Helmut Walser Smith

Reshaping The German Right Radical Nationalism And Political Change After Bismarck:

Reshaping the German Right Geoff Eley,1991 Examines the conditions under which a particular right wing ideology was generated

Reshaping the German right Geoff Eley,1991 *The Means to Kill* Gerrit Dworok, Frank Jacob,2015-11-12 Throughout human history technological innovation has functioned as a driver of civilization and inspired many people's belief in progress When it comes to warfare where technology is applied with a cruel and deadly logic a nuanced view is needed From siege engines to drones innovation has often served a less enlightened aim elimination of the enemy This collection of new essays from specialists in military history examines the interdependence between war and technology from a number of regional perspectives

The Sanctity of Rural Life Shelley Baranowski,1995-04-06 In this ground breaking study Shelley Baranowski not only explores how and why church going Protestants in eastern Prussia turned to Nazism in large numbers but also shows that the rural elite and the church propagated a myth of the stability the wholesomeness and the class harmony in short the sanctity of rural life a myth that was a key component of Nazi propaganda that helped secure support for the Third Reich in rural areas Of great interest to historians and students of the period as well as anyone interested in how a fringe radical movement gained wide popular support

Military Culture and Popular Patriotism in Late Imperial Austria Laurence Cole,2014 Military Culture and Popular Patriotism examines the interplay between popular patriotism and military culture in late imperial Austria Laurence Cole suggests that two main questions should be asked regarding the western half of the Habsburg Monarchy during the period from the mid nineteenth century to the outbreak of war in 1914 Firstly how far did imperial Austrian society experience a process of militarization comparable to that of other European countries Secondly how far did the military sphere foster popular patriotism in the multinational state Various manifestations of military culture including hero cults and above all military veterans associations provide the main subject for analysis in this volume After exploring the historical development of military culture in the Habsburg Monarchy Cole explains how the long reign of Emperor Franz Joseph I constituted a decisive phase in the militarization of Austrian society with the dynasty and state emphasizing the military's role as the locus of loyalty Popular manifestations of military culture such as the hero cult surrounding Field Marshal Radetzky and military veterans associations complemented the official agenda in many respects However veterans associations in particular constituted a political mobilization of the lower middle and lower classes who asserted their own interests and position in civil society as is shown by case studies of regions of the Austrian state with significant Italian speaking populations Trentino and the Littoral State attempts to assert greater control of veterans activities led to national and political opposition at a time when tensions over militarism and foreign policy increased The Black and the Gold thus raises the question of whether the military was really a bulwark of the multinational state or rather a polarizing force in imperial Austrian society

Wilhelminism and Its Legacies Hartmut Pogge von Strandmann,2003 What was distinctive and distinctively modern about German society and politics in the age of Kaiser

Wilhelm II In addressing this question these essays assemble cutting edge research by fourteen international scholars Based on evidence of an explicit and self confidently bourgeois formation in German public culture the contributors suggest new ways of interpreting its reformist potential and advance alternative readings of German political history before 1914 While proposing a more measured understanding of Wilhelmine Germany s extraordinarily dynamic society they also grapple with the ambivalent cross cutting nature of German modernities and reassess their impact on long term developments running through the Wilhelmine age

Austria 1867-1955 John W. Boyer,2022 Austria 1867 1955 connects the political history of German speaking provinces of the Habsburg Empire before 1914 Vienna and the Alpine Lands with the history of the Austrian Republic that emerged in 1918 John W Boyer presents the case of modern Austria as a fascinating example of democratic nation building The construction of an Austrian political nation began in 1867 under Habsburg Imperial auspices with the German speaking bourgeois Liberals defining the concept of a political people Volk and giving that Volk a constitution and a liberal legal and parliamentary order to protect their rights against the Crown The decades that followed saw the administrative and judicial institutions of the Liberal state solidified but in the 1880s and 1890s the membership of the Volk exploded to include new social and economic strata from the lower bourgeoisie and the working classes Ethnic identity was not the final structuring principle of everyday politics as it was in the Czech lands Rather social class occupational culture and religion became more prominent variables in the sortition of civic interests exemplified by the emergence of two great ideological parties Christian Socialism and Social Democracy in Vienna in the 1890s The war crisis of 1914 1918 exploded the Empire with the Crown self destructing in the face of military defeat chronic domestic unrest and bitter national partisanship But this crisis also accelerated the emergence of new structures of democratic self governance in the German speaking Austrian lands enshrined in the republican Constitution of 1920 Initial attempts to make this new project of democratic nation building work failed in the 1920s and 1930s culminating in the catastrophe of the 1938 Nazi occupation After 1945 the surviving legacies of the Revolution of 1918 reassembled under the four power Allied occupation which fashioned a shared political culture which proved sufficiently flexible to accommodate intense partisanship resulting by the 1970s in a successful republican system organized under the aegis of elite democratic and corporatist negotiating structures in which the Catholics and Socialists learned to embrace the skills of collective but shared self governance

