## Restoration And Eighteenth Century Literature Essays:

*His and Hers* Ann Messenger, 2021-10-21 Exploring territory seldom visited by feminist scholars Ann Messenger in this new book presents eight studies of literary relationships between men and women writers ranging from the Restoration to the end of the eighteenth century The essays show men and women working together praising and criticizing each other's work borrowing and changing each other's plots and characters recording their different perceptions of their common world From Dryden's praise of Anne Killigrew through Gay's and Lady Mary Wortley Montagu's collaboration on a town eclogue Thomas Southerne's dramatizations of novels by Aphra Behn and Eliza Haywood's version of the Spectator to Cornelia Knight's sequel to *Rasselas* these relationships demonstrate that men and women writers inhabited the same literary world shared the traditions of the mainstream of English literature Most of the women have since faded from view But Messenger suggests the time has come to rediscover them to reassess their work and to revise the commonly accepted canon of literature accordingly Although most of the studies deal with the way women's writing responds to writing by men the Afterword combats the charge that the women's work is derivative Free of critical jargon and ideological strait jacketing *His and Hers* makes some little known writers available and interesting to specialists and nonspecialists feminists and traditionalists alike while it sheds new light on some of the most familiar figures of the period The Appendix reprints some of the shorter works which have been analyzed in detail and summaries in the text help to compensate for the unavailability of some of the women's books The comparative approach suggests a wide and rich field for further research

**Cultural Readings of Restoration and Eighteenth-Century English Theater** Deborah Payne Fisk, J. Douglas Canfield, 2010-12-01 Ranging in approach from feminist to historicist the eleven essays in this collection share the culturalist premise that the drama of late Stuart and early Georgian England helped to constitute the dominant ideology of the period The contributors varied approaches allow for the reconsideration of libertinism the politics of sexual desire and other classic issues as well as such newer concerns as the social construction of the first English actresses empiricism as an emergent epistemological discourse cultural anxiety about novelty and repetition and shifting tropes of inherent worth By reading well known works in unexpected ways and focusing on less frequently studied dramatists from Sedley Motteux Pix and Behn to Manley Trotter and Shadwell the contributors

also test the limits of the canon In addition they suggest that earlier critical perceptions perhaps even more than the innate worth of the plays determined the shape of the canon These essays present a different image of Restoration and eighteenth century theater one that reveals how the drama was a site as important for the negotiation of cultural meaning as were novels and verse satires

**Parody, Scriblerian Wit and the Rise of the Novel** Przemysław Uściński, 2017-03-31 Parody was a crucial technique for the satirists and novelists associated with the Scriblerus Club The great eighteenth century wits Alexander Pope John Gay Henry Fielding Laurence Sterne often explored the limits of the ugly the droll the grotesque and the insane by mocking distorting and deconstructing multiple discourses genres modes and methods of representation This book traces the continuity and difference in parodic textuality from Pope to Sterne It focuses on polyphony intertextuality and deconstruction in parodic genres and examines the uses of parody in such texts as *The Beggar's Opera* *The Dunciad* *Joseph Andrews* and *Tristram Shandy* The book demonstrates how parody helped the modern novel to emerge as a critical and artistically self conscious form

**The World of Pope's Satires** Peter Dixon, 2022-01-29 First published in 1968 *The World of Pope's Satires* is a stimulating and challenging book showing how the satires written by Pope during the 1730s were not only expressions of his own poetic personality but were also responsive to the habits and attitudes of the age The author considers Pope's uses of some current conversational technique especially that of raillery and of the closely related social ideal of the cultivated gentleman Pope's regard for certain personal attributes and moral values notably hospitality integrity friendship charity and self knowledge is examined in two ways as it expresses itself positively in the satires and as it is defined negatively by his antipathy towards courtly self seeking and hypocrisy contemporary manifestations of acquisitiveness and the pride associated with neo stoicism The final chapter is wide ranging and shows that although Pope is at times representative and therefore limited in his response to the pressures and uncertainties of the age his satires live because of the subtlety of his treatment of such Augustan commonplaces as Order and Balance and the passion and spirit of his writing This will be an interesting read for students of English literature
