Reading Daughters Fictions 1709 1834:

Reading Daughters' Fictions, 1709-1834 Caroline Gonda, 1996 **Conclusion of the Memoirs of Miss Sidney Bidulph** Frances Sheridan, 2013-09-23 In 1761 Frances Sheridan published her novel *The Memoirs of Miss Sidney Bidulph* which became a popular and widely praised example of the sentimental novel. The novel's sequel is set eight years later after Sidney Bidulph's marriage and motherhood. Psychologically subtle and emotionally immediate, the novel is told almost entirely in the form of letters. Many of the letters are between the scheming Sophy and Edward Audley who are trying to trick Sidney's daughter into marriage with Edward; these letters provide a startlingly realistic portrayal of villainy anticipating such later works as *Les Liaisons Dangereuses*. The historical appendices include documents on the education of young adults in the eighteenth century and contemporary reviews of the novel. **The Rise of Supernatural Fiction, 1762-1800** E. J. Clery, 1995-02-16 A genre of supernatural fiction was among the more improbable products of the Age of Enlightenment. This book charts the troubled entry of the supernatural into fiction and questions the historical reasons for its growing popularity in the late eighteenth century. Beginning with the notorious case of the Cock Lane ghost, a performing poltergeist who became a major attraction in London in 1762 and with Garrick's spellbinding and paradigmatic performance as the ghost seeing Hamlet, it moves on to look at the Gothic novels of Horace Walpole, Ann Radcliffe, M. G. Lewis and others in unexpected new lights. The central thesis concerns the connection between fictions of the supernatural and the growth of consumerism: not only are ghost stories successful commodities in the rapidly commercialising book market, they are also considered here as reflections on the disruptive effects of this socio-economic transformation. **The Encyclopedia of British Literature, 3 Volume Set** Gary Day, Jack Lynch, 2015-03-09 Provides a comprehensive overview of all aspects of the poetry, drama, fiction and literary and cultural criticism produced from the Restoration of the English monarchy to the onset of the French Revolution. Comprises over 340 entries arranged in A-Z format across three fully indexed and cross-referenced volumes. Written by an international team of leading and emerging scholars. Features an impressive scope and range of subjects from courtship and circulating libraries to the works of Samuel Johnson and Sarah Scott. Includes coverage of both canonical and lesser-known authors as well as entries addressing gender, sexuality and other topics that have previously been underrepresented in traditional scholarship. Represents the most comprehensive resource available on this period and an indispensable guide to the rich diversity of British writing that ushered in the modern literary era. 3 Volumes www.literatureencyclopedia.com *Twenty-First Century Lesbian Studies* Katherine O'Donnell, Noreen Giffney, 2014-05-01 An enlightening, entertaining look at what the term lesbian really means and what it means to be a lesbian. *Twenty-First Century Lesbian Studies* focuses on the field's institutionalization into the humanities and social sciences, examining how the term lesbian is used in activist community and cultural contexts and how its use impacts the lives of women who have chosen it as an identity. The book's contributors include many of the world's foremost experts in lesbian studies as well as scholars whose

primary research is in bisexuality transsexuality and transgender intersex and queer theory The innovative essays touch on five individual themes Genealogies Readings Theories Identities and Locations as they explore the past present and future of lesbian studies Twenty First Century Lesbian Studies places the term lesbian at the center of analysis whether as a concept a category an identity a political position or an object choice The book's cutting edge essays examine the various meanings of lesbian the risks taken by women who live and or act write and speak as lesbians current genealogical myths and the lives studies and activism of lesbians who represent a range of geographical and historical contexts The book presents research produced outside the United States United Kingdom two places which tend to dominate the field and essays that focus on areas such as medieval studies that are often ignored in theoretical discussions Twenty First Century Lesbian Studies considers these questions does the term lesbian still have relevance as an identity descriptor or political position who does lesbian include and or exclude how does intersectional thinking impact the way we formulate lesbian identities are we now post lesbian what if anything defines the field of lesbian studies what is the current state of the field what is the possible future of the field what current topics should be most important to practitioners how is work that falls under the lesbian studies umbrella connected to efforts in the areas of feminism LGBT intersex and queer straight studies and many more Twenty First Century Lesbian Studies is an enlightening entertaining and essential read for academics and students working in all disciplines in the social sciences and humanities and for the lesbian queer population in general *Designing Women* Tita Chico, 2005 Drawing on extensive archival research Chico argues that the dressing room embodies contradictory connotations linked to the eroticism and theatricality of the playhouse tiring room as well as to the learning and privilege of the gentleman's closet **British Children's Literature of the 19th Century** Patrick C. Fleming, 2025-02-13 Many beloved classics of children's literature including Alice's Adventures in Wonderland Peter Pan and The Tale of Peter Rabbit were written at the end of the nineteenth century an era known as the Golden Age of children's literature Notable figures like William Godwin Harriet Martineau Christina Rossetti and Charles Dickens contributed to children's literature while juvenile periodicals first appeared to young readers during this time This is the first comprehensive reference work about the Golden Age of children's literature and the emergence of juvenile literature as a major publishing phenomenon Alphabetical entries include foundational figures like Sarah Trimmer Maria Edgeworth and Mary Martha Sherwood who helped establish the market for children's literature New genres for the time like the moral tale religious fiction children's poetry school stories and prolific authors like Hesba Stretton L T Meade and G A Henty are also included *Contesting the Gothic* James Watt, 1999-06-28 James Watt's historically grounded account of Gothic fiction first published in 1999 takes issue with received accounts of the genre as a stable and continuous tradition Charting its vicissitudes from Walpole to Scott Watt shows the Gothic to have been a heterogeneous body of fiction characterized at times by antagonistic relations between various writers or works Central to his argument about these works writing and reception is a nuanced understanding of

