Resolving Conflict in Africa Leonard William Doob,

Resolving Deep-Rooted Conflicts Herbert C. Kelman, 2016-07-15

This book is a collection of articles and essays by Professor Herbert C. Kelman, a leading figure in the conflict resolution community and one of the most influential peace researchers. Professor Kelman, a social psychologist, has been a pioneer of conflict resolution and peace research, and his work in conflict resolution has included a decades-long action research program on the Arab-Israeli conflict, which has seen the development of Interactive Problem Solving Workshops, an approach which has had a deep impact not only on research but also on the practice of conflict resolution around the world and especially in the Middle East. Focusing on Kelman's conflict resolution-related work, this volume comprises an important collection of articles written by Kelman across his career as academic and practitioner. By bringing together these carefully selected articles, the book offers a concise overview of the body of Kelman's work and his intellectual biography. It traces the origins of the field of conflict resolution, the development of the study and practice of Interactive Problem Solving Workshops, and the wider challenges faced by conflict resolution research and practice. This book will be of much interest to students of peace and conflict studies, conflict resolution psychology, and IR in general.

Interactive Conflict Resolution Ronald J. Fisher, 1997-06-01
Interactive Conflict Resolution is the first book to comprehensively examine this innovative technique for peacebuilding. Impartial third parties through facilitated dialogue and focused analysis bring together unofficial representatives of groups or nations engaged in protracted violent conflict. Ronald J. Fisher discusses the works of major theorists as they have applied this technique to situations in Israel, Palestine, Northern Ireland, India, Pakistan, and Cyprus, among others. He describes various methods, including intercommunal dialogue, interactive problem solving, third-party consultation, and the psychodynamic approach. Comprehensive in scope, Interactive Conflict Resolution also explores how this technique can be used in conjunction with official diplomacy and other methods of third-party negotiations, including mediation and prenegotiations. Fisher also addresses the critical areas which threaten the field, such as funding and institutionalization, and pinpoints the major challenges he sees in the years ahead.

Conflict Resolution Theory and Practice Dennis J. D. Sandole, Hugo Van der Merwe, 1993

Resolving International Conflicts Jacob Bercovitch, 1996
Mediation is one of the most important methods of settling conflicts in the post-Cold War world. This text represents the most recent trends in the process and practice of international mediation.

Peace in Turkey 2023 Tim Jacoby, Alpaslan Özerdem, 2013-01-01
Peace in Turkey 2023: The Question of Human Security and Conflict Transformation by Tim Jacoby and Alpaslan Özerdem explores how the Kurdish conflict could possibly be transformed towards positive peace. By drawing on peace, conflict transformation, and human security theories, Peace in Turkey 2023 seeks to redress a long-felt concern in Turkey: how to address the current challenge of establishing sustainable peace in the country. What will Turkey look like at its Republic's centenary celebrations in 2023? Will

it be able to resolve the Kurdish crisis through peaceful means and successfully transform the conflict towards positive peace Will it be a country of peace prosperity rule of law and democracy or will the current violence intensify and continue to polarize society To address these questions Jacoby and Zerdem use scenario writing derived from peace theory to highlight new ways to consider political violence and the future of Turkey this study will appeal to both specialist and non specialist students and teachers from a diverse range of disciplinary backgrounds **Conflict** Sandra Cheldelin, Daniel

Druckman, Larissa A. Fast, 2003-08-13 This major new textbook analyses the emergent role of conflict analysis and resolution Cheldelin Druckman and Fast are all based at the Institute for Conflict Analysis and Resolution and are international experts in the field of conflict Covering theory research and practice the authors provide a comprehensive typology of conflict as well as an in depth analysis of the structural strategic and cultural factors which influence conflict They explore its management and resolution paying particular attention to the concepts of negotiation mediation and peace building **Africa in the**

United Nations System Wellington Winter Nyangoni, 1985 Study of the role of African member states in the UN and specialized agencies and their impact on international relations examines African membership in the UN and African representation in the UN international civil service comments on UN Resolutions of the General Assembly and Security Council concerning the independence of Namibia role of Portugal in her colonies and Zimbabwe and Apartheid in South Africa R describes the organization of the OAU and its regional cooperation with UN regional agencies considers the role of UN

Using Conflict in Organizations Carsten K W De Dreu, Evert Van de Vliert, 1997-11-24 This text is unique in looking at the positive effects of conflict in groups and organizations The book is able to provide a general theoretical framework and a sharp focus on thematic issues *Contemporary Conflict Resolution* Oliver Ramsbotham, Tom Woodhouse, Hugh

Miall, 2005-12-08 Offering an assessment of the theory and practice of conflict resolution in post Cold War conflicts this book addresses a number of questions It explores the nature of contemporary conflict and the development of conflict resolution

