Resource Manager Mathland Journeys Through Mathematics Grade 5:

A Journey Through Math-Land Reza Noubary, 2021-11-02 If you look at math by eyes you see symbols by brain knowledge by heart truth and by soul God This book is about flying over math land enjoying the view and landing safely It seems inconceivable how much we rely on mathematics numbers in our daily lives and how natural it feels Our birth is announced by a set of numbers representing the time date and our height and weight We become a functioning member of society only after a Social Security number is assigned to us Our health and fitness are evaluated using numbers representing our blood pressure heart rate body temperature and so on From that point onward every action performed and every life encountered becomes part of our ongoing use of mathematics numbers This book traces applications of mathematics The goal is to find a way to delight readers about the discipline and open the door for them to see its beauty by presenting a variety of applications It is particularly useful for the individuals with some mathematics background or interests