their political import Walpole's attempt to forge an aristocratic identity the loyalist affiliations of many neglected works of the 1790s a reconsideration of the subversive reputation of *The Monk* and the ways in which Radcliffean romance proved congenial to conservative critics Watt concludes by looking ahead to the fluctuating critical status of Scott and the Gothic and examines the process by which the Gothic came to be defined as a monolithic tradition in a way that continues to exert a powerful hold

Gothic Feminism Diane Long Hoeveler, 1998-09-15 As British women writers in the late eighteenth and early nineteenth centuries sought to define how they experienced their era's social and economic upheaval they helped popularize a new style of bourgeois female sensibility Building on her earlier work in *Romantic Androgyny* Diane Long Hoeveler now examines the Gothic novels of Charlotte Smith Ann Radcliffe Jane Austen Charlotte Dacre Byrne Mary Shelley and the Brontës to show how these writers helped define femininity for women of the British middle class Hoeveler argues that a female created literary ideology now known as victim feminism arose as the Gothic novel helped create a new social role of professional victim for women adjusting to the new bourgeois order These novels were thinly disguised efforts at propagandizing a new form of conduct for women teaching that professional femininity a cultivated pose of wise passiveness and controlled emotions best prepared them for social survival She examines how representations of both men and women in these novels moved from the purely psychosexual into social and political representations and how these writers constructed a series of ideologies that would allow their female characters and readers fictitious mastery over an oppressive social and political system Gothic Feminism takes a neo feminist approach to these women's writings treating them not as sacred texts but as thesis driven works that attempted to instruct women in a series of strategic poses It offers both a new understanding of the genre and a wholly new interpretation of feminism as a literary ideology

The Twilight of the Gothic? Joseph Crawford, 2014-05-15 This book explores the history of the paranormal romance genre from its origins in the revisionist horror fiction of the 1970s via its emergence as a minor sub genre of romantic fiction in the early 1990s to its contemporary expansion in recent years into an often controversial genre of mainstream fiction Tracing the genre from its roots in older Gothic fiction written by and for women it explores the interconnected histories of Gothic and romantic fiction from Ann Radcliffe and Jane Austen in the eighteenth century to *Buffy* *Twilight* *True Blood* and *The Vampire Diaries* in the present day In doing so it investigates the extent to which the post *Twilight* paranormal romance really does represent a break from older traditions of Gothic fiction and just what it is about the genre that has made it so extraordinarily divisive captivating millions of readers whilst simultaneously infuriating and repelling so many others

Backstage in the Novel Francesca Saggini, 2012 Saggini traces the unique interplay between fiction and theatre in the eighteenth century through an examination of the work of the English novelist diarist and playwright Frances Burney Dust jacket

