Restoration And Eighteenth Century Comedy:

The Broadview Anthology of Restoration and Eighteenth-Century Comedy Brian Corman, 2013-01-21 The ten plays in this new collection show both the continuity and the changes in comedy over the course of the Restoration and eighteenth century Each play includes its original prologue and epilogue as well as an historical introduction and full annotation The editor's Introduction provides a rich historical and literary context for the plays composition and production A glossary of frequently used words likely to be unfamiliar to general readers is also included

Restoration and Eighteenth-century Comedy Scott McMillin, 1973 The five plays included in this volume William Wycherley's *The Country Wife* Sir George Etherege's *The Man of Mode* William Congreve's *The Way of the World* Sir Richard Steele's *The Conscious Lovers* and Richard B Sheridan's *The School for Scandal* are the most distinguished comedies written during an especially exciting and innovative period in the London theater and English society This Norton critical edition offers an authoritative text for each play and a unique collection of documents and critical essays ranging from Charles Lamb to the present for a deeper understanding of them

The Broadview Anthology of Restoration and Early Eighteenth Century Drama: Concise Edition J. Douglas Canfield, Maja-Lisa von Sneidern, 2003-04-17 The Broadview Anthology of Restoration and Early Eighteenth Century Drama Concise Edition with twenty one plays is half the length of the full anthology without compromising its breadth Concentrating on plays from the heyday of 1660-1737 it focuses on Restoration drama proper and Revolution drama with a selection from the early Georgian period and the later Georgian period's laughing comedy Seven of the nine sub-genres personal tragedy tragicomic romance social comedy subversive comedy corrective satire menippean satire and laughing comedy of the full anthology are represented with the preponderance of exposure given to the jewel of this theatre its comedy Each play is fully annotated and prefaced with an historical introduction Also included are a general introduction a statement of procedures and a glossary

Producing Restoration and Eighteenth-century Comedy Roberta Hardy Baker, 1948

Tricksters & Estates J. Douglas Canfield, 1997-01-01 These comedies are full of tricksters attempting to gain estates the emblem and the reality of power in late feudal England The tricksters appear in a number of guises such as heroines landing their men younger brothers seeking estates or Cavaliers threatened with dispossession

Coyness and Crime in Restoration Comedy Peggy Thompson, 2011-11-25 *Coyness and Crime in Restoration Comedy* examines the extraordinary focus on coy women in late seventeenth century English comedy Plays by Etherege Wycherley Dryden Behn Shadwell Congreve Trotter Southerne Vanbrugh and Pix as well as much modern scholarship about them taint almost all feminine modesty with intimations of duplicity and illicit desire that must be contained Forceful responses by men therefore are implicitly exonerated encouraged and eroticized In short characters become women by performing coyness only to be mocked and punished for it Peggy

Thompson explores the disturbing dynamic of feminine coyness and masculine control as it interacts with reaffirmations of church and king anxiety over new wealth and emerging interests in liberty novelty and marriage in late seventeenth century England Despite the diversity of these contexts the plays consistently reveal women caught in an ironic and nearly intractable convergence of objectification and culpability that allows them little innocent sexual agency This is both the source and the legacy of coyness in Restoration comedy

Cultural Readings of Restoration and Eighteenth-Century English Theater Deborah Payne Fisk, J. Douglas Canfield, 2010-12-01 Ranging in approach from feminist to historicist the eleven essays in this collection share the culturalist premise that the drama of late Stuart and early Georgian England helped to constitute the dominant ideology of the period The contributors varied approaches allow for the reconsideration of libertinism the politics of sexual desire and other classic issues as well as such newer concerns as the social construction of the first English actresses empiricism as an emergent epistemological discourse cultural anxiety about novelty and repetition and shifting tropes of inherent worth By reading well known works in unexpected ways and focusing on less frequently studied dramatists from Sedley Motteux Pix and Behn to Manley Trotter and Shadwell the contributors also test the limits of the canon In addition they suggest that earlier critical perceptions perhaps even more than the innate worth of the plays determined the shape of the canon These essays present a different image of Restoration and eighteenth century theater one that reveals how the drama was a site as important for the negotiation of cultural meaning as were novels and verse satires

Restoration and Eighteenth-century Comedy. Authoritative Texts of The Country Wife, The Man of Mode, The Way of the World Scott McMillin (comp), 1973 Restoration and Eighteenth-century Comedy Scott McMillin, 1973

English Drama Richard W. Bevis, 2014-06-06 What were the causes of Restoration drama's licentiousness How did the elegantly turned comedy of Congreve become the pointed satire of Fielding And how did Sheridan and Goldsmith reshape the materials they inherited In the first account of the entire period for more than a decade Richard Bevis argues that none of these questions can be answered without an understanding of Augustan and Georgian history The years between 1660 and 1789 saw considerable political and social upheaval which is reflected in the eclectic array of dramatic forms that is Georgian theatre's essential characteristic

Restoration and Eighteenth-century Comedy. Anderson, 2002-02-22 Aphra Behn Susannah Centlivre Hannah Cowley and Elizabeth Inchbald were the only four female playwrights in England with multiple comic successes from 1670 1800 Behn's interest in the body Centlivre's fascination with written contracts Cowley's nationalism and Inchbald's discussion of divorce emerge in the comic events that are animated by the psychological mechanisms of humor Attending to the dialogue between these comic events and the plays more predictable comic endings illuminates the philosophical political and legal arguments about

women and marriage that fascinated both female playwrights and the theatergoing public *Popular Plays by Women in the Restoration and Eighteenth Century* Tanya M. Caldwell, 2011-06-30 This anthology offers a selection of popular dramatic works by female playwrights from Aphra Behn in the 1670s through Hannah Cowley in the later eighteenth century These plays were successful as plays of their time not just as plays by women together providing evidence that women dramatists often managed better than their male counterparts to please diverse audiences who were notoriously fickle as well as predisposed to oppose them Accessible to both graduates and undergraduates *Popular Plays by Women* shows how these playwrights captured audiences through wit social awareness and dramatic dexterity As well as including the prologues and epilogues of the four plays presented this anthology provides additional materials in which female playwrights discuss the prejudices and special difficulties they face *A Cultural History of Comedy in the Age of Enlightenment* Elizabeth Kraft, 2021-12-30 This volume highlights the variety of forms comedy took in England with reference to developments in Europe particularly France during the European Enlightenment It argues that comedy in this period is characterized by wit satire and humor provoking both laughter and sympathetic tears Comic expression in the Enlightenment reflects continuities and engagements with the comedy of previous eras it is also noted for new forms and preoccupations engendered by the cultural philosophical and political concerns of the time including democratizing revolutions increasing secularization and growing emphasis on individualism Discussions emphasize the period's stage comedy and acknowledge comic expression in various forms of print media including the emerging literary form we now know as the novel Contributions from scholars reflect a wide variety of interests in the field of 18th century studies and the inclusion of a generous number of illustrations throughout demonstrates that the period's visual culture was also an important part of the Enlightenment comic landscape Each chapter takes a different theme as its focus form theory praxis identities the body politics and power laughter and ethics These eight different approaches to Enlightenment comedy add up to an extensive synoptic coverage of the subject
