Insights from Practices in Community-Based Research Shannon T. Bischoff, Carmen Jany, 2018-03-19 Free Access in January 2019 There has been an increasing interest in the emerging subfield within linguistics and anthropology often referred to as community based research Himmelmann 1998 Rice 2010 Crippen and Robinson 2013 among others This volume brings together perspectives from academics community members and those that find themselves in both academia and the community The volume begins with a working definition of the notions of community based research as a practice and illustrates how such notions shifted without abandoning the outlined tenets within the working definition as the chapters developed to include notions of community based research as a tool and ideology as well as an orientation Each of the 17 chapters represents a case study with the first five including discussions of broader issues and theoretical perspectives while exploring community based research as an emerging subfield within

linguistics The case studies comprise work from the Americas Australia India Europe and Africa The goal of the volume is to build on the emerging literature and practices in the field to arrive at a better understanding of how community based research is theorized and practiced in a variety of environments communities and cultures *Interviews in Applied Linguistics* David Block, 2023-12-21 This book is a personal reflection on research interviews Written as an autobiography it invites the reader to accompany the author on his personal journey of over three decades of research carried out on a range of topics in a range of contexts It mixes academic genres moving back and forth between life story telling and more standard academic writing This book has been written with several aims in mind First it aims to present the author's perspective on research interviews acquired over time to researchers of all kinds from novice to experienced Second while it contains valuable information about the practice of interviewing it is written in such a way that it avoids the kind of dry and overly structured presentation style that one finds in textbook like publications on the topic Third and finally this book aims to complement previous publications on interviews e.g. Cicourel Briggs Mishler Kvale which have approached the topic from a reflexive sociolinguistic linguistic anthropological perspective that frames interviews not as information mining expeditions but as communicative events and conversations This unique reflection on research interviews will be of interest to advanced students and researchers in applied linguistics and sociolinguistics and will also be relevant to researchers working in social sciences and humanities disciplines Methods in Pragmatics Andreas H. Jucker, Klaus P. Schneider, Wolfram Bublitz, 2018-06-25 *Methods in Pragmatics* provides a systematic overview of the different types of data the different methods of data collection and data analysis used in pragmatic research It offers authoritative and comprehensive surveys of the entire breadth of methods and methodologies Part 1 covers introspectional philosophical and cognitive pragmatics Part 2 is devoted to experimental pragmatics including discourse completion and dialogue construction tasks role plays and other production and comprehension tasks Part 3 reviews observational pragmatics including ethnographic and discourse analytic methods and part 4 finally is devoted to corpus pragmatics including accounts of corpus compilation annotation and data retrieval specific to pragmatic research Each contribution provides a state of the art account of the precise workings of one particular method its applications in the relevant research literature as well as a critical assessment of its strengths and weaknesses and the type of pragmatic research questions for which it is most suitable *Language, Culture and Identity - Signs of Life* Vera da Silva Sinha, Ana Moreno-Núñez, Zhen Tian, 2020-04-30 The dynamics of language culture and identity are a major focus for many linguists and cognitive and cultural researchers This book explores the inextricable connection that language has with cultural identity and cultural practices with a particular emphasis on how they contribute to shaping personal identity The volume brings together selected peer reviewed papers from the 7th International Conference on Language Culture and Mind with other specially commissioned chapters Like the conference this book aims to enhance mutual understanding among researchers from diverse disciplinary and theoretical perspectives offering a wealth of insights

to a wide range of readers on recent culturally oriented cognitive studies of language **Research and Inequality** Beth Humphries, Carole Truman, 2020-10-07 It has been noted by researchers from a variety of backgrounds that the dominant social research paradigms have frequently failed to represent the viewpoints of many marginalized groups The authors of this collection confront this imbalance by looking at how issues such as ethnicity sexual orientation and identity disability gender and ethnicity and health and old age can be addressed in research conducted among groups who may often be the objects of research but who seldom have control over what is said about them Containing sections written by contributors from a variety of backgrounds cultures and nationalities the chapters explore ways in which issues of social diversity and division within the research process might be addressed While considering whether this might be done through an emancipatory research paradigm the book also examines the philosophical tenets and methodological implications of such an approach

The Linguistics of Newswriting Daniel Perrin, 2013-09-25 The Linguistics of Newswriting focuses on text production in journalistic media as both a socially relevant field of language use and as a strategic field of applied linguistics The book discusses and paves the way for scientific projects in the emerging field of linguistics of newswriting From empirical micro and theoretical macro perspectives strategies and practices of research development and knowledge transformation are discussed Thus the book is addressed to researchers teachers and coaches interested in the linguistics of professional writing in general and news writing in particular Together with the training materials provided on the internet www.newswriting.net the book will also be useful to anyone who wants to become a more discerning consumer Perry 2005 or a more reflective producer of language in the media