The English Novel, Vol II Richard. W. F. Kroll, 2014-07-21 *The English Novel Volume II* Smollett to Austen collects a series of previously published essays on the early eighteenth century novel in a single volume reflecting the proliferation of theoretical

approaches since the 1970s The novel has been the object of some of the most exciting and important critical speculations and the eighteenth century novel has been at the centre of new approaches both to the novel and to the period between 1750 and 1800 Richard Kroll's introduction seeks to frame the contributions by reference to the most significant critical discussions These include the general importance of sentimentalism as a cultural movement after 1750 its relationship to the emergence of the Gothic novel as a specific genre or mode the rapid rise in the number of women novelists in the later eighteenth century the relationship between the novel as mediator of social relations and the idea of the public sphere the relationship between novelistic codes and the massive growth of a consumerist society the class conflicts of writers like Smollett the effect on the novel of the new British nation and the effects of the French Revolution and the subsequent political debates on writers like Wollstonecraft Godwin and Austen This collection will be of interest to students of the later enlightenment and also to all who are interested in late eighteenth century radicalism and the general relationship between literature history and politics

Liberating Medicine, 1720-1835 Tristanne Connolly, Steve Clark, 2015-10-06 During the 18th century medicine became an autonomous discipline and practice Surgeons justified themselves as skilled practitioners and set themselves apart from the unspecialized hack barber surgeons of early modernity This title presents 17 essays on the relationship between medicine and literature during the Enlightenment

Home Education in Historical Perspective Christina De Bellaigue, 2018-02-02 This book is the first publication to devote serious attention to the history of home education from the late eighteenth to the early twentieth century It brings together work by historians literary scholars and current practitioners who shed new light on the history of home schooling in the UK both as a practice and as a philosophy The six historical case studies point to the significance of domestic instruction in the past and uncover the ways in which changing family forms have affected understandings of the purpose form and content of education At the same time they uncover the ways in which families and individuals adapted to the expansion of formalised schooling The final article by philosopher and Elective Home Education practitioner and theorist Richard Davies uncovers the ways in which the historical analysis can illuminate our understanding of contemporary education As a whole the volume offers stimulating insights into the history of learning in the home and into the relationship between families and educational practice that raise new questions about the objectives form and content of education in the past and today This book was originally published as a special issue of the Oxford Review of Education

Physical Disability in British Romantic Literature Essaka Joshua, 2020-11-12 The modern concept of disability did not exist in the Romantic period This study addresses the anachronistic use of disability in scholarship of the Romantic era providing a disability studies theorized

account that explores the relationship between ideas of function and aesthetics Unpacking the politics of ability the book reveals the centrality of capacity and weakness concepts to the egalitarian politics of the 1790s and the importance of desert theory to debates about sentiment and the charitable relief of impaired soldiers Clarifying the aesthetics of deformity as distinct from discussions of ability Joshua uncovers a controversy over the use of deformity in picturesque aesthetics offers accounts of deformity that anticipate recent disability studies theory and discusses deformity and monstrosity as a blended category in Frankenstein Setting aside the modern concept of disability Joshua cogently argues for the historical and critical value of period specific terms

Urbanization and English Romantic Poetry Stephen Tedeschi, 2018 This book re-orientates the relationship between urbanization and English Romantic poetry by focusing on urban aspects of Romantic poems

Romanticism in the Shadow of War Jeffrey N. Cox, 2014-08-21 Jeffrey N Cox reconsiders the history of British Romanticism seeing the work of Byron the Shelleys and Keats responding not only to the first generation Romantics led by Wordsworth but more directly to the cultural innovations of the Napoleonic War years Recreating in depth three moments of political crisis and cultural creativity the Peace of Amiens the Regency Crisis and Napoleon's first abdication Cox shows how second generation Romanticism drew on cultural border raids seeking a global culture at a time of global war This book explores how the introduction on the London stage of melodrama in 1803 shaped Romantic drama how Barbault's prophetic satire Eighteen Hundred and Eleven prepares for the work of the Shelleys and how Hunt's controversial Story of Rimini showed younger writers how to draw on the Italian cultural archive Responding to world war these writers sought to embrace a radically new vision of the world

The Poetics of Decline in British Romanticism Jonathan Sachs, 2018-01-18 Anxieties about decline were a prominent feature of British public discourse in the late eighteenth and early nineteenth century These anxieties were borne out repeatedly in books and periodicals pamphlets and poems Tracing the reciprocal development of Romantic era Britain's rapidly expanding literary and market cultures through the lens of decline Jonathan Sachs offers a fresh way of understanding British Romanticism The book focuses on three aspects of literary experience questions of value the fascination with ruins and the representation of slow time to explore how shifting conceptions of progress and change inform a post-enlightenment sense of cultural decline Combining close readings of Romantic literary texts with an examination of works from political economy historical writing classical studies and media history the book reveals for the first time how anxieties about decline impacted literary form and shaped Romantic debates about poetry and the meaning of literature
