The Red Prussian. The Life and Legend of Karl Marx. Transl. from the German by M. Wing ,1947 *The Red Prussian: the Life and Legend of Karl Marx* Leopold Schwarzschild. [Transl. from the German by Margaret Wing] Leopold Schwarzschild,1948 **Karl Marx: A Nineteenth-Century Life** Jonathan Sperber,2013-03-11 In this magisterial biography of Karl Marx likely to be definitive for many years to come John Gray New York Review of Books historian Jonathan Sperber creates a meticulously researched and multilayered portrait of both the man and the revolutionary times in which he lived Based on unprecedented access to the recently opened archives of Marx s and Engels s complete writings Karl Marx A Nineteenth Century Life provides a historical context for the personal story of one of the most influential and controversial political philosophers in Western history By removing Marx from the ideological conflicts of the twentieth century that colored his legacy and placing him within the society and intellectual currents of the nineteenth century Ian Kershaw Sperber is able to present a full portrait of Marx as neither a soothsaying prophet of the modern world nor the author of its darkest atrocities This major biography fundamentally reshapes our understanding of a towering historical figure **Marx's Revenge** Meghnad Desai,2020-05-05 In this provocative and enthusiastically revisionist book the distinguished economist Meghnad Desai argues that capitalism s recent efflorescence is something Karl Marx anticipated and indeed would in a certain sense have welcomed Capitalism as Marx understood it would only reach its limits when it was no longer capable of progress Desai argues that globalization in bringing the possibility of open competition on world markets to producers in the Third World has proved that capitalism is still capable of moving forwards Marx s Revenge opens with a consideration of the ideas of Adam Smith and Hegel It proceeds to look at the nuances in the work of Marx himself and concludes with a survey of more recent economists who studied capitalism and attempted to unravel its secrets including Joseph Schumpeter John Maynard Keynes and Friedrich Hayek Karl Marx and Friedrich Engels (RLE Marxism) Cecil L. Eubanks,2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels *Karl Marx and Friedrich Engels* Cecil Eubanks,2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels Karl Marx Prince of Darkness George Fabian,2011-10-25

Nationalism and the International Labor Movement Michael Forman, 2007-06-05 The resurgence of nationalism accompanying the decline of Communism has been taken to indicate the failure of socialist theory to grasp the nature of this phenomenon Against both those who argue that the radical tradition has ignored and underestimated nationalism and those who accuse it of economic reductionism this careful analysis of the idea of the nation as it was developed in the work of the major thinkers of the international labor movement reveals evidence of how seriously they grappled with nationalism Each of the main sections of the book focuses on the most influential theorists of the international labor movement as it became organized and grew Bakunin Marx and Engels and the concern of the First International 1864 Lenin Luxemburg and Bauer and the preoccupation of the Second International 1889 1914 with socialism in ethnically plural societies Stalin and Gramsci in relation to the substitution by the Third International 1919 1943 of nation building and national liberation for the old class project In the conclusion the author examines the relationships among ethnic and civic nationality national self determination republican institutions and the process of globalization from the perspective of the post Soviet era and in the light of social theory and Kant's ideas about cosmopolitan right

The Karl Marx Library. Arr. and Edited, with an Introd. and New Translations, by Saul K. Padover Karl

Marx, Saul Kussiel Padover, 1972 Geography of Hope Pierre Birnbaum, 2008 In *Geography of Hope* French sociologist and historian Pierre Birnbaum examines the work of some of the prominent Jewish social scientists of the past two centuries in order to analyze their range of responses to the tensions between the Enlightenment call for universalism and the reality of Jewish particularism **Why Marx Was Wrong** Lawrence Eubank, 2011-11-02 The subject of this book is the negative assault on democratic capitalism embodied in Capital A Critique of Political Economy Marx's great work devoted to delineating the crimes and inequities of capitalist societies and market economies The book is a systematic step by step analysis of Marx's logic It is a deconstruction of the arguments and deductions by which he reaches his main conclusion that capitalism is corrupt in its essential nature and that capitalists gain wealth not by any legitimate means but by appropriating unpaid labor or surplus value from the working masses Despite the disappearance of the Soviet bloc and the waning of Communist zealotry that is still a widely believed doctrine Marx's accusation against capitalism and the course of argumentation by which he arrives at it together form the subject of the present volume *Marxism, Fascism, and Totalitarianism* A. James Gregor, 2008-10-08 This work traces the changes in classical Marxism the Marxism of Karl Marx and Friedrich Engels that took place after the death of its founders It outlines the variants that appeared around the turn of the twentieth century one of which was to be of influence among the followers of Adolf Hitler another of which was to shape the ideology of Benito Mussolini and still another of which provided the doctrinal rationale for V I Lenin's Bolshevism and Joseph Stalin's communism This account differs from many others by rejecting a traditional left right distinction a distinction that makes it difficult to understand how totalitarian political institutions could arise out of presumably diametrically opposed political ideologies Marxism Fascism and Totalitarianism thus helps to explain the common features of left wing and right wing regimes in the twentieth century The Berlin Liberal Press in Exile Walter F. Peterson, 2014-10-10 Die Studien und Texte zur Sozialgeschichte der Literatur STSL veröffentlichten seit 1975 herausragende literaturgeschichtliche und kulturwissenschaftliche Arbeiten zu vornehmlich deutscher Literatur vom Mittelalter bis zur Gegenwart Schwerpunkt der literaturgeschichtlichen und theoretischen Abhandlungen sowie der Quellen und Materialienbände ist das Verhältnis von literarischem Text und gesellschaftlich historischem Kontext Als maßgebliche Publikationsreihe einer seit den 1960er Jahren einflussreichen Sozialgeschichte der Literatur prägt STSL zugleich die literaturwissenschaftliche Diskussion über mögliche Austauschbeziehungen zwischen Literatur Geschichte und Sozialwissenschaften
