Canadian Odyssey W. J. Keith, 2002 An engaging critical study of Hugh Hood's ambitious twelve volume novel series

Toronto's Ravines and Urban Forests Jason Ramsay-Brown, 2020-07-20 No matter where you are in Toronto you are close to a ravine In these often hidden places you can find an astonishing diversity of birds flowers and trees Jason Ramsay Brown has spent twenty years exploring the more than one hundred ravines parks and urban forests within Toronto's boundaries For this book he has selected the thirty natural areas most rewarding to visitors and provided accounts of what you will encounter there and what you can learn of the city's history as well The variety of flora and fauna is astonishing In one park alone the Leslie Street Spit more than three hundred species of birds have been identified since the turn of the millennium The increasingly scarce butternut tree can be found in Warden Woods and wildlife such as deer beaver foxes and coyotes are often spotted along many ravine trails Jason tells the story of ongoing efforts of ecological restoration and stewardship to protect these habitats and ecosystems such as the wetlands of Taylor Creek Park and the old growth forest within Glendon Forest The ravines also contain many landmarks of local history rumours of buried British gold in Scarborough's Gates Gully large First Nations encampments near L'Amoureux Park and early industries like Todmorden Mills With extensive visuals illustrating all thirty ravines and forests from across the city this book offers something for every Torontonian and every visitor

Stealing Home Eric Nusbaum, 2020-03-24 A story about baseball family the American Dream and the fight to turn Los Angeles into a big league city Dodger Stadium is an American icon But the story of how it came to be goes far beyond baseball The hills that cradle the stadium were once home to three vibrant Mexican American communities In the early 1950s those communities were condemned to make way for a utopian public housing project Then in a remarkable turn public housing in the city was defeated amidst a Red Scare conspiracy Instead of getting their homes back the remaining residents saw the city sell their land to Walter O Malley the owner of the Brooklyn Dodgers Now LA would be getting a different sort of utopian fantasy a glittering ultra modern stadium But before Dodger Stadium could be built the city would have to face down the neighborhood's families including one the Archigas who refused to yield their home The ensuing confrontation captivated the nation and the divisive outcome still echoes through Los Angeles today
