Residues of Justice Wai Chee Dimock, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1996      **The Oxford Handbook of Law and Humanities** Simon Stern, Maksymilian Del Mar, Bernadette Meyler, 2020 How might law matter to the humanities How might the humanities matter to law In its approach to both of these questions The Oxford Handbook of Law and Humanities shows how rich a resource the law is for humanistic study as well as how and why the humanities are vital for understanding law Tackling questions of method key themes and concepts and a variety of genres and areas of the law this collection of essays by leading scholars from a variety of disciplines illuminates new questions and articulates an exciting new agenda for scholarship in law and humanities      **Rhetoric and Evidence** Peter Schneck, 2011-10-27 The book traces the changing relation and intense debates between law and literature in U S American culture using examples from the 18th to the 20th century including novels by Charles Brockden Brown James Fenimore Cooper Harper Lee and William Gaddis Since the early American republic the critical representation of legal matters in literary fictions and cultural narratives about the law served an important function for the cultural imagination and legitimation of law and justice in the United States One of the most essential questions that literary representations of the law are concerned with the study argues is the unstable relation between language and truth or more specifically between rhetoric and evidence In examining the truth claims of legal language and rhetoric and the evidentiary procedures and protocols which are meant to stabilize these claims literary fictions about the law aim to provide an alternative public discourse that translates the law's abstractions into exemplary stories of individual experience Yet while literature may thus strive to institute itself as an ethical counter narrative to the law in order to become in Shelley's famous phrase the legislator of the world it has to face the instability of its own relation to truth The critical investigation of legal rhetoric in literary fiction thus also and inevitably entails a negotiation of the intrinsic value of literary evidence      **Law and Justice in Japanese Popular Culture** Ashley Pearson, Thomas Giddens, Kieran Tranter, 2018-06-27 In a world of globalised media Japanese popular culture has become a significant fountainhead for images narrative artefacts and identity From Pikachu to instantly identifiable manga memes to the darkness of adult anime and the hyper consumerism of product tie ins Japan has bequeathed to a globalised world a rich variety of ways to imagine communicate and interrogate tradition and change the self and the technological future Within these foci questions of law have often not been far from the surface the crime and justice of Astro Boy the property and contract of Pokemon the ecological justice of Nausicaa Shinto's focus on order and balance and the anxieties of origins in J horror This volume brings together a range of global scholars to reflect on and critically engage with the place of law and

justice in Japan's popular cultural legacy. It explores not only the global impact of this legacy but what the images, games, narratives, and artefacts that comprise it reveal about law, humanity, justice, and authority in the twenty-first century. **Law and the Humanities** Austin Sarat, Matthew Daniel Anderson, Cathrine O. Frank, 2010. A review and analysis of existing scholarship on the different national traditions and on the various modes and subjects of law and humanities. Kangaroo Courts and the Rule of Law Desmond Manderson, 2012-07-26. Kangaroo Courts and the Rule of Law: The Legacy of Modernism addresses the legacy of contemporary critiques of language for the concept of the rule of law. Between those who care about the rule of law and those who are interested in contemporary legal theory, there has been a dialogue of the deaf which cannot continue. Starting from the position that contemporary critiques of linguistic meaning and legal certainty are too important to be dismissed, Desmond Manderson takes up the political and intellectual challenge they pose. Can the rule of law be reconfigured in light of the critical turn of the past several years in legal theory, rather than being steadfastly opposed to it? Pursuing a reflection upon the relationship between law and the humanities, the book stages an encounter between the influential theoretical work of Jacques Derrida and Mikhail Bakhtin and D. H. Lawrence's strange and misunderstood novel *Kangaroo* (1923). At a critical juncture in our intellectual history, the modernist movement at the end of the first world war and struggling with the same problems we are puzzling over today, Lawrence articulated complex ideas about the nature of justice and the nature of literature. Using Lawrence to clarify Derrida's writings on law, as well as using Derrida and Bakhtin to clarify Lawrence's experience of literature, Manderson makes a robust case for law and literature. With this framework in mind, he outlines a post-positivist conception of the rule of law in which justice is imperfectly possible rather than perfectly impossible. Counternarrative Possibilities James Dorson, 2016-06-09. *Counternarrative Possibilities* reads Cormac McCarthy's Westerns against the backdrop of two formative tropes in American mythology: virgin land from the 1950s and homeland after 9/11. Looking at McCarthy's Westerns in the context of American Studies, James Dorson shows how his novels counter the national narratives underlying these tropes and reinvest them with new, potentially transformative meaning. Departing from prevailing accounts of McCarthy that place him in relation to his literary antecedents, *Counternarrative Possibilities* takes a forward-looking approach that reads McCarthy's work as a key influence on millennial fiction. Weaving together disciplinary history with longstanding debates over the relationship between aesthetics and politics, this book is at once an exploration of the limits of ideology critique in the twenty-first century and an original reconsideration of McCarthy's work after postmodernism. *Dignity, Rank, and Rights* Jeremy Waldron, 2012-11-29. This volume collects two lectures by Jeremy Waldron that were originally given as Berkeley Tanner Lectures, along with responses to the lectures from Wai Chee Dimock, Don Herzog, and Michael Rosen, a reply to the responses by Waldron, and an introduction by Meir Dan Cohen. **The American Optic** Mikko Tuhkanen, 2010-07-02. *The American Optic* charts new territory in the relationship of psychoanalysis to critical race studies. Focusing on the work of Richard Wright and Jacques Lacan, it explores the political and ethical