Nationalist and Racialist Movements in Britain and Germany Before 1914 Paul M. Kennedy,Anthony James Nicholls,1981-06-18

A Companion to Modern European History Martin Pugh,1997-10-22 Its sixteen thematic chapters each written by an expert in the field cover social and economic developments the rise and fall of all the major political movements as well as the immense changes generated by war and international diplomacy across Europe

Reformers, Critics, and the Paths of German Modernity Kevin Repp,2000 Modernity was an inescapable fact of life for the first generation to come of age in the German Empire Even the most extreme political opponents saw the chaotic

transformation of all spheres of life in the wake of industrial capitalism as the central problem facing young men and women at the fin de siècle. This fresh look at Wilhelmine perceptions of modernity challenges both the traditional emphasis on anti-modernism as a peculiarly German response that led to the rise of National Socialism and the more recent post-Foucauldian studies on the pathologies of modernity which point instead to an unreflective faith in science and efficiency on the part of German progressives. Shifting the focus away from radical extremes on either side, Kevin Repp explores the more moderate agendas of hundreds of mainstream intellectuals and activists from diverse social backgrounds who sought to surmount the human costs of industrialization without relinquishing its positive potential. Repp combines detailed case studies of Adolf Damaschke, Gertrud Bäumer and Werner Sombart with an innovative prosopography of their milieu to show how leading reformers enlisted familiar tropes of popular nationalism, eugenics and cultural pessimism in formulating pragmatic solutions that would be at once modern and humane. Easily obscured by radical voices on right and left, this quiet search for alternatives nevertheless succeeded in building a nationwide network of educational centers, associative ties and institutions that substantially altered the landscape of Wilhelmine political culture in the decades before the First World War.

[The Rise and Demise of German Statism](#) Gregg Kvistad, 1999-03-01 German statism as a political ideology has been the subject of many historical studies. Whereas most of these focus on theoretical texts, cultural works and vague traditions, this study understands German statism as a functioning logic of political membership, a logic that has helped to determine who is in and who is out with regard to the German political community. Tracing statism from the early 19th century through German unification and beyond, in the 1990s the author argues that with its central concern for a political loyalty that is vetted from above, it historically served the function of stabilizing the political order and containing democratic mobilization. Beginning in the 1960s, however, a mobilized German democratic consciousness from below gradually rejected statism as anachronistic for informing political and policy debate, and German political institutions began to respond to kind.

[The Fateful Alliance](#) Hermann Beck, 2008-04-01 On 30 January 1933 Alfred Hugenberg's conservative German National People's Party (DNVP) formed a coalition government with the Nazi Party, thus enabling Hitler to accede to the chancellorship. This book analyzes in detail the complicated relationship between Conservatives and Nazis and offers a re-interpretation of the Nazi seizure of power: the decisive months between 30 January and 14 July 1933. The *Machtergreifung* is characterized here as a period of all-pervasive violence and lawlessness, with incessant conflicts between Nazis and German Nationals, and Nazi attacks on the conservative *Burgertum*, a far cry from the traditional depiction of the takeover as a relatively bloodless, virtually sterile assumption of power by one vast impersonal apparatus wresting control from another. The author scrutinizes the revolutionary character of the Nazi seizure of power, the Nazis' attacks on the conservative *Burgertum* and its values, and National Socialism's co-optation of conservative symbols of state power to serve radically new goals, while addressing the issue of why the DNVP was complicit in this and paradoxically participated in eroding the foundations of its very own