The Management of Conflict Marc Howard Ross, 1993-01-01 This text offers a cross cultural approach to conflict management It identifies key features of constructive conflict management societies and evaluates three strategies of conflict management showing how each succeeds or fails for example the hostility in Northern Ireland In Response to Aggression

Arnold P. Goldstein, Edward G. Carr, William S. Davidson, 2013-10-22 In Response to Aggression Methods of Control and Prosocial Alternatives describes and evaluates comprehensively what has been done in response to aggression with emphasis on aggression controls and alternatives The book is organized into four major parts These parts deal with aggression controls and alternatives specific for individual small group community and societal levels of intervention The book will lead to enhanced utilization of methods for aggression controls and alternatives and hence to widespread prosocial and constructive behaviors in response to aggression *Civilizational Dialogue and World Order* M. Michael, 2009-05-25 The book comes at a very critical moment in the debate on civilization and responds to the lack of scholarly attention by international relations

and political theorists as to how the discourse of dialogue of cultures religions and civilizations can contribute to the future of world order

Peacemaking in International Conflict I. William Zartman, 2007 This updated and expanded edition of the highly popular volume originally published in 1997 describes the tools and skills of peacemaking that are currently available and critically assesses their usefulness and limitations

Ronald J. Fisher: A North American Pioneer in Interactive Conflict Resolution Ronald J. Fisher, 2016-12-03 This edited volume presents selected papers focusing on Ronald Fisher's cumulative contributions to understanding destructive intergroup conflicts from a social psychological perspective and to the development and assessment of small group interactive methods for resolving them Highlights include schematic models of third party consultations intergroup conflicts and a contingency approach to third party intervention Overall the selected texts offer a comprehensive description and clear rationale for interactive conflict resolution and its unique contributions to peacemaking

Peacemaking Lynn Sandra Kahn, 1988 Peacemaking is the activity which transforms the energy of conflict into the energy of cooperative achievement A peacemaker is a third party consultant who helps people in conflict discover shared solutions where all sides feel like a winner Peacemaking presents technologies psychology theories and application of conflict management activities The key elements are face to face dialogue the analysis of conflict and shared solutions the use of third party facilitators feedback about group dynamics clear conference design and systems thinking

Second Track/citizens' Diplomacy John Davies, Edy Kaufman, Edward (Edy) Kaufman, 2003 Almost all current wars are primarily intra state involving complex societal conflicts with at least one party a non state community Second Track Citizens Diplomacy is broadly defined as facilitated dialogue to address conflict issues between unofficial representatives or equivalent opinion leaders from communities in conflict It is an essential complement to official first track diplomacy for responding to the enormous challenge that these complex conflicts pose to building a sustainable and dynamic peace In this volume prominent contributors explain the development theory and current practice of second track diplomacy They examine the dynamics of modern complex conflicts such as those in Sri Lanka Israel Palestine Cyprus or the Caucasus Exploring innovative problem solving methodologies the book provides a detailed program for guiding Partners in Conflict in the search for common ground and analyzes core issues that arise in the practice and evaluation of second track diplomacy This book will be valuable to both academics and professionals involved in first or second track diplomacy or interested in integrative methods of dispute resolution or conflict prevention as well as to those working in development peace building or humanitarian programs at any phase of the conflict cycle

The Peacemakers Hugh Miall, 2016-07-27 The UN Charter commits member states to settle their disputes by peaceful means but despite this there have been only 26 days since 1945 in which armed conflict has not been underway Nevertheless many conflicts have been settled without war since 1945 Drawing on case studies interviews with mediators contemporary theories of conflict resolution and a comparative analysis of over eighty peaceful and armed conflicts this book asks what can be learned from this historical experience

Moral Conflict W.

Barnett Pearce, Stephen W. Littlejohn, 1997-03-20 *Moral Conflict* the subject of this book is passionate and difficult to resolve Responses that are normally effective such as explaining persuading and compromising can make matters worse and drive people further apart in such conflicts Moral conflicts occur when incommensurate social realities come to clash Disputes about abortion religion in politics and education legal rights for homosexuals and environmental politics are issues in which well intentioned parties have created polarized and diverse patterns of communication The most virtuous actions of each side not only fail but widen the schism Such conflicts require us to find forms of communication that go beyond our normal ways of dealing with disagreement In an original synthesis of communication theory and their own research W Barnett Pearce and Stephen W Littlejohn describe a dialectical tension between the expression and suppression of conflict that can be transcended in ways that lead to personal growth and productive patterns of social action In *Moral Conflict* several projects are described as practical examples of these new ways of working through difficult struggles
