Resist Powers With Jacques Ellul:

Resist the Powers with Jacques Ellul Charles Ringma, Jacques Ellul, 1995 **The Word Before the Powers** Charles L. Campbell, 2002-01-01 In this examination of the ethical significance of preaching Charles Campbell provides both fresh insights into the relationship between preaching and ethics and a challenging moral vision for the contemporary church Moving beyond a narrow focus on moral decision making or social issues sermons Campbell argues that a particular ethic nonviolent resistance is inherent in the practice of preaching and shapes the moral life of the church In the face of the powers the fundamental ethical task of preaching involves building up the church as a community of resistance Employing three dimensions of character ethics vision practices and virtues Campbell demonstrates the concrete ways in which preachers may undertake this task **Resistance and Contemplation** James W. Douglass, 2006-04-01 I rejoice in this day and in this book becoming available once again At Jonah House the place I've called home for 33 years we've had numerous copies of it in the years since it was first published One copy remains dog eared read reread studied It was a book that we reflected on together in community the backbone if you will next to the Scriptures of our on going resistance out of community Elizabeth McAlister Jonah House from the foreword This book has been of extraordinary significance to large numbers of young people resisters prisoners searchers many who have been increasingly perplexed and anguished by the course of American life in the world My brother Philip and I have used it in numerous sessions with students and others who found in it the sustenance necessary to allow them to take the next step in their struggle on behalf of life It seems to me that this book will continue in its own quiet and persistent way to reach those Americans who are capable of inviting us into any future worth speaking about Daniel Berrigan From perspectives of truth nonviolence and resistance to personal and cultural violence this book is among the few important books of the last decade Neutrality to this book is impossible people will view it as a gift or they will reject it as a threat enlightening strengthening liberating Philip Berrigan Jim Douglass is a writer and a Catholic Worker He and his wife Shelley are co founders of the Ground Zero Center for Nonviolent Action in Poulsbo WA and Mary's House a Catholic Worker house of hospitality in Birmingham AL He is currently writing three books on the assassinations of the Kennedys Malcolm X and King in the 1960's with Orbis Books The James Douglass Reprint Series The Non Violent Cross Resistance and Contemplation Lightning East to West The Nonviolent Coming of God **Pentecostal Perspectives on Social Justice** Thomas U. Kurt, 2025-06-10 The beginnings of the Pentecostal movement were characterized by charismatic gifts and an extraordinary missionary dynamic At the same time early Pentecostals stood out from their social environment for their liberal practices on race and women's issues and for their pacifism In a world characterized by violence oppression and exploitation the question of justice is crucial for the future of this world At the same time for Pentecostals the question of the future of this world is closely linked to the kingdom of God This book explores whether there is a common denominator in Pentecostal social ethics what that denominator consists of and what its

theological categories are To answer these questions it examines four representatives of the global Pentecostal church who have made prominent contributions in the field of social ethics The results are then discussed in a dialogue with Jürgen Moltmann one of the most prominent voices in systematic theology for social justice and the liberation of the oppressed

Christ, Power and Mammon Scott Thomas Prather, 2013-08-15 This book examines the role of the New Testament concept of the principalities and powers in the thought of Karl Barth and John Howard Yoder showing how this biblical concept of power is central to the fundamental theological convictions of each thinker Prather offers a scholarly account of the underexplored theological and ethical import of a major biblical theme and the book addresses questions and concerns from a wide range of academic and lay theological interest He brings Barth and Yoder into dialogue here and examines the three crucial areas the confessional distinction of church and world the demonization of political power and the intrinsic relation between the political and economic powers While other theologians have rightly identified a christocentric connection between the thought of Barth and Yoder no attempt has been made to bring them together through the sustained analysis of a single doctrinal or ethical issue this book does just that *Reconciliation* Tobias Faix, Johannes Reimer, G. J. van Wyngaard, 2021-01-27 Hardly any other topic is as important for the coexistence of mankind as the question of justice and reconciliation In this volume we want to examine this important question from different interdisciplinary and international perspectives in order to develop an overall understanding that will contribute to reconciliation in various cultural and religious fields of conflict in the world Particular attention will be paid to the theological perspective on reconciliation in which justice and restoration of relationships play a central role **Resistance and Theological Ethics** Ronald H.

