Reality Of Time And The Existence Of God:

The Reality of Time and the Existence of God David Braine, 1988 Basing his argument for the existence of God on the continuous nature of the temporal world Braine here posits that the philosophy of religion cannot be continued as a separate discipline the solution of its problems will be the fruit of the correct teleosis of the problems of general philosophy in their complex interrelationships

The Alethiology Ashish Bam, 2020-07-28 Alethiology is the study of truth In approaching this study author Ashish Bam examines truth itself and seeks to explain the nature of truth The Alethiology studies actual reality and the substance from which everything that is in existence is made The text considers the point of origin from which everything emerged offering thorough explanations and irrefutable proofs It explores questions about the existence of the universe life and God providing detailed answers It does not start from what exists but from what could be in existence relying not on physical observation but on logical possibility What is seen is made up of what is unseen that is all external visible realities come from internal invisible realities Because everything in existence began from a single point everything is bound to one eternal truth the source of all truth and the subject of study here This philosophical study presents an initial exploration of the existential truth of our reality and seeks to address questions about the nature of truth and existence

The Devil's Advocate versus God's Honest Truth Necip Fikri Alican, 2025-02-27 The Devil s Advocate versus God s Honest Truth is a scholarly monograph exploring the rationality of religion particularly the tenability of theism through a dialectical analysis of plausible arguments for the existence of God versus reasonable grounds for suspicion It offers a comprehensive and balanced coverage of the issues inviting readers to reflect and ponder the subject in its full scope The book thus makes up for the missing objectivity in an area that has long been dominated by sectarian scholarship and polarized beyond reconciliation

God and the Philosophy of Explanation James W. Peterson, 2010-08 The purpose of this book is simple It is to tell the truth about GOD Learning the truth about GOD is the result of Mr Peterson s discovery of the meaning and purpose of his life It was discovered as a direct result of his need to learn it following his daughter s death in August of 1980 He discovered that the purpose and course of his life is determined in the same manner as yours It matters not who you are or what your particular circumstance is It doesn t matter if you have lost a child to death It doesn t even matter if you have children It matters not if you are a murderer or a saint gay or straight male or female first world citizen or jungle savage plant or animal The purpose for living is the same for all living things A rather intriguing claim isn t it If one has experienced the death of a child Mr Peterson s experience is not different from one s own in any important way But the story of how he came about his particular experience

probably is Mr Peterson says that his friends comprise a very special society of humans they are parents of children who died before they did it is not supposed to happen that way But because they did lose a child to death he says they are experts in the field of pain and grieving They are not proud of the knowledge they have gained but they realize they have gained knowledge of what life is and how it actually operates that can be achieved in no other way They have experienced the very worst pain a human being can experience and remain alive Mr Peterson uses his unique experience to guide his readers through a complex series of intellectual challenges with the ease of a master sculptor *Journey to God* sanjeev sareen, We all are on the Spiritual Journey called the Journey to God The journey starts from I as various ego identifications and gets completed when we realize ourselves as we truly are A stage comes in everyone's life when not getting permanent happiness after suffering in many incarnations a Spiritual Awakening is there We start looking for Spiritual Direction This book describes in detail the whole journey and how it matters to us Various Questions about life keep emerging A small voice within begins to question Who am I who is God why God made the world what is my relationship with God what is the purpose of my creation Who am I and why do I matter The Search for the meaning of life then begins In many ways it is the central struggle of every human life And whether you are 7 or 70 or someplace in between you need to know these The question of who I am is the most profound and deepest question of all time the first question in all philosophies Getting to know the Self and realizing it is the way to God realization Though it took around 60 days to complete this book it contains 60 years of my introspection on these soul searching questions I have tried to share my knowledge on these questions responsibly with several examples stories poems experiments inferred deductions and Vedic explanations The book will surely demand sufficient attention and stretch of the mind in certain places to understand the subtle subject The practice part of the knowledge gained thus essential for complete realization is covered in part 2 of this book After realization the journey is completed when we feel oneness with God and everything In that stage as Vivekananda says I has all become and all is I Oneness in all beings All beings in self and self in all beings That brings freedom from suffering and sorrow Journey with me know about you and find the purpose of life The journey through this book can transform you from a limited I to the Infinite Self And you are already that The book will try to bring up to your conscious awareness the things you already knew deep within but have forgotten now **The Idea of God** Clarence Augustine Beckwith, 1922 **Church Dogmatics The Doctrine of Creation, Volume 3, Part 1** Karl Barth, 2004-03-08 Described by Pope Pius XII as the most important theologian since Thomas Aquinas the Swiss pastor and theologian Karl Barth continues to be a major influence on students scholars and preachers today Barth's theology found its expression mainly through his closely reasoned fourteen part magnum opus Die Kirchliche Dogmatik Having taken over 30 years to write the Church Dogmatics is regarded as one of the most important theological works of all time and represents the pinnacle of Barth's achievement as a theologian T T Clark International is now proud to be publishing the only complete English translation of the Church Dogmatics in paperback

The Philosophy of Kant Explained John Watson,1908 *Know God. He could be You* Sanjeev Sareen,2024-03-26 We are all on a spiritual journey The journey starts with i as various ego identifications and gets completed when we realize ourselves as we truly are There is a lot to our being that we are not privy to yet and have never realized so far Know yourself your real dimension It is said that whoever doesn t know the Self doesn t know anything but whoever knows the Self has already acquired knowledge about the depth of the universe This self realization will lead to God s realization And it has to happen one day maybe after a few hundred or thousands more incarnations riding the roller coaster of life through pains and pleasures etc Why not now The ignorance about the Self leads to the emotional roller coaster movement in life filled with pains and pleasures But a stage comes in everyone s life when after suffering in many incarnations a spiritual awakening is there and we start looking for spiritual direction We start looking for meaning and purpose in life Journey with me through the book about spirituality Book 1 to learn about the Self and find the purpose of life That will bring freedom from suffering and sorrow We will feel relieved once the confusion is removed The journey through this book can help us transform from a limited i to the infinite Self And we are already that But that is not all Knowing about Self and God is good and an evolved stage but we must realize it Book 2 will inspire us towards that goal We shall realize there that God is and can be known There is a step by step method to realize Him And for this we do not have to go anywhere but within ourselves Go within is what all Masters advocate for realizing the Truth and yet it is this message that is continuously overlooked This book will show us how through meditation we can manifest it The reading will be an aid to assist us on our spiritual journey to self realization Countless saints of all times and religions have demonstrated that And we can do it too Remember what the Bible says First seek the kingdom of God The word used is seek and not know God must be realized not just known Then it says Seek the kingdom of God It does not say to seek God directly but the kingdom Now the question is where is the kingdom of God It is everywhere and the nearest place is our own existence our body Then the question may come is there a model or path Yes Yoga Yoga means actions that bring about the union of the Soul and the Spirit from which we descend It is the yoga of the subtle body a union of mind and body control with a focus on meditation and energetics Meditation is not what we commonly assume it to be Yoga meditation helps to bring about greater peace mental control and joy leading to awakening All saints who have ever found God practiced some form of meditation to rediscover the real Self No matter our faith or belief this is the scientific highway to the infinite for anyone who practices it This spiritual guidebook will surely demand sufficient attention and stretching of the mind in certain places to understand the subtle subject Remember practice is the key Learn to know the Yog sutra Yoga philosophy and Yoga meditation science and techniques Practice it and feel the effects yourself Immediate benefits will be felt in physical mental and spiritual health Dear ones conceive of God as the highest necessity of your lives Wait no more God and immortality are not myths but something to be realized It is all science [A Theology of the Third Article](#) Aaron T.
