Responsibility Of Parent Companies For Their Subsidiaries

Derek French

Responsibility Of Parent Companies For Their Subsidiaries:

Corporate Governance Duties and Responsibilities of Boards in Company Groups OECD,2020-06-03 This publication provides an overview of the duties and responsibilities of boards in company groups across 45 jurisdictions The introduction outlines the global landscape of company groups their economic role and the principal challenges they present with respect to corporate governance polices *Corporate Criminal Liability and Prevention* Richard S. Gruner,2004 The book instructs corporate counsel on how to adopt forward looking compliance policies that can prevent criminal liability and how to mitigate the severity of penalties when they are unavoidable **Responsibility of parent companies for their subsidiaries** ,1980

Rethinking Corporate Crime James Gobert,Maurice Punch,2003-03 Critiques the application of the current criminal law system to corporate wrongdoing and assesses the potential for legal control of corporate criminality **Liability of Corporate Groups and Networks** Christian A. Witting,2018-01-11 What happens when a corporate subsidiary or network company is unable to pay personal injury victims in full This book sets out to tackle the insolvent entity problem especially as it arises in cases of mass wrongdoing such as those involving asbestos exposure and defective pharmaceuticals After discussing the nature of corporate groups and networks from the perspectives of business history organisation studies and social theory the book assesses a range of rules and proposed rules for extending liability for personal injuries beyond insolvent entities New proposals are put for an exception to the rule of limited liability and for the development of a flexible new tort based on conspiracy that encompasses not only control based relationships but also horizontal coordination between companies The book concludes with a general discussion of lessons learned from debates about extended liability and provides guidelines for the development of new liability rules **Corporate Responsibility Under the Alien Tort Statute** Michael Koebele,2009 The Alien Tort Statute also referred to as the Alien Tort Claims Act is a US statute that provides a cause of action for violations of international law While originally used against former dictators and military officials who fled to the U S after the respective governments in their home countries have been removed human rights activists are now targeting transnational corporations or multinational enterprises for human rights violations in connection with their investments made outside the United States This book examines and analyzes corporate liability under the Alien Tort Statute

Corporate Social Responsibility, Private Law and Global Supply Chains Andreas Rühmkorf,2015-07-31 Current debate surrounding social responsibility has neglected to fully comprehend the important role of national private law in achieving socially responsible conduct in business **Responsibility of Parent Companies for Their Subsidiaries** Organisation for Economic Co-operation and Development. Committee on International Investment and Multinational Enterprises,1980 *Responsibility of Parent Companies for Their Subsidiaries* Organisation for Economic Co-operation and Development,1980 This study consists of a comparative analysis by the OECD Secretariat and notes submitted by individual Member countries on the basis of a questionnaire **Business and Human Rights** Dalia Palombo,2020-02-06 This book

analyses the accountability of European home States for their failure to secure the human rights of victims from host States against transnational enterprises. It argues for a reconfiguration of the relationship between multinational enterprises and individuals both of which have been profoundly changed by globalisation. Enterprises are now supranational entities with numerous affiliates all over the world. Likewise individuals are increasingly part of a global community. Despite this the relationship between the two is deregulated. Addressing this gap this study proposes an innovative business and human rights litigation strategy. Human rights advocates could file a test case against a European home State at the European Court of Human Rights for its failure to secure the rights of victims vis vis European multinational enterprises. The book illustrates why such a strategy is needed and points to the lack of effective legal remedies against European multinationals. The goal is to empower victims from developing countries against European States which are failing to hold multinational enterprises accountable for human rights abuses.

Company Law Alan Dignam, John P. Lowry, 2022. The Core Text series takes the reader straight to the heart of the subject providing a reliable and invaluable guide for students of law at all levels. Written by leading academics and renowned for their clarity these concise texts explain the intellectual challenges of each area of the law. Company Law gives a clear and authoritative account of key principles covering all of the essential concepts in a way that demystifies this complex area of law without oversimplification. The text also includes valuable coverage of corporate governance and theory including the current debates surrounding these areas. Company Law provides the perfect balance between depth, concision and accessibility. Digital formats and resources. This edition is available for students and institutions to purchase in a variety of formats. The e book offers a mobile experience and convenient access along with functionality tools, navigation features and links that offer extra learning support. www.oxfordtextbooks.co.uk/ebooks

Parental Liability in EU Competition Law Peter Whelan, 2023-08-10. In enforcing EU competition law the Commission employs a unique doctrine of parental antitrust liability: it imposes fines on the parent company of an infringing subsidiary in cases where the parent exercises decisive influence over the subsidiary's commercial policy. Critics of this contentious aspect of EU competition law believe that the doctrine is unfair, ineffective, obscure, disproportionate, contrary to due process and based upon a dubious if not extremely flimsy justificatory foundation. Such criticism raises serious and unanswered questions about the legitimacy of the Commission's efforts to enforce competition law. **Parental Liability in EU Competition Law: A Legitimacy Focused Approach** is the first monograph to be dedicated to this controversial topic. Written by Professor Peter Whelan, the book contends that although the general concept of parental liability can be justified in principle, the current EU level doctrine of parental antitrust liability in fact suffers from a distinct and problematic lack of legitimacy. More specifically, the said doctrine displays significant deficiencies with respect to effectiveness, fairness and legality. Given this undesirable state of affairs, **Parental Liability in EU Competition Law** offers a fully rationalised, reformulated approach to parental antitrust liability for EU competition law violations that is built around the notion of parental fault. That approach provides a solid normative

