Turning Points 2000 Anthony W. Jackson, Gayle A. Andrews, 2000 This seminal volume written by the principal author of the original report Anthony W Jackson along with one of the main leaders in implementing its principles Gayle A Davis Synthesizes crucial lessons learned from educators attempting to improve middle grades education across the country over the past decade Bridges the gap between education researchers and practitioners by translating a wealth of recent research into practical guidance for front line educators Signals a new generation of thinking about middle grades education by emphasizing that in addition to structural changes in classrooms and schools educators must also make substantial far reaching changes in curriculum student assessment and instruction in order to improve student learning Directly confronts critical questions such as how heterogeneously grouped i e untracked students can be successfully educated why middle grades teachers must be specially licensed to teach young adolescents and why middle grades instruction must include instruction in reading Carnegie Corporation s landmark 1989 report *Turning Points Preparing American Youth for the 21st Century* focused national attention on the long neglected needs of adolescent youth In the following decade hundreds of middle grades schools implemented *Turning Points* principles and many others adopted similar and complementary measures Based on these experiences *Turning Points 2000* refines the ideas contained in the

original report by blending the wisdom of both the latest research and the best practice If the authors deep understanding of what s needed and what works for adolescents were shared by every policy maker and educator we would indeed see a major transformation in the education of our young This book is a must read for everyone who works with children and youth For that matter it s essential for everyone who cares about the health of our young people and our society Linda Darling Hammond Stanford University Turning Points 2000 provides a perfect blend of practical guidance and grand vision looking with hope toward a day when the developmental needs of all children are met The authors skillfully bridge the gap between research and practice as they share strategies for families communities and institutions to collaboratively prepare adolescents for life success Dr James P Comer Maurice Falk Professor of Child Psychiatry Yale Child Study Center