Stone, Robert L. Stivers, 2004 *Resistance and Theological Ethics* collects the edited and updated essays that emerged from the meeting of the Theological Educators for Presbyterian Social Witness in Geneva Switzerland and southern France in 1999 These writings from educators and ethicists combine to sound a clarion call for the church to stand in resistance to social economic and political forces that threaten while embracing those that foster social justice peace and human welfare Each author emphasizes a specific call to resistance against powers grounded in particular forms of sin religious pride greed violence and domination Divided into three parts the book details social forces to be resisted presents historical and biblical examples of resistance and concludes with theological analysis and advocacy for action in contemporary American society

In the Midst of Much-Doing Charles R. Ringma, 2023-05-31 How are we to sustain activism and compassion amidst the never ending crises of the twenty first century While the concern for social justice is deeply biblical cynicism burnout and despair are all too common side effects when action is divorced from contemplation To effectively serve as the hands and feet of Jesus the church must attend to the revitalization of its inner life through the spiritual practices which feed support and sustain the work of the kingdom Rather than the fragmentation and dualism that have led denominations to choose between prayer and service evangelization and justice the church must integrate heart mind and body in order to fulfil its calling to

transform the world from within Drawing from Scripture and a wide range of Christian traditions from the monastic to the evangelical this book inspires its readers to integrate spiritual renewal and prophetic witness for the glory of God and the good of his creation *Free People* Tricia Gates Brown,2005-11-01 AT ONCE AN INTRODUCTION TO GLOBAL ECONOMICS AND a Christian ethical examination of it *Free People* looks at one of the most pressing challenges facing followers of Jesus today How does one love God and neighbor while enmeshed in a globalized economy where our lives are networked with and impact the lives of people all around the world Written in a highly readable style this book defines global economics in terms a non economist can appreciate and describes how the global economy dominates people from sweatshop workers in Bangladesh to coffee farmers in Central America to citizens of northern democracies The second half of the book offers a fresh look at biblical insights on wealth and its usage and at the New Testament concept of principalities and powers Finally *Free People* suggests ways for Christians to live humanly in these times by looking at the lives of specific people who in simple practical ways resist the dehumanizing power of global economics *Forbidden Bookshelf's Resistance in America Collection* Nancy Howell Lee,Peter Dale Scott,Bertram Gross,2017-06-13 From creeping capitalism to abortion to government corruption these three books shed light on controversial topics that are too often left in the dark Curated by NYU professor Mark Crispin Miller the *Forbidden Bookshelf* series resurrects books from America's repressed history All touching on bold and debated topics these three books are more relevant today than ever *Friendly Fascism* Bertram Gross a presidential adviser in the New Deal era explores the insidious way that capitalist politics could subvert America's constitutional democracy First published over three decades ago this book predicted the threats and realities that occur when big business and big government become bedfellows while demonstrating how US citizens can build a truer democracy *The Search for an Abortionist* Nancy Howell Lee's eye opening account reveals the dangerous and illegal options for women seeking an abortion before *Roe v Wade* Based on interviews with 114 women this groundbreaking work takes an intimate look at the abortion process Dallas 63 Peter Dale Scott exposes the deep state an intricate network within the American government linking Wall Street influence corrupt bureaucracy and the military industrial complex Since World War II its power has grown unchecked and nowhere has it been more apparent than at Dealey Plaza on November 22 1963 Scott details the CIA and FBI's involvement in the JFK assassination and shows how events like Watergate the Iran Contra affair and 9 11 are all connected to this behind the scenes web of corruption *The Cambridge Companion to Postmodern Theology* Kevin J. Vanhoozer,2003-07-31 Postmodernity allows for no absolutes and no essence Yet theology is concerned with the absolute the essential How then does theology sit within postmodernity Is postmodern theology possible or is such a concept a contradiction in terms Should theology bother about postmodernism or just get on with its own thing Can it Theologians have responded in many different ways to the challenges posed by theories of postmodernity In this introductory 2003 guide to a complex area editor Kevin J Vanhoozer addresses the issue head on in a lively survey of what talk about God

might mean in a postmodern age and vice versa The book then offers examples of different types of contemporary theology in relation to postmodernity while the second part examines the key Christian doctrines in postmodern perspective Leading theologians contribute to this clear and informative Companion which no student of theology should be without *The Fall of the Prison* Lee Griffith,1999-01-25 Even as America s prison system is expanding at an unprecedented rate Lee Griffith makes a startling proposal in this book abolish prisons To make his case Griffith thoroughly examines prisons from the perspectives of sociology theology history and biblical exegesis Bolstered with extensive documentation as well as lively anecdotal evidence this compelling radical book is bound to stir up serious discussion **Introducing Christian Ethics** Samuel Wells,Ben Quash,2010-02-22 This comprehensive textbook redefines the field of Christian Ethics highlighting distinctions between ethical approaches and offering thoughtful insights into the complex moral challenges facing people today Redefines the field of Christian ethics along three strands universal ethics for anyone subversive ethics for the excluded and ecclesial ethics for the church Offers students substantially more than many texts most of which focus solely on issues approaches or key figures in Christian ethics this books covers all Jesus and the Powers N. T. Wright,Michael F. Bird,2024-03-26 An urgent call for Christians everywhere to explore the nature of the kingdom amid the political upheaval of our day Should Christians be politically withdrawn avoiding participation in politics to maintain their prophetic voice and to keep from being used as political pawns Or should Christians be actively involved seeking to utilize political systems to control the levers of power In Jesus and the Powers N T Wright and Michael F Bird call Christians everywhere to discern the nature of Christian witness in fractured political environments In an age of ascending autocracies in a time of fear and fragmentation amid carnage and crises Jesus is king and Jesus s kingdom remains the object of the church s witness and work Part political theology part biblical overview and part church history this book argues that building for Jesus s kingdom requires confronting empire in all its forms This approach should orient Christians toward a form of political engagement that contributes to free democratic societies and vigorously opposes political schemes based on autocracy and nationalism Throughout Wright and Bird reflect on the relevance of this kingdom oriented approach to current events including the Russian Ukraine conflict the China Taiwan tension political turmoil in the USA UK and Australia and the problem of Christian nationalism **The Power of the Church** Michael R. Wagenman,2020-11-20 It is fascinating that in all the media reports and discussions of the church s abuse of power in the early years of the twenty first century few if any seemed to notice that the accusation of the church s misuse of power presupposed a shared understanding of the positive use of power within the church that had been violated Rather than an interest in the sociological aspect of this question this book examines the more ontological and normative aspects of it That is it investigates and discerns the foundational theological framework of culture and society and the location and purpose of the church within them As a cultural force and societal institution what does the church constructively bring to the human community Power and Practices Jeremy Bergen,Anthony G. Siegrist,2009-08-18

