional cultures ancient and present

Biblical Resistance Hermeneutics within a Caribbean Context Oral A. W. Thomas, 2016-04-08 The Bible is of central importance within Caribbean life but is rarely used as an agent for social change Caribbean biblical hermeneutics focus more on the meaning of biblical texts for today and less on the context in which the texts themselves were written Biblical Resistance Hermeneutics within a Caribbean Context offers a biblical hermeneutic that acknowledges the importance of the socio ideological interests theological agendas and social practices that produced the biblical texts as well as the socio cultural context of the contemporary reader The book examines the social context of post independence Caribbean and outlines the difficulties of biblical interpretation within Christian communities that descend from a history of slavery Current hermeneutical practices in the Caribbean are critiqued and a biblical resistant reading offered that enables the Bible to be used as a cultural weapon of resistance

Ecology without Culture Christine L. Marran, 2017-12-01 Cultures have long defined themselves through biological elements to prove their strength and longevity from cherry blossoms in Japan to amber waves of grain in the United States In *Ecology without Culture* Christine L Marran introduces the concept of biotopes material and semiotic figures that exist for human perception to navigate how and why the material world has proven to be such an effective medium for representing culture A bold and timely reconsideration of ecocriticism Ecology without Culture insists on decentering questions of culture to highlight the materiality of poetry film and prose fiction Marran argues that ecocriticism can critique ecological realities more effectively from outside the frame of human exceptionalism Through discussions of primarily non Anglophone literature poetry and cinema about toxic events in contemporary history from the

depiction of slow violence in documentary by Tsuchimoto Noriaki to the powerful poetry of Ishimure Michiko Marran argues that ecocriticism must find a way to engage culture without making the perpetuation of ethnos and anthropos the endgame of ecopolitics Using the biological foundations and geological time scales of textual worlds to more deeply critique cultural humanism Marran ultimately contends that the chief stumbling block to ecological thinking is not the image of nature but the image of culture