principles and bases of support The German Bourgeoisie (Routledge Revivals) David Blackbourn, Richard J Evans, 2014-06-17 First published in 1991 this collection of original studies by British German and American historians examines the whole range of modern German bourgeoisie groups including professional mercantile industrial and financial bourgeoisie and the bourgeois family Drawing on original research the book focuses on the historical evidence as counterpoint to the well known literary accounts of the German bourgeoisie It also discusses bourgeois values as manifested in the cult of local roots and in the widespread practice of duelling Edited by two of the most respected scholars in the field this important reissue will be of value to any students of modern German and European history *Hitler's Germany* Roderick Stackelberg, 2002-01-22 Hitler's Germany provides a comprehensive narrative history of Nazi Germany and sets it in the wider context of nineteenth and twentieth century German history Roderick Stackelberg analyzes how it was possible that a national culture of such creativity and achievement could generate such barbarism and destructiveness This second edition has been updated throughout to incorporate recent historical research and engage with current debates in the field It includes an expanded introduction focusing on the hazards of writing about Nazi Germany an extended analysis of fascism totalitarianism imperialism and ideology a broadened contextualisation of antisemitism discussion of the Holocaust including the euthanasia program and the role of eugenics new chapters on Nazi social and economic policies and the structure of government as well as on the role of culture the arts education and religion additional maps tables and a chronology a fully updated bibliography Exploring the controversies surrounding Nazism and its afterlife in historiography and historical memory Hitler's Germany provides students with an interpretive framework for understanding this extraordinary episode in German and European history **The Continuities of German History** Helmut Walser Smith, 2008-04-07 This book opens the debate about German history in the long term about how ideas and political forms are traceable across what historians have taken to be the sharp breaks of German history Smith argues that current historiography has become ever more focused on the twentieth century and on twentieth century explanations for the catastrophes at the center of German history Against conventional wisdom he considers continuities nation and nationalism religion and religious exclusion racism and violence that are the center of the German historical experience and that have long histories Smith explores these deep continuities in novel ways emphasizing their importance while arguing that Germany was not on a special path to destruction The result is a series of innovative reflections on the crystallization of nationalist ideology on patterns of anti-Semitism and on how the nineteenth century vocabulary of race structured the twentieth century genocidal imagination **Imperial Germany 1871-1918** James Retallack, 2008-04-10 An international team of twelve expert contributors provides both an introduction to and an interpretation of the key themes in German history from the foundation of the Reich in 1871 to the end of the First World War in 1918 **From Unification to Nazism** Eley Geoff, 2019-06-26 Originally published in 1986 and bringing together essays written over a 10 year period this volume offers a coherent and challenging interpretation of the

German past The book argues that the German Empire between 1871 and 1914 may have enjoyed greater stability and cohesion than is often assumed It suggests that Imperial Germany's political institutions showed considerable flexibility and capacity for growth and puts forward the idea that without WWI or in the event of a German victory the Empire might well have demonstrated its viability as a modern state In that case the origins of fascism should be sought mainly in the subsequent experiences of war revolution and economic crisis and not so much in the Empire's so called structural backwardness

Rereading German History Richard Evans, 2002-11 Presenting the collected reviews of one of modern Germany's single most important historians this book offers a comprehensive summary of Richard Evans trenchant and important analytical points on Weimar the Third Reich and revisionism

The First World War and German National Identity Jan Vermeiren, 2016-07-18 The First World War and German National Identity is an original and carefully researched study of the coalition between Imperial Germany and Austria Hungary during the First World War Focusing on the attitudes taken by governmental circles politically active groups intellectuals and the broader public towards the German speaking population in the Habsburg Monarchy Jan Vermeiren explores how the war challenged established notions of German national identity and history In this context he also sheds new light on key issues in the military and the diplomatic relationship between Berlin and Vienna re examining the German war aims debate and presenting many new insights into German Hungarian and German Slav relations in the period The book is a major contribution to German and Central European history and will be of great interest to scholars of the First World War and the complex relationship between war and society

Reshaping The German Right Radical Nationalism And Political Change After Bismarck Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reshaping The German Right Radical Nationalism And Political Change After Bismarck has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reshaping The German Right Radical Nationalism And Political Change After Bismarck has opened up a world of possibilities. Downloading Reshaping The German Right Radical Nationalism And Political Change After Bismarck provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reshaping The German Right Radical Nationalism And Political Change After Bismarck has democratized knowledge. Traditional books and academic

journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reshaping The German Right Radical Nationalism And Political Change After Bismarck. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reshaping The German Right Radical Nationalism And Political Change After Bismarck. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reshaping The German Right Radical Nationalism And Political Change After Bismarck, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reshaping The German Right Radical Nationalism And Political Change After Bismarck has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Reshaping The German Right Radical Nationalism And Political Change After Bismarck Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
