## **Reshaping Of Plantation Society The Natchez District 1860 188:**

The Reshaping of Plantation Society Michael Wayne, 1990      The Countryside in the Age of Capitalist Transformation Steven Hahn, Jonathan Prude, 1985 This volume represents one of the first efforts to harvest the rapidly emerging scholarship in the field of American rural history Building on the insights and methodologies that social historians have directed toward urban life the contributors explore      **Tumult And Silence At Second Creek** Winthrop D. Jordan, 1996-01-01 In the war fevered spring and summer of 1861 a group of slaves in Adams County Mississippi conspired to gain their freedom by overthrowing and murdering their white masters The conspiracy was discovered the plotters were arrested and tried and at least forty slaves in and around Natchez were hanged By November the affair was over and the planters of the district united to conceal the event behind a veil of silence In 1971 Winthrop D Jordan came upon the central document previously unanalyzed by modern scholars upon which this extraordinary book is based a record of the testimony of some of the accused slaves as they were interrogated by a committee of planters determined to ferret out what was going on This discovery led him on a twenty year search for additional information about the aborted rebellion Because no official report or even newspaper account of the plot existed the search for evidence became a feat of historical detection Jordan gathered information from every possible source the private letters and diaries of members of the families involved in suppressing the conspiracy and of people who recorded the rumors that swept the Natchez area in the unsettled months following the beginning of the war letters from Confederate soldiers concerned about the events back home the journal of a Union officer who heard of the plot records of the postwar Southern Claims Commission census documents plantation papers even gravestones What has emerged from this odyssey of research is a brilliantly written re creation of one of the last slave conspiracies in the United States It is also a revealing portrait of the Natchez region at the very beginning of the Civil War when Adams County was one of the wealthiest communities in the nation and a few powerful families interconnected by marriage and business controlled not only a large black population but the poorer whites as well In piecing together the fragments of extant information about the conspiracy Jordan has produced a vivid picture of the plantation slave community in southwestern Mississippi in 1861 its composition and distribution the degree of mobility permitted slaves the ways information was passed around slave quarters and from plantation to plantation the possibilities for communication with town slaves free blacks and white abolitionists Jordan also explores the treatment of blacks by their owners the kinds of resentments the slaves harbored the sacrifices they were willing to make to protect or avenge abused family members and the various ways in which they viewed freedom **Tumult and Silence at Second Creek** is a major work by one of the most distinguished scholars of slavery and race relations Winthrop D Jordan s study of the slave society of the Natchez area at the onset of the Civil War is a landmark contribution to the field More than that his exhaustive and resourceful search for documentation and his careful analysis of sources make the study an extended and innovative essay on the nature of

historical evidence and inference     Voices from the Wild Horse Desert Jane Clements Monday, Betty Bailey Colley, 2010-06-28 Founded before the Civil War the King and Kenedy Ranches have become legendary for their size their wealth and their endless herds of cattle A major factor in the longevity of these ranches has always been the loyal workforce of vaqueros Mexican and Mexican American cowboys and their families Some of the vaquero families have worked on the ranches through five or six generations In this book Jane Clements Monday and Betty Bailey Colley bring together the voices of these men and women who make ranching possible in the Wild Horse Desert From 1989 to 1995 the authors interviewed more than sixty members of vaquero families ranging in age from 20 to 93 Their words provide a panoramic view of ranch work and life that spans most of the twentieth century The vaqueros and their families describe all aspects of life on the ranches from working cattle and doing many kinds of ranch maintenance to the home chores of raising children cooking and cleaning The elders recall a life of endless manual labor that nonetheless afforded the satisfaction of jobs done with skill and pride The younger people describe how modernization has affected the ranches and changed the lifeways of the people who work there     The United States in Central America, 1860-1911 Thomas David Schoonover, 1991 In a work of unprecedented scope Thomas D Schoonover combines exhaustive multicountry archival research with a sophisticated theoretical framework grounded in world systems theory to elucidate the relations between the United States and Central America in the late nineteenth and early twentieth centuries Schoonover s archival research in Central America Europe and the United States encompasses public business organizational and individual records In analyzing this material Schoonover applies a world systems theory approach with that of social imperialism and dependency theory to underscore the broad multistate dimension of international affairs In exploring the international history of Central America Schoonover describes the role of personalities such as John C Fr mont Otto von Bismarck Theodore Roosevelt Manuel Estrada Cabrera and Jos Santos Zelaya the impact of railroad building and canal projects and the role of pan Americanism nationalism racism and anti Americanism

**First Lady of the Confederacy** Joan E. Cashin, 2009-07-01 When Jefferson Davis became president of the Confederacy his wife Varina reluctantly became the First Lady Pro slavery but also pro Union Varina Davis was inhibited by her role as Confederate First Lady and unable to reveal her true convictions Cashin offers a portrait of a fascinating woman struggling with the constraints of time and place     **Georgia Women** Ann Short Chirhart, Betty Wood, 2009 This first of two volumes extends from the founding of the colony of Georgia in 1733 up to the Progressive era From the beginning Georgia women were instrumental in shaping the state yet most histories minimize their contributions The essays in this volume include women of many ethnicities and classes who played an important role in Georgia s history Though sources for understanding the lives of women in Georgia during the colonial period are scarce the early essays profile Mary Musgrove an important player in the relations between the Creek nation and the British Crown and the loyalist Elizabeth Johnston who left Georgia for Nova Scotia in 1806 Another essay examines the near mythical quality of the American Revolution era accounts of

Georgia's War Woman Nancy Hart The later essays are multifaceted in their examination of the way different women experienced Georgia's antebellum social and political life the tumult of the Civil War and the lingering consequences of both the conflict itself and Emancipation After the war both necessity and opportunity changed women's lives as educated white women like Eliza Andrews established or taught in schools and as African American women like Lucy Craft Laney who later founded the Haines Institute attended school for the first time Georgia Women also profiles reform minded women like Mary Latimer McLendon Rebecca Latimer Felton Mildred Rutherford Nellie Peters Black and Martha Berry who worked tirelessly for causes ranging from temperance to suffrage to education The stories of the women portrayed in this volume provide valuable glimpses into the lives and experiences of all Georgia women during the first century and a half of the state's existence Historical figures include Mary Musgrove Nancy Hart Elizabeth Lichtenstein Johnston Ellen Craft Fanny Kemble Frances Butler Leigh Susie King Taylor Eliza Frances Andrews Amanda America Dickson Mary Ann Harris Gay Rebecca Latimer Felton Mary Latimer McLendon Mildred Lewis Rutherford Nellie Peters Black Lucy Craft Laney Martha Berry Corra Harris Juliette Gordon Low **Louisiana History** ,1984 The North Carolina Historical Review ,1989 The Publishers' Trade List Annual ,1989 **The Reshaping of Plantation Society** Michael Wayne, *Afro-Americana Acquisitions* University of Illinois at Urbana-Champaign. When Emancipation Came Sally Stocksdale,2022-09-09 Linked by declarations of emancipation within the same five year period two countries shared human rights issues on two distinct continents In this book readers will find a case study comparison of the emancipation of Russian serfs on the Yazykovo Selo estate and American slaves at the Palmyra Plantation Although state policies and reactions may not follow the same paths in each area there were striking thematic parallels These findings add to our understanding of what happens throughout an emancipation process in which the state grants freedom and therefore speaks to the universality of the human experience Despite the political and economic differences between the two countries as well as their geographic and cultural distances this book re conceptualizes emancipation and its aftermath in each country from a history that treats each as a separate self contained story to one with a unified global framework