account of how to impose parental antitrust liability in a manner that is theoretically robust effective in practice fair in substance and legally sound *Managing Business Risk* Jonathan Reuvid,2012-12-03 Effective risk management the identification assessment and prioritization of risks is a vital consideration when looking to safeguard your company's commercial future and deal with the latest regulatory requirements *Managing Business Risk* will enable your company to maintain controls on risks that may threaten your business while at the same time delivering transparent reporting to your stakeholders The book examines the key areas of risk in today's competitive and complex business market Drawing on expert advice from leading risk consultants lawyers and regulatory authorities it shows you how to protect your business against a rising tide of business risks If you don't build risk controls into the structure of your company from the boardroom down then your business could be vulnerable to a number of threats both internal and external Identify and neutralise them now and give your company a competitive advantage *Business and Human Rights* Florian Wettstein,2022-03-24 The first of its kind this comprehensive interdisciplinary textbook in business and human rights coherently incorporates ethical legal and managerial perspectives This path breaking textbook will be a valuable introductory resource for students instructors and researchers in business public policy and law schools *Comparative Company Law* Carsten Gerner-Beuerle,Michael Schilling,2019 *Comparative Company Law* provides a systematic and coherent exposition of company law across jurisdictions augmented by extracts taken from key judgments legislation and scholarly works It provides an overview of the legal framework of company law in the US the UK Germany and France as well as the legislative measures adopted by the EU and the relevant case law of the Court of Justice The comparative analysis of legal frameworks is firmly grounded in legal history and legal and economic theory and bolstered by numerous extracts including extracts in translation that offer the reader an invaluable insight into how the law operates in context The book is an essential guide to how company law cuts across borders and how different jurisdictions shape the corporate lifespan from its formation by way of incorporation to its demise corporate insolvency and eventual dissolution In addition it offers an introduction to the nature of the corporation the framework of EU company law incorporation and corporate representation agency problems in the firm rights of stakeholders and shareholders neutrality and defensive measures in corporate control transactions legal capital piercing the corporate veil and corporate insolvency and restructuring law *Mayson, French & Ryan on Company Law* Derek French,2021 *Mayson French Ryan on Company Law* is the ideal companion for students looking for a comprehensive and straightforward account of company law With hallmark clarity this new edition continues the tradition of providing accurate technical detail examination of theory and quotations from key cases The content has been streamlined with modern company law courses in mind and presented in numerous helpful features Consistently praised for thorough yet accessible handling of the law *Mayson French Ryan on Company Law* has positioned itself as the go to company law text for the modern student Digital formats and resources This edition is available for students and institutions to purchase in a variety of formats

and is supported by online resources The e book offers a mobile experience and convenient access along with functionality tools navigation features and links that offer extra learning support www.oxfordtextbooks.co.uk/ebooks This edition is also accompanied by a selection of online resources to support and further student learning including four bonus chapters on transparency accounts marketable loans and legal forms for businesses

Business and Human Rights Dorothée Baumann-Pauly, Justine Nolan, 2016-04-28 In a global economy multinational companies often operate in jurisdictions where governments are either unable or unwilling to uphold even the basic human rights of their citizens The expectation that companies respect human rights in their own operations and in their business relationships is now a business reality that corporations need to respond to **Business and Human Rights From Principles to Practice** is the first comprehensive and interdisciplinary textbook that addresses these issues It examines the regulatory framework that grounds the business and human rights debate and highlights the business and legal challenges faced by companies and stakeholders in improving respect for human rights exploring such topics as the regulatory framework that grounds the business and human rights debate challenges faced by companies and stakeholders in improving human rights industry specific human rights standards current mechanisms to hold corporations to account future challenges for business and human rights With supporting case studies throughout this text provides an overview of current themes in the field and guidance on practical implementation demonstrating that a thorough understanding of the human rights challenges faced by business is now vital in any business context

Board Directors and Corporate Social Responsibility S. Boubaker, D. Nguyen, 2012-11-14 This volume introduces readers to recent developments in the fields of board of directors and corporate social responsibility It also provides new insights and perspectives on corporate governance practices in different countries

From Corporate Social Responsibility to Corporate Social Liability Anna Aseeva, 2021-05-20 This book provides a critical socio legal study that brings together the latest scholarly advances on corporate social responsibility and at the same time addresses the pressing issue of corporate liability for harmful acts across the supply and production chains Corporations have seldom been held responsible and virtually never liable for the acts of their subsidiaries and subcontractors Actors as different as workers investors individual consumers and shareholder activists claim that corporations should accept greater responsibility for communities and environments affected by their activities The book argues that a global value chain s head corporations remain immune to any liability because of the economically dependent legally independent relationships between core corporations and their periphery suppliers and subcontractors To tackle this problem globally the author acknowledges that we as a society need to reduce the economic dependence as described above which is far too excessive by ensuring a level playing field both economically and socially More concretely she argues that in order to realise transnational corporate liability we as lawyers need to find a way or ways to establish legally effective relationships between head corporations and their economically dependent entities Readers of this book will be able to export the concept of corporate social liability developed in the

context of value chains and apply it to other contexts involving corporate activities where they need to tackle unrestrained corporate freedom and make global businesses responsible and socially useful

The Handbook of Board Governance

Richard Leblanc, 2016-05-16

Build a more effective board with insight from the forefront of corporate governance

Responsibility Of Parent Companies For Their Subsidiaries Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project

Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Responsibility Of Parent Companies For Their Subsidiaries free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Responsibility Of Parent Companies For Their Subsidiaries free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Responsibility Of Parent Companies For Their Subsidiaries free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Responsibility Of Parent Companies For Their Subsidiaries. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Responsibility Of Parent Companies For Their Subsidiaries any PDF files. With these platforms, the world of PDF downloads is just a click away.