A new generation engages the theology of John Howard Yoder These essays wrestle with questions of power and its implications for social practices including policing nonviolence sexism governmentality dialogue political critique theological construction and the work of inheriting a theological tradition The authors and their approaches to Yoder s work are diverse They bring a wide array of backgrounds to the task from activism and church leadership to advanced studies and the professorate What each has in common is an instinct to place Yoder s work into new conversations and to examine it through new lenses Authors include Chris K Huebner Nekeisha Alexis Baker Paul Martens John C Nugent and Paul C Heidebrecht

Propaganda and Power in the Age of Globalization Simon Sherratt,2024-08-15 Following victory in World War II the US and Western Europe claimed to be the champions of the political ideals of democracy and freedom along with the economic ideal of free market capitalism Two decades into the twenty first century these once noble ideals have been reduced to little more than myths myths that bear scant resemblance to the realities of the powerful political and economic forces that dominate the Western world This book examines the dangerous prospects we face as the societies built upon these myths begin to fragment and crumble In an open and accessible style this book argues that much of the confusion that currently plagues the West is due to the fact that its social economic and political systems are saturated by a little understood and rarely acknowledged system of propaganda This book seeks to clear away this propagandistic facade in order to reveal where power really lies in Western societies examining how this power functions and how it has corrupted the ideals of democracy freedom and capitalism to suit its own ends This volume will be of value to those interested in modern history and social and political history

In the Days of Caesar Amos Yong,2010-09-14 In the Days of Caesar is a constructive political theology formulated in sustained dialogue with the Pentecostal and charismatic renewal one of the most vibrant religious movements at the beginning of the twenty first century Amos Yong here argues that the many tongues practices and gifts of renewal Christianity offer up new resources for thinking about how Christian community can engage and transform the social political and economic structures of the world Yong has three goals here First he seeks to correct stereotypes of Pentecostalism both political and theological Secondly he aims to provoke Pentecostals to reflect theologically from out of the depths of their own Pentecostalism rather than merely to adopt some framework for theological or political self understanding Finally Yong shows that a distinctively Pentecostal form of theological reflection is not a parochial activity but has constructive potential to illuminate Christian belief and practice This book s engagement with political theology from a Pentecostal perspective is the first of its kind

Healing Affluenza and Resisting Plutocracy Ched Myers,2025 Myers offers fresh socio literary analysis of and engaged commentary on the Third Gospel He shows how amid our modern crisis of socioeconomic disparity Luke s vision of Sabbath Economics can build social imagination among communities of faith and justice and animate personal and political practices of systemic change

Oil, Power, and War Matthieu Auzanneau,2020-02-20 The story of oil is one of hubris fortune betrayal and destruction It is the story of a resource that has been undeniably central to the

creation of our modern culture and ever present during the darkest exploits of empire the world over For the past 150 years oil has become the most essential ingredient for economic military and political power And it has brought us to our present moment in which political leaders and the fossil fuel industry consider extraordinary and extraordinarily dangerous policy on a world stage marked by shifting power bases Upending the conventional wisdom by crafting a people s history award winning journalist Matthieu Auzanneau deftly traces how oil became a national and then global addiction outlines the enormous consequences of that addiction sheds new light on major historical and contemporary figures and raises new questions about stories we thought we knew well What really sparked the oil crises in the 1970s the shift away from the gold standard at Bretton Woods or even the financial crash of 2008 How has oil shaped the events that have defined our times two world wars the Cold War the Great Depression ongoing wars in the Middle East the advent of neoliberalism and the Great Recession among them With brutal clarity Oil Power and War exposes the heavy hand oil has had in all of our lives and illustrates how much heavier that hand could get during the increasingly desperate race to control the last of the world s easily and cheaply extractable reserves