implications of psychoanalysis for African American and other diasporic African cultural texts Mikko Tuhkanen develops a theory of racialization that recasts the genealogy of the Western concept of racial difference as outlined by critical race theory through the theory of the real which Lacan developed in his later work By engaging a wide array of resources including the work of W E B Du Bois Booker T Washington and Frantz Fanon as well as nineteenth century slave narratives and studies of blackface minstrelsy Tuhkanen not only illuminates the unexpectedly rich connections between Lacanian psychoanalysis and black literary and cultural studies but also demonstrates the ways in which the artistic and political traditions of the African diaspora allow us to reinvent the Lacanian ethics of becoming

**Why Fiction Matters in Contemporary China** David Der-wei Wang, Dewei Wang, 2020-11-14 Contemporary discussions of China tend to focus on politics and economics giving Chinese culture little if any attention Why Fiction Matters in Contemporary China offers a corrective revealing the crucial role that fiction plays in helping contemporary Chinese citizens understand themselves and their nation Where history fails to address the consequences of man made and natural atrocities David Der Wei Wang argues fiction arises to bear witness to the immemorial and unforeseeable Beginning by examining President Xi Jinping's call in 2013 to tell the good China story Wang illuminates how contemporary Chinese cultural politics have taken a fictional turn which can trace its genealogy to early modern times He does so by addressing a series of discourses by critics within China including Liang Qichao Lu Xun and Shen Congwen as well as critics from the West such as Arendt Benjamin and Deleuze Wang highlights the variety and vitality of fictional works from China as well as the larger Sinophone world ranging from science fiction to political allegory erotic escapade to utopia and dystopia The result is an insightful account of contemporary China one that affords countless new insights and avenues for understanding

**Political Liberalism and the Rise of American Romanticism** Scott M. Reznick, 2024 This volume traces how American literature evolved in response to widespread conflicts over the very nature of US democracy in the early republic and antebellum eras It examines how American writers reacted to three moments of profound divisiveness in the 1790s 1830s and 1850s

**Corporate Romanticism** Daniel M. Stout, 2016-12-01 Corporate Romanticism offers an alternative history of the connections between modernity individualism and the novel In early nineteenth century England two developments the rise of corporate persons and the expanded scale of industrial action undermined the basic assumption underpinning both liberalism and the law that individual human persons can be meaningfully correlated with specific actions and particular effects Reading works by Godwin Austen Hogg Mary Shelley and Dickens alongside a wide ranging set of debates in nineteenth century law and Romantic politics and aesthetics

Daniel Stout argues that the novel a literary form long understood as a reflection of individualism s ideological ascent in fact registered the fragile fictionality of accountable individuals in a period defined by corporate actors and expansively entangled fields of action Examining how liberalism the law and the novel all wrestled with the moral implications of a highly collectivized and densely packed modernity Corporate Romanticism reconfigures our sense of the nineteenth century and its novels arguing that we see in them not simply the apotheosis of laissez fair individualism but the first chapter of a crucial and distinctly modern problem about how to fit the individualist and humanist terms of justice onto a world in which the most consequential agents are no longer persons

Between Vengeance and Forgiveness Martha Minow,1999-11-01 The rise of collective violence and genocide is the twentieth century s most terrible legacy Martha Minow a Harvard law professor and one of our most brilliant and humane legal minds offers a landmark book on our attempts to heal after such large scale tragedy Writing with informed searching prose of the extraordinary drama of the truth commissions in Argentina East Germany and most notably South Africa war crime prosecutions in Nuremberg and Bosnia and reparations in America Minow looks at the strategies and results of these riveting national experiments in justice and healing

*The Monster That Is History* David Der-Wei Wang,2004-10-04 In ancient China a monster called Taowu was known for both its vicious nature and its power to see the past and the future Over the centuries Taowu underwent many incarnations until it became identifiable with history itself Since the seventeenth century fictive accounts of history have accommodated themselves to the monstrous nature of Taowu Moving effortlessly across the entire twentieth century literary landscape David Der wei Wang delineates the many meanings of Chinese violence and its literary manifestations Taking into account the campaigns of violence and brutality that have rocked generations of Chinese often in the name of enlightenment rationality and utopian plenitude this book places its arguments along two related axes history and representation modernity and monstrosity Wang considers modern Chinese history as a complex of geopolitical ethnic gendered and personal articulations of bygone and ongoing events His discussion ranges from the politics of decapitation to the poetics of suicide and from the typology of hunger and starvation to the technology of crime and punishment

**Twain at the Gallows** Jarrod D. Roark, 2019-09-26 This book is a literary exploration of Mark Twain's writings on crime in the American West and its intersection with morality, gender, and justice. Writing from his office at the Enterprise newspaper in the Nevada Territory, Twain employed a distinct style of crime writing, one that sensationalized facts and included Twain's personal philosophies and observations. Covering Twain's journalism, fictional works, and his own personal letters, this book contextualizes the writer's coverage of crime through his anxieties about westward expansion and the promise of a utopian West. Twain's observations on the West often reflected common perceptions of the day, positioning him as a voice of the people on issues like crime, punishment, and gender.
