Development and the Politics of Human Rights Scott Nicholas Romaniuk, Marguerite Marlin, 2015-12-15 Despite decades spent confronting human rights violations around the world particularly in regions of instability the issue remains one of the most divisive chaotic and challenging to address Development and the Politics of Human Rights takes a much needed holistic approach It unpacks the questions of human advocacy and policy identifies tra The Dry Forests and Woodlands of Africa Emmanuel N. Chidumayo, Davison J. Gumbo, 2010 The dry forests and woodlands of Sub Saharan Africa are major ecosystems with a broad range of strong economic and cultural incentives for keeping them intact However few people are aware of their importance compared to tropical rainforests despite them being home to more than half of the continent's population This unique book brings together scientific knowledge on this topic from East West and Southern

Africa and describes the relationships between forests woodlands people and their livelihoods Dry forest is defined as vegetation dominated by woody plants primarily trees the canopy of which covers more than 10 per cent of the ground surface occurring in climates with a dry season of three months or more This broad definition wider than those used by many authors incorporates vegetation types commonly termed woodland shrubland thicket savanna wooded grassland as well as dry forest in its strict sense The book provides a comparative analysis of management experiences from the different geographic regions emphasizing the need to balance the utilization of dry forests and woodland products between current and future human needs Further the book explores the techniques and strategies that can be deployed to improve the management of African dry forests and woodlands for the benefit of all but more importantly the communities that live off these vegetation formations Thus the book lays a foundation for improving the management of dry forests and woodlands for the wide range of products and services they provide
