**Pushing to the Front** Orison Swett Marden, 2020-04-29 This revised and greatly enlarged edition of *Pushing to the Front* is the outgrowth of an almost world wide demand for an extension of the idea which made the original small volume such an ambition arousing energizing inspiring force It is doubtful whether any other book outside of the Bible has been the turning point in more lives It has sent thousands of youths with renewed determination back to school or college back to all sorts of vocations which they had abandoned in moments of discouragement It has kept scores of business men from failure after they had given up all hope It has helped multitudes of poor boys and girls to pay their way through college who had never thought a liberal education possible The author has received thousands of letters from people in nearly all parts of the world telling how the book has aroused their ambition changed their ideals and aims and has spurred them to the successful undertaking of what they before had thought impossible
